Student Council

Dear friends, teachers, students and Freshmen

The reason for my immense popularity and number of followers is the group of people on the opposite page, Student Council. This year, council has been responsible for many activities, and to list them all would take up this whole page. To thank all of the responsible people would not only be long, but also extremely emotional for me. I'll save my tears for graduation. There are a few people that deserve special recognition, though. Today's Rumor of the Week is about Holly Atkinson, the best Commissioner of Communications ever. It is rumored that Holly is secretly in love with Bob Gates and that they plan to elope to the Far East and start a Japanese Soap Opera. Dana Brody, the poster-making Commissioner of Publicity, deserves special recognition of merit, so a special, "Thanks, I love you" is dedicated just to her. One day I'll be President of the United States and I'll beg the 1980-81 Student Council to be my Cabinet. My Presidential advisor will be James Christianson; Mr. C. to all of you. I thank him, especially for his patience and guidance; never have I met a nicer man. This year has been special for me. Being chosen to be the leader of this school brought many responsibilities my way. I look back on this year and believe it a success, three other guys have pierced their ears, the spirit of Agoura is "sky high", and I almost fell in love. The ones that deserve the most thanks are the members of the Agoura student body. Not only did they accept a lunatic for a president, but they made him feel like a leader besides.

Thanks,
David Kane

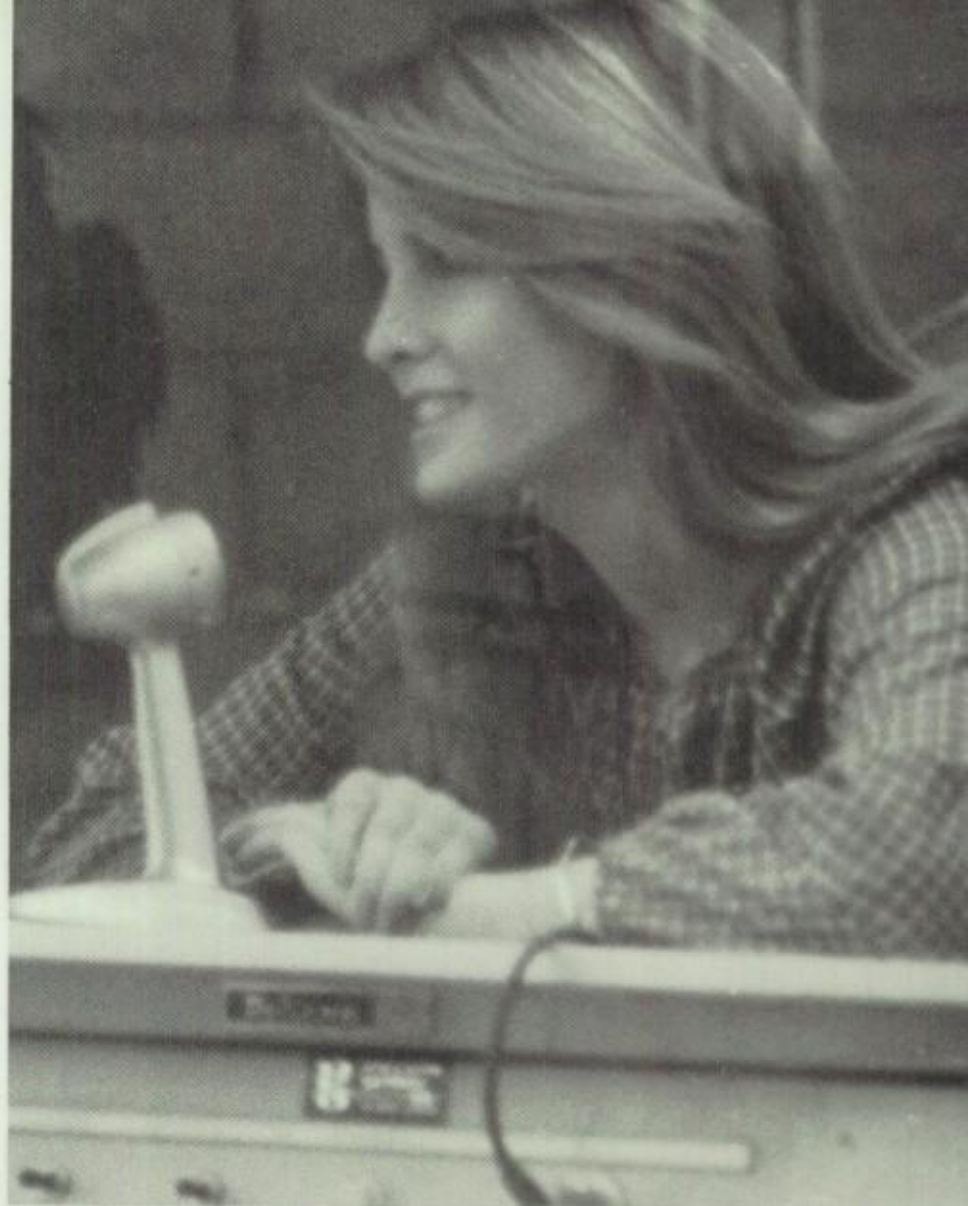

Holly At Random

Despite having to arrive at school at 7:30 every morning, criticisms from interested students and administrators in addition to frequent public humiliation, being Agoura's Commissioner of Communication has had its advantages. I mean where else could I practice being a newscaster, spread contraversial rumors, inform the school, and verbally abuse freshmen simultaneously. In all honestly "FRESHMAN AT RANSOM" was not intended to degrade freshman (God knows it's torture enough just being one) but to make Agoura's newest class feel a part of the school. As with "Rumor of the Week", "All My Chargers" and "Boy and Girl most likely to ...", Freshman at Ransom was all in fun - a sincere attempt to make the morning Announcements just a little more interesting. A little ridiculous, maybe, but you listened, didn't you?

One of the major reasons I wanted this job was because it would give me some experience in the Field I'm most interested in - the performing arts. And, who knows, maybe some day I'll be famous. Ten years from now you'll turn to Merv Griffin just in time to hear me announce **you** as "**Alumni at Random**".

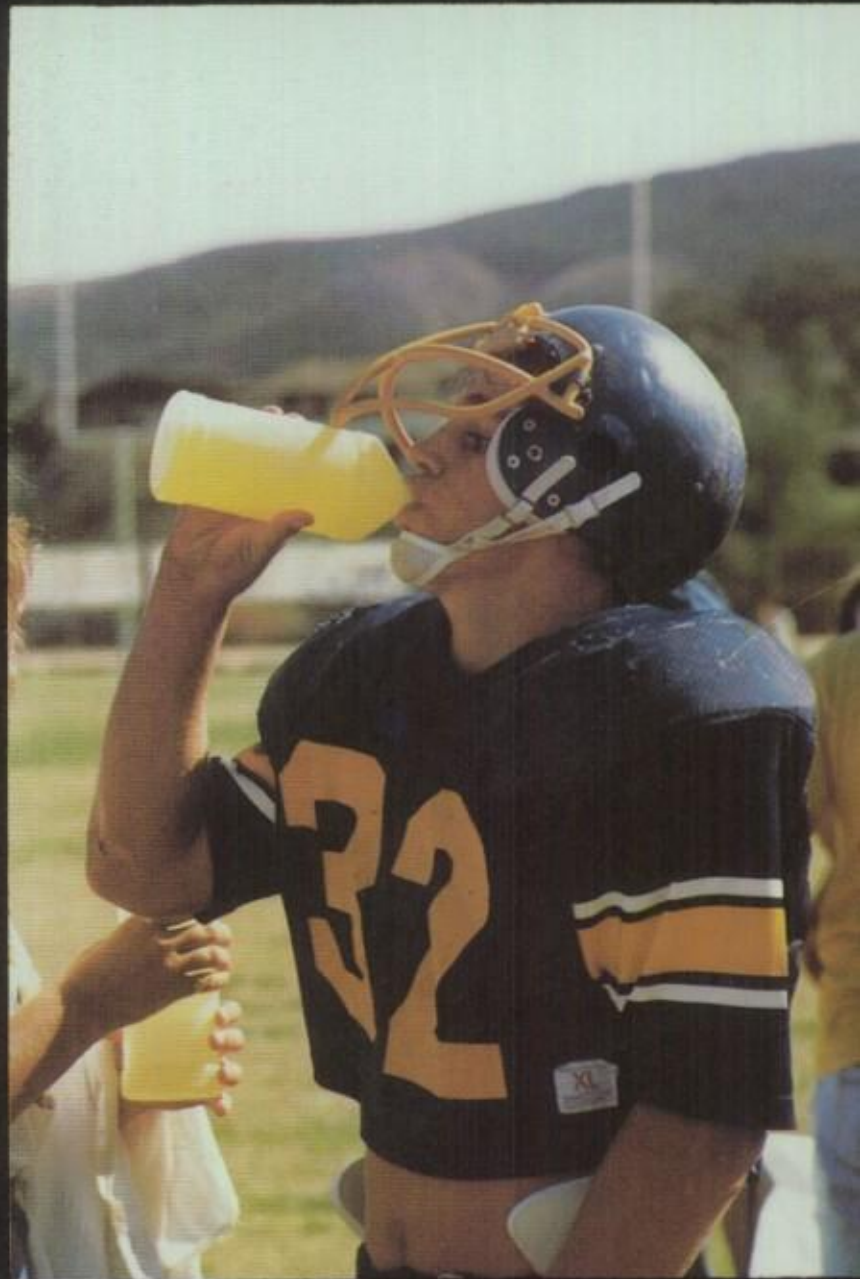

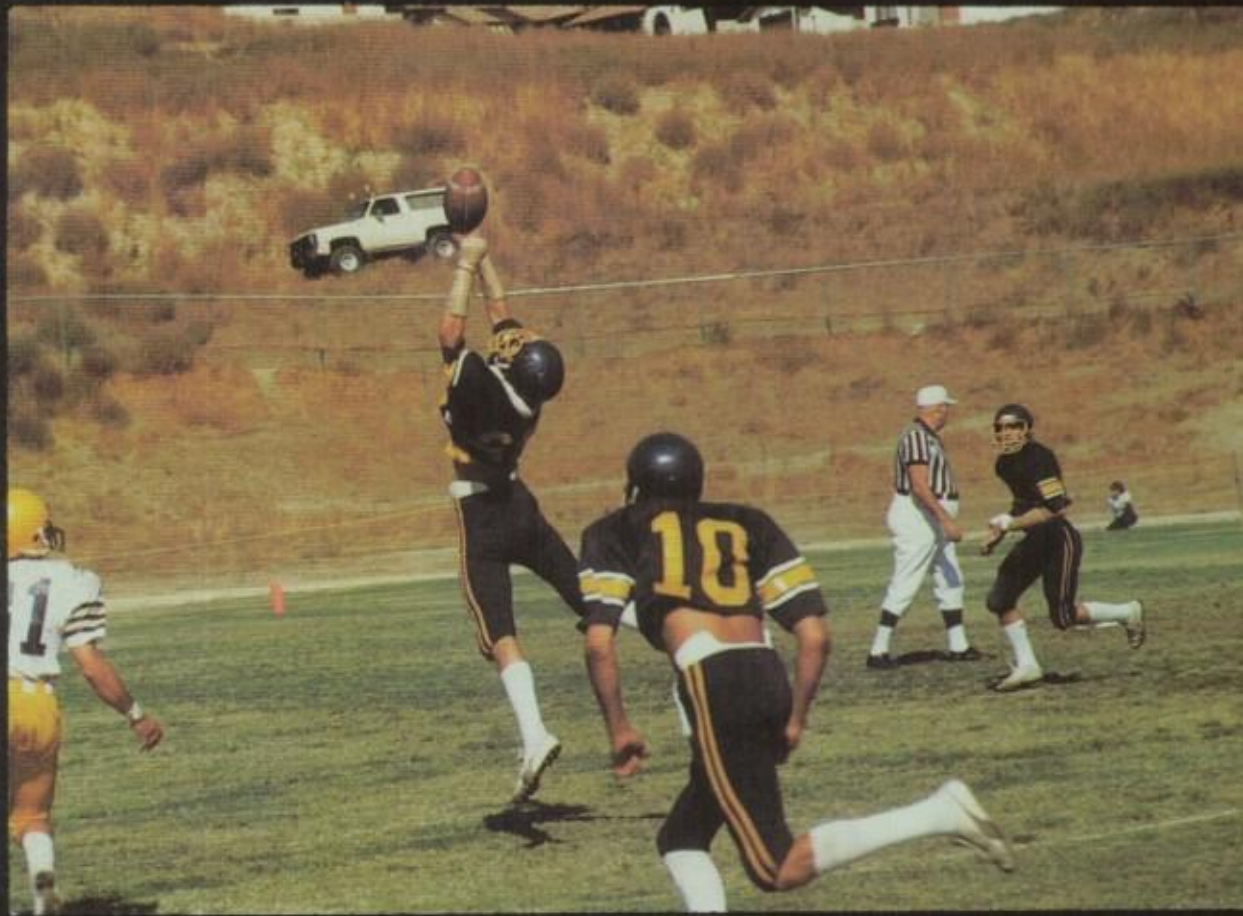

-Holly Atkinson-

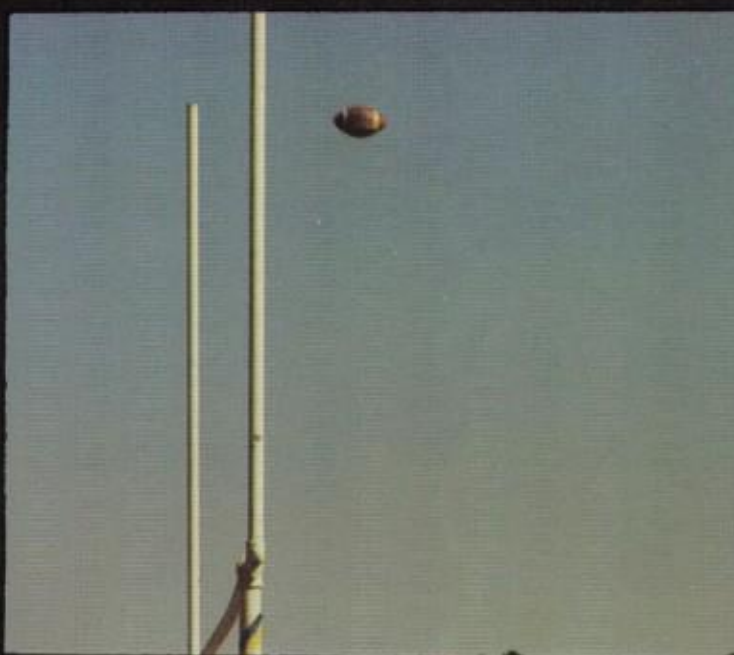

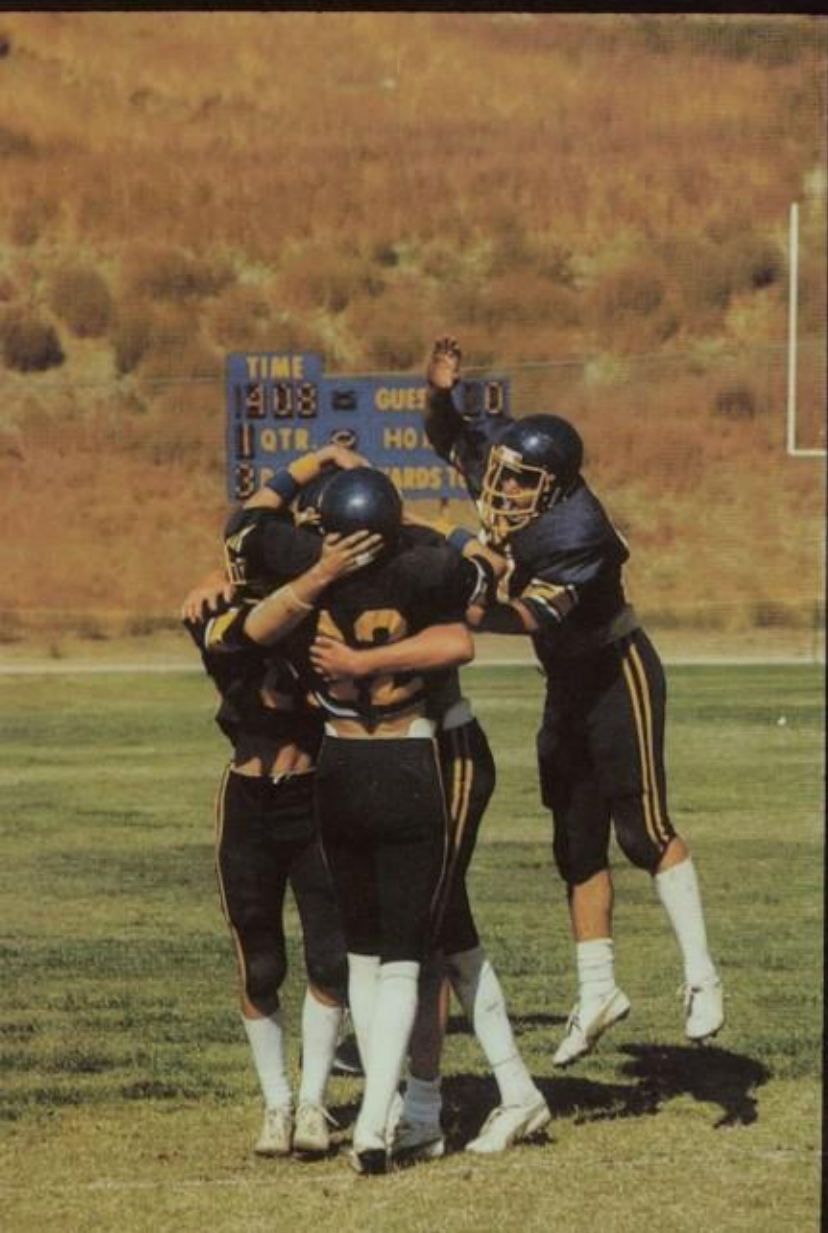

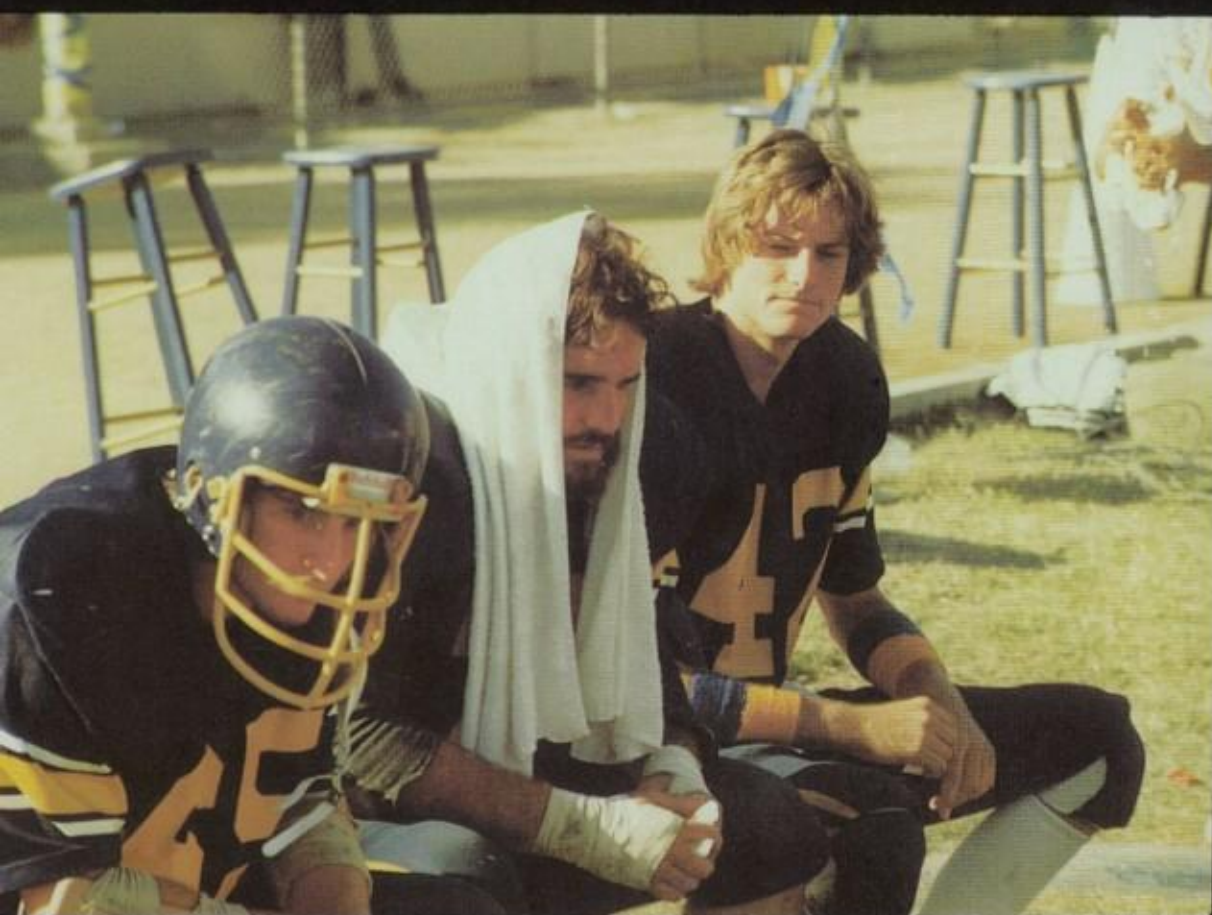

Freshwoman at random, Kristin Irwin.

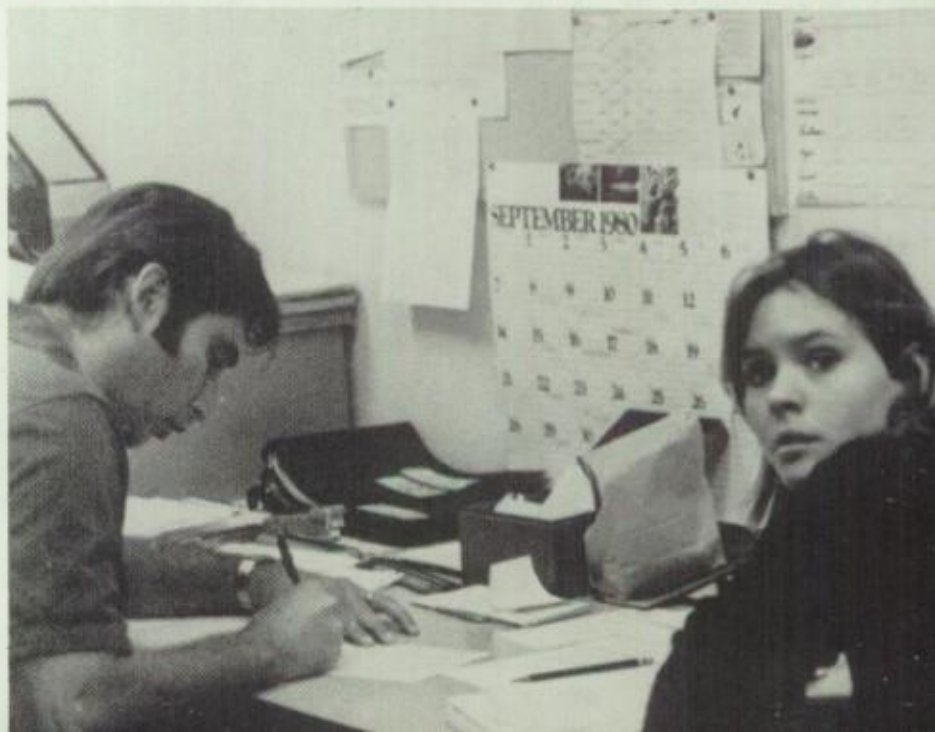

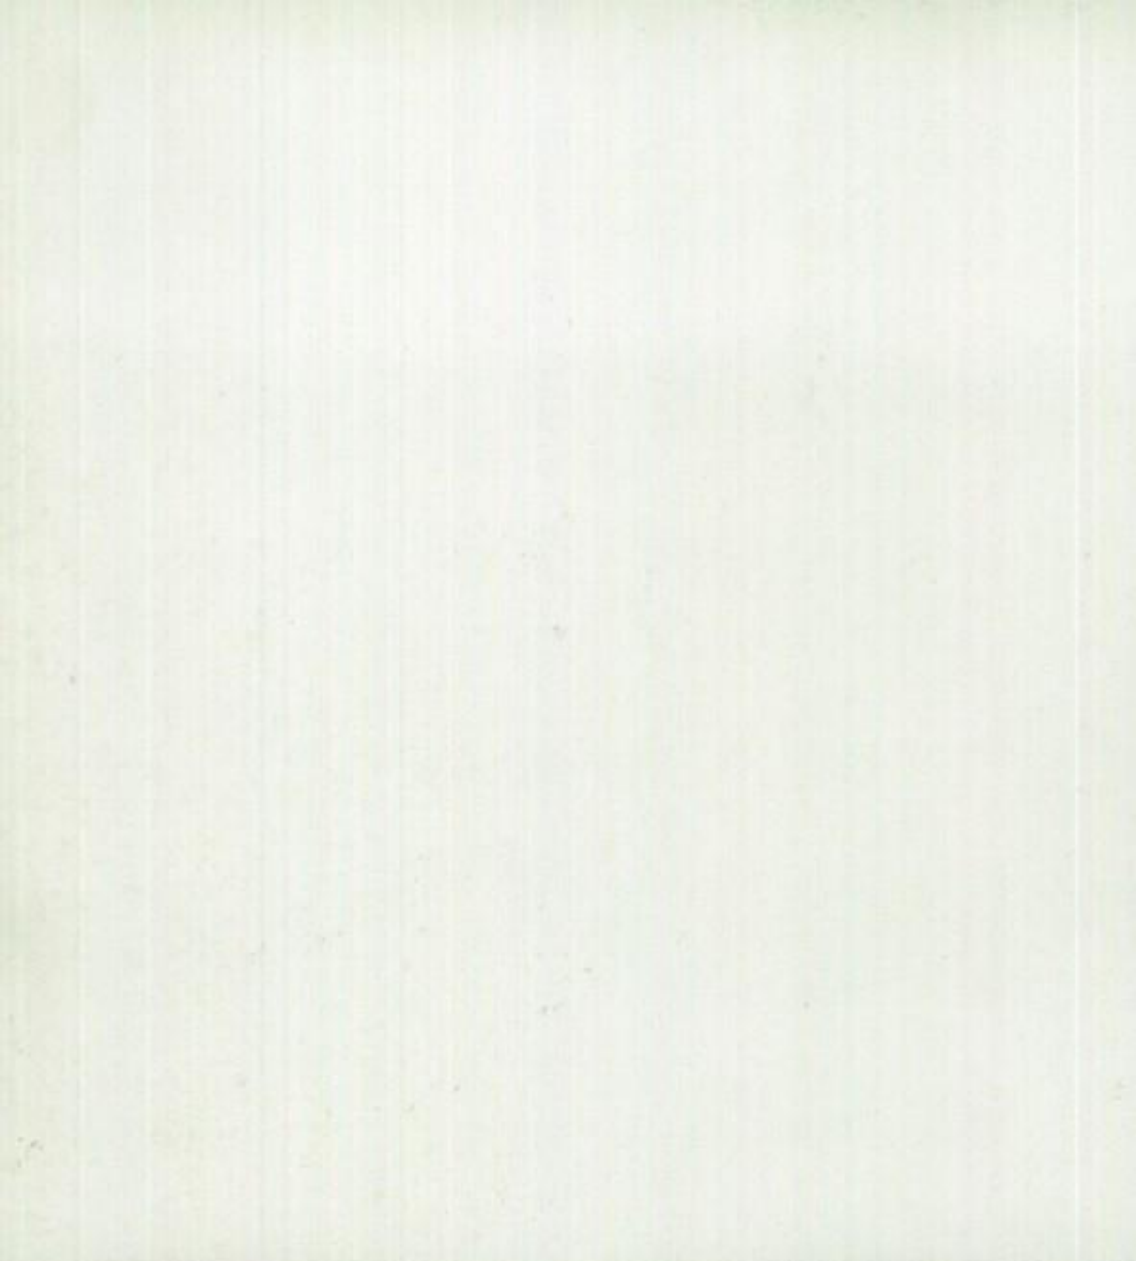

Ray,

Administration

The Decision-Makers

The most powerful group of individuals in almost any school district is the Board of Education. Yet when you look back over this school year you probably won't even recognize the names of this influential group. You may recall, however, some of the important measures which were passed under this year's board. Some of these include using the CTBS test as a proficiency test, setting the activities fees at \$55 and \$75, and replastering the swimming pool. As the student representative this year it was my job to inform you, the students, of the Board's decisions and express your opinions to them. I hope as you look back, you look with understanding and favor on the Board's decisions.

Carrie Altergott
Student Representative to
the School Board

Above-Superintendent Ken Osborne. Below, clockwise from top left: Mr. Ralph Kuhn, Dr. Ken Osborne, Mr. Martin Birdt, Mrs. Sally Schneider, Mrs. Alice Stelle, Mrs. Joann White.

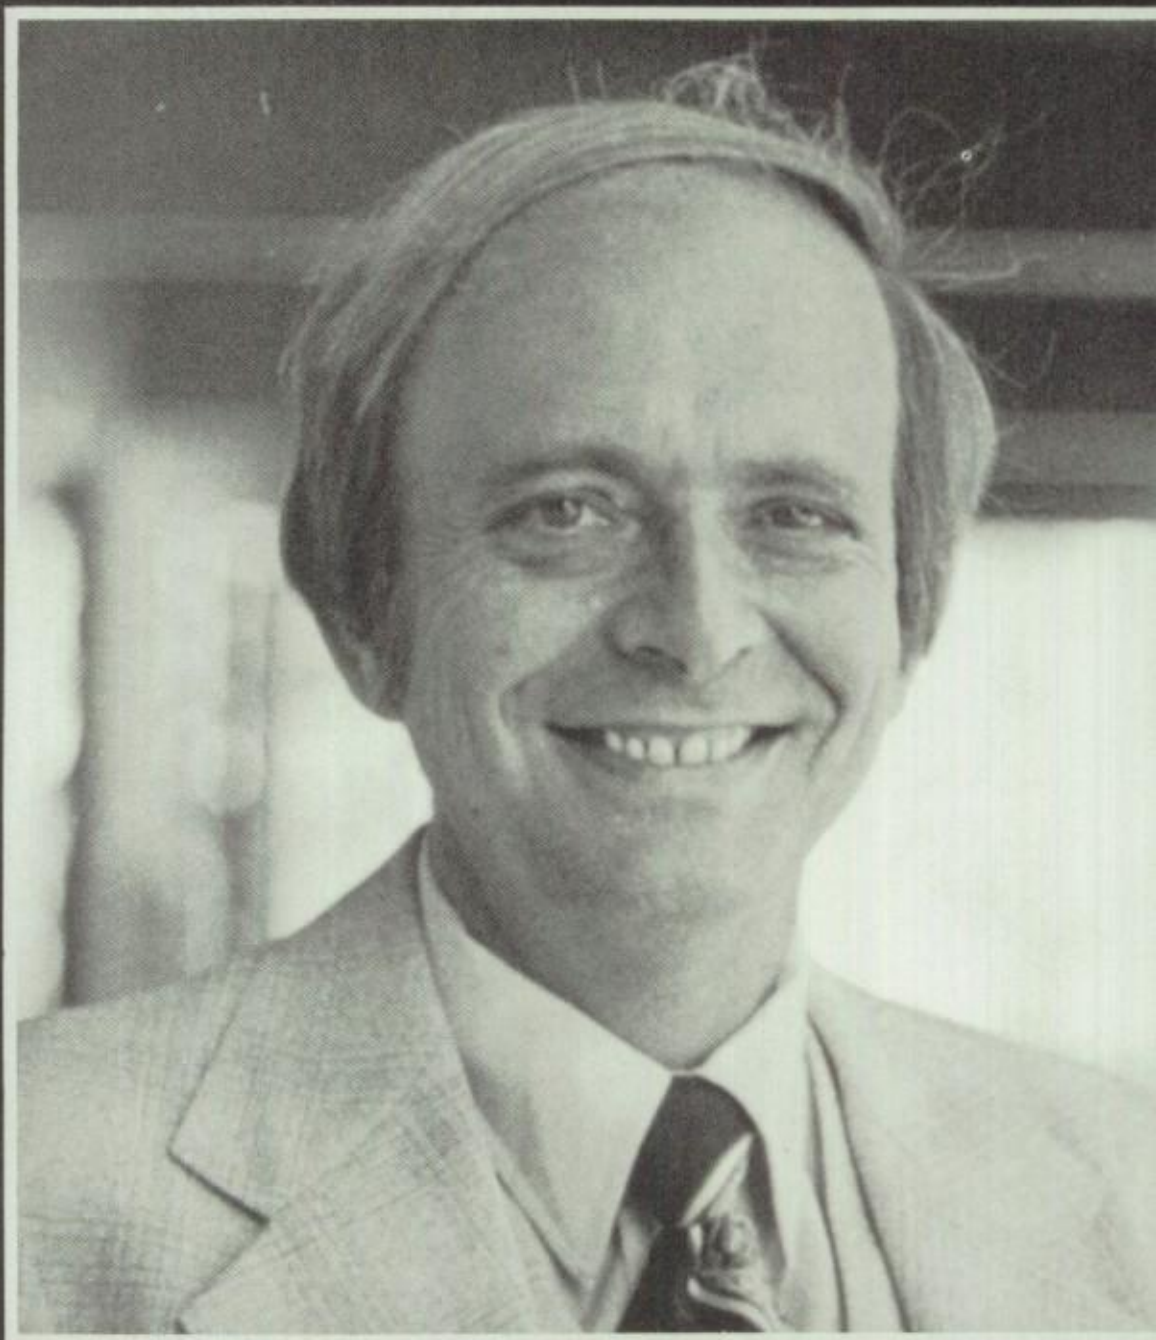

Bob Ross

Mr. Bob Ross is the principal of Agoura High School. To list Mr. Ross's many obligations and duties at Agoura would require more space than is available. Suffice to say that the final authority at Agoura rests with Mr. Ross. For instance, during this year the school board was concerned about the senior's test scores. Mr. Ross took it upon himself to go about to senior's classes and explain the situation to each individual senior. That exemplifies Mr. Ross's concern and dedication to his position.

Concerning this school year, Mr. Ross is especially appreciative of the reaction of the student body to the campus changes that have occurred. He tells that the year has gone well, and points specifically to the renewed success of our athletic teams and the improved tests scores. He can count that as a personal victory. The entire school can appreciate Mr. Ross.

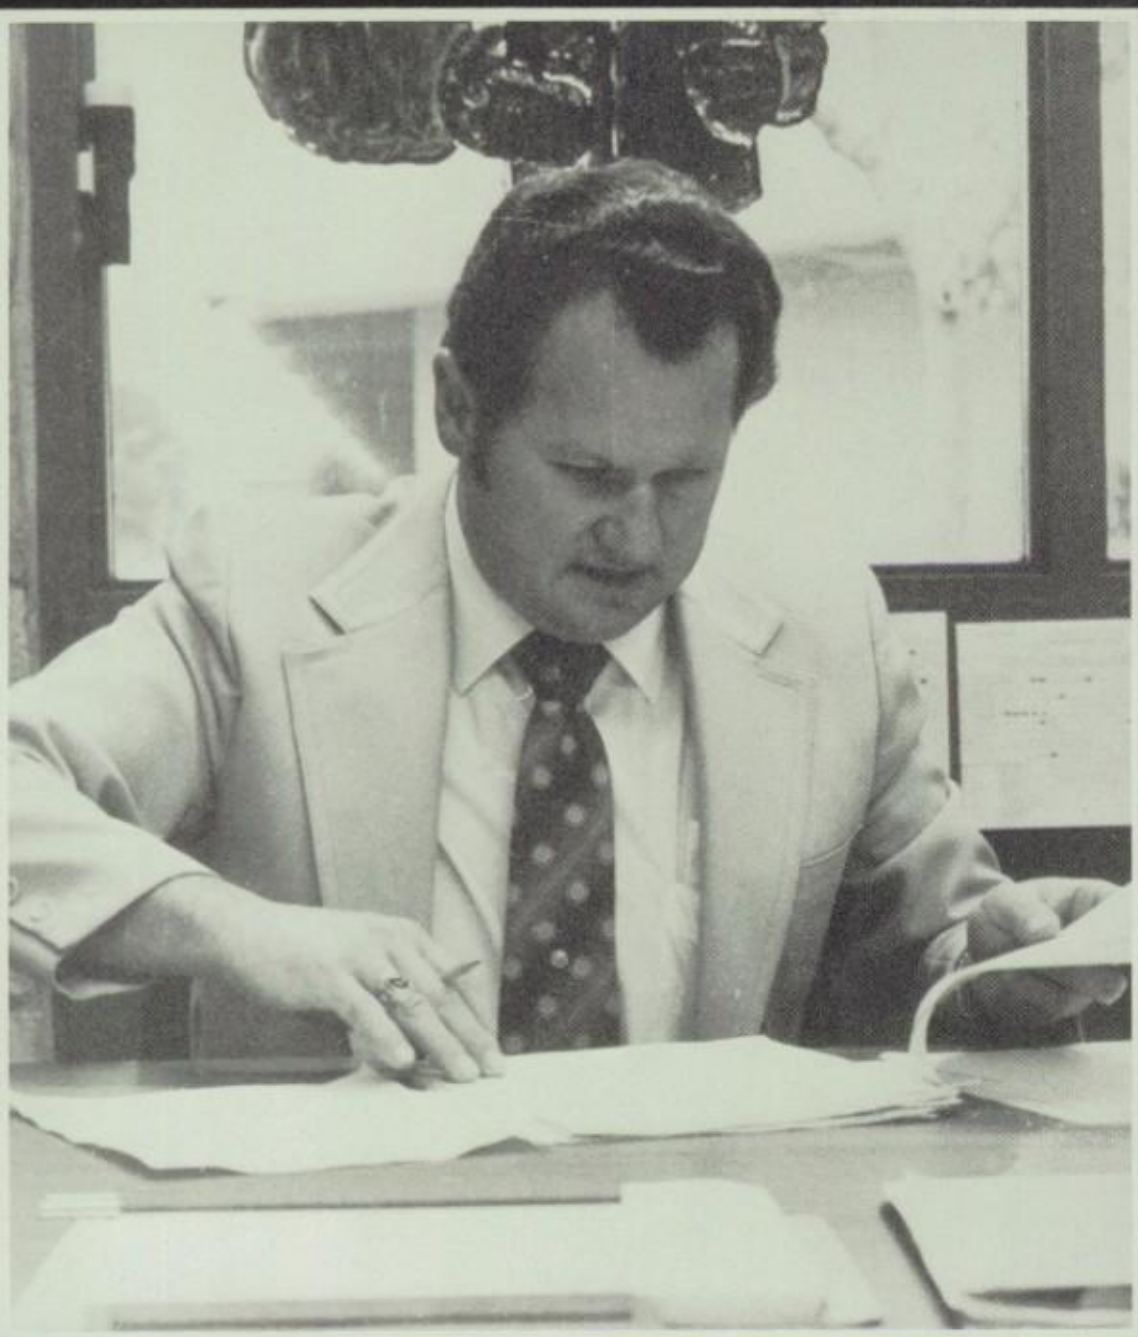

Bob Ross

Right, Ginny Aide-Mr. Ross secretary and a lady who keeps things running at Agoura like clockwork.

Don Bathgate

One will probably be surprised to find that it is not the standard, "High School Assistant Principal speech to the senior class in the Yearbook." In fact, it is not even being written by the Assistant Principal. It is however being written about the Assistant Principal. Everyone sees Mr. Bathgate around campus, but very few probably know what it is that he actually does. Actually, this school could not function without Mr. Bathgate's diligent work. He is in charge of the curriculum and plans the master schedule at Agoura. He has the unenviable task of evaluating the staff and hiring the classified personnel (custodians, gardeners, cafeteria workers), not to mention the fact that he must balance the school budget. Our thanks to Mr. Bathgate.

Deans And Staff

Mr. Albrezzi, Mr. Van Dyke, and Mrs. Johnson have new titles this year. Instead of being called deans, as they have been in the past, they are now Vice Principals. Mr. Albrezzi is the Vice principal in charge of students. Mr. Van Dyke is the Vice Principal in charge of Activities. Mrs. Johnson is the Vice Principal of Guidance. Mr. Albrezzi's duties include being the superintendent of the cafeteria- the superintendent of attendance, the superintendent of the campus aides and the superintendent of the health office. He is also in charge of drills, campus security, the parking lot, off-campus permits and lockers. He feels that, over all, the spirit, behavior, attitude and attendance are improved this year at Agoura. Mr. Van Dyke, being the Vice Principal in charge of Activities, has his hands full. All of the activities that occur here at Agoura have to be approved by his office. Mrs. Johnson is the Vice Principal in charge of Guidance, and as such is responsible for the testing programs, special education and data processing at Agoura. She is also responsible for discipline.

The Problem -Solvers

The Agoura High School Counselors play a very important role in every student's life. They provide information to students regarding High School graduation requirements, college entrance requirements, career information, financial aid information, and college entrance examination information.

They meet with students individually to discuss personal problems and academic problems, goals and plans for High School and after High School.

They meet with parents and students who are having difficulties academically or school adjustment problems.

They act as resource to teachers with regard to individual students. Last of all they handle program change requests and course selections for the coming school year.

This Page, Clockwise From Upper Left: Career Center Coordinator Pat Croner, Work Experience Coordinator Tony Manne, School Psychologist Joan Golden, Nurse's Aide Nancy McNeil, School Psychologist Judy Brichman.

Custodians

If it were not for the hard work of the custodians, groundskeepers and gardeners, it would probably be difficult to recognize the Agoura campus, let alone go to school here. These people work very hard and receive very little thanks. They are responsible for keeping the lawns mowed, the hedges trimmed, and the rooms clean. They set up buildings for activities, reseed lawns, and repair equipment. Without them, the school would probably come to a halt. They deserve our recognition and our thanks.

Above-Groundskeeper Eric Keri. above right, left to right-Bill Johnson, Don Harrold, and head gardener John Anderson. Right, clockwise from top-Dawn Wilding, Jessie Martinez, Junius Wheeler, David Salado, Ray Souza, Mark Wolfgram.

Thanks To You, It Works For All Of Us

CHARGER CLUB-To promote interest and participation in athletic programs at Agoura High.

P.F.C.-The P.F.C.'s main intent is to the faculty student activities and keeping a line of communication between home and school.

MUSIC BOOSTERS-A support all music programs of and at Agoura High.

Library-Student Store

Mrs. Rogowski is our new librarian this year, and she is doing a fine job. She helps the Agoura students find the resources that each student needs at any time. We are very happy to welcome her to our staff.

Mrs. Helland is the library clerk. She has been with us for five years now. Her job is processing magazines and books, overdue notices, text books, and audio-visual equipment. She has always worked for us, and we are lucky to have her.

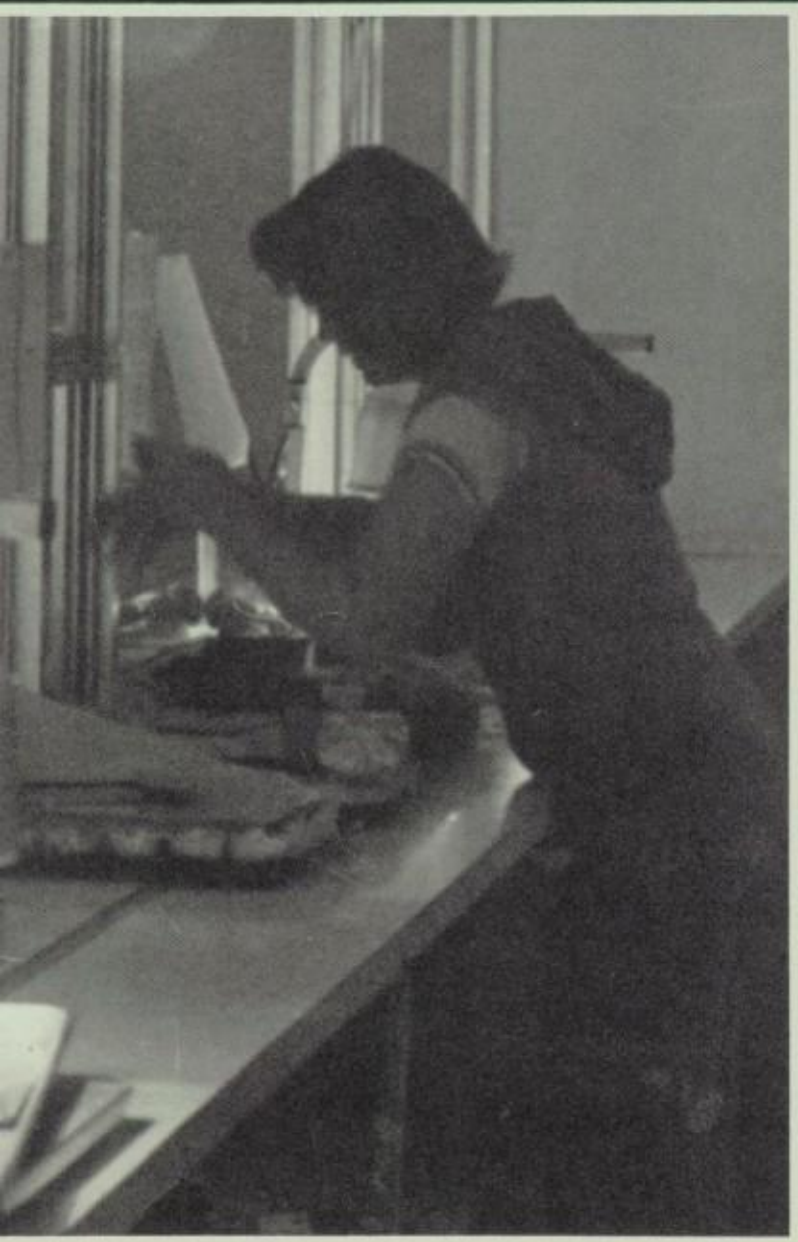

The nice lady in the Student Store is Mrs. King. If you have ever needed school supplies or tickets to activities or practically anything else, I'm sure you found her very helpful.

LEFT TO RIGHT: Cheryl Williamson, Penny Lambach, Helen Drislane, Manager Dorothy Lawson, Fran Fringer, and Herminia Risdon.

With the exception of a few very lost people, everyone is probably aware that we again have a cafeteria on our campus. For you Sophomores and Juniors having a cafeteria on campus is a totally new experience, because we haven't had one for the past two years. For you Freshmen, everything is a totally new experience. The Seniors are the only ones who can remember having a cafeteria, and everyone is very appreciative of the one we have now. The entire cafeteria staff has done a great job all year and it's nice to have good food at a good price on campus again.

On Their Free Time . . .

because of their positions at the school, it is easy to think of our administrators as simply that, administrators. But they are much more than that. They are people also. Their time spent at Agoura is just a part of their overall lives. They each have special interests that occupy their spare time.

Mr. Ross has an interesting hobby. During the summer of '79 while vacationing in Monterey, he came across an old map in an old book store. After purchasing the map for \$10 he decided to have it deciphered and appraised. As it happens, the map was dated 1740 and worth about \$100. This triggered a deep interest in Mr. Ross. He began researching and collecting maps. Today, his collection includes over 90 maps, atlases, and prints. He now holds his business license as a map dealer, and map collecting more than fills his spare time.

Mr. Bathgate enjoys sports in many forms. He plays a good deal of softball in addition to an occasional game of racketball or a few rounds of golf. But not only does he participate in sports, he also spends time watching sporting events, whether they be Agoura High School games or professional athletic events. He also spends some of his spare time working with his church.

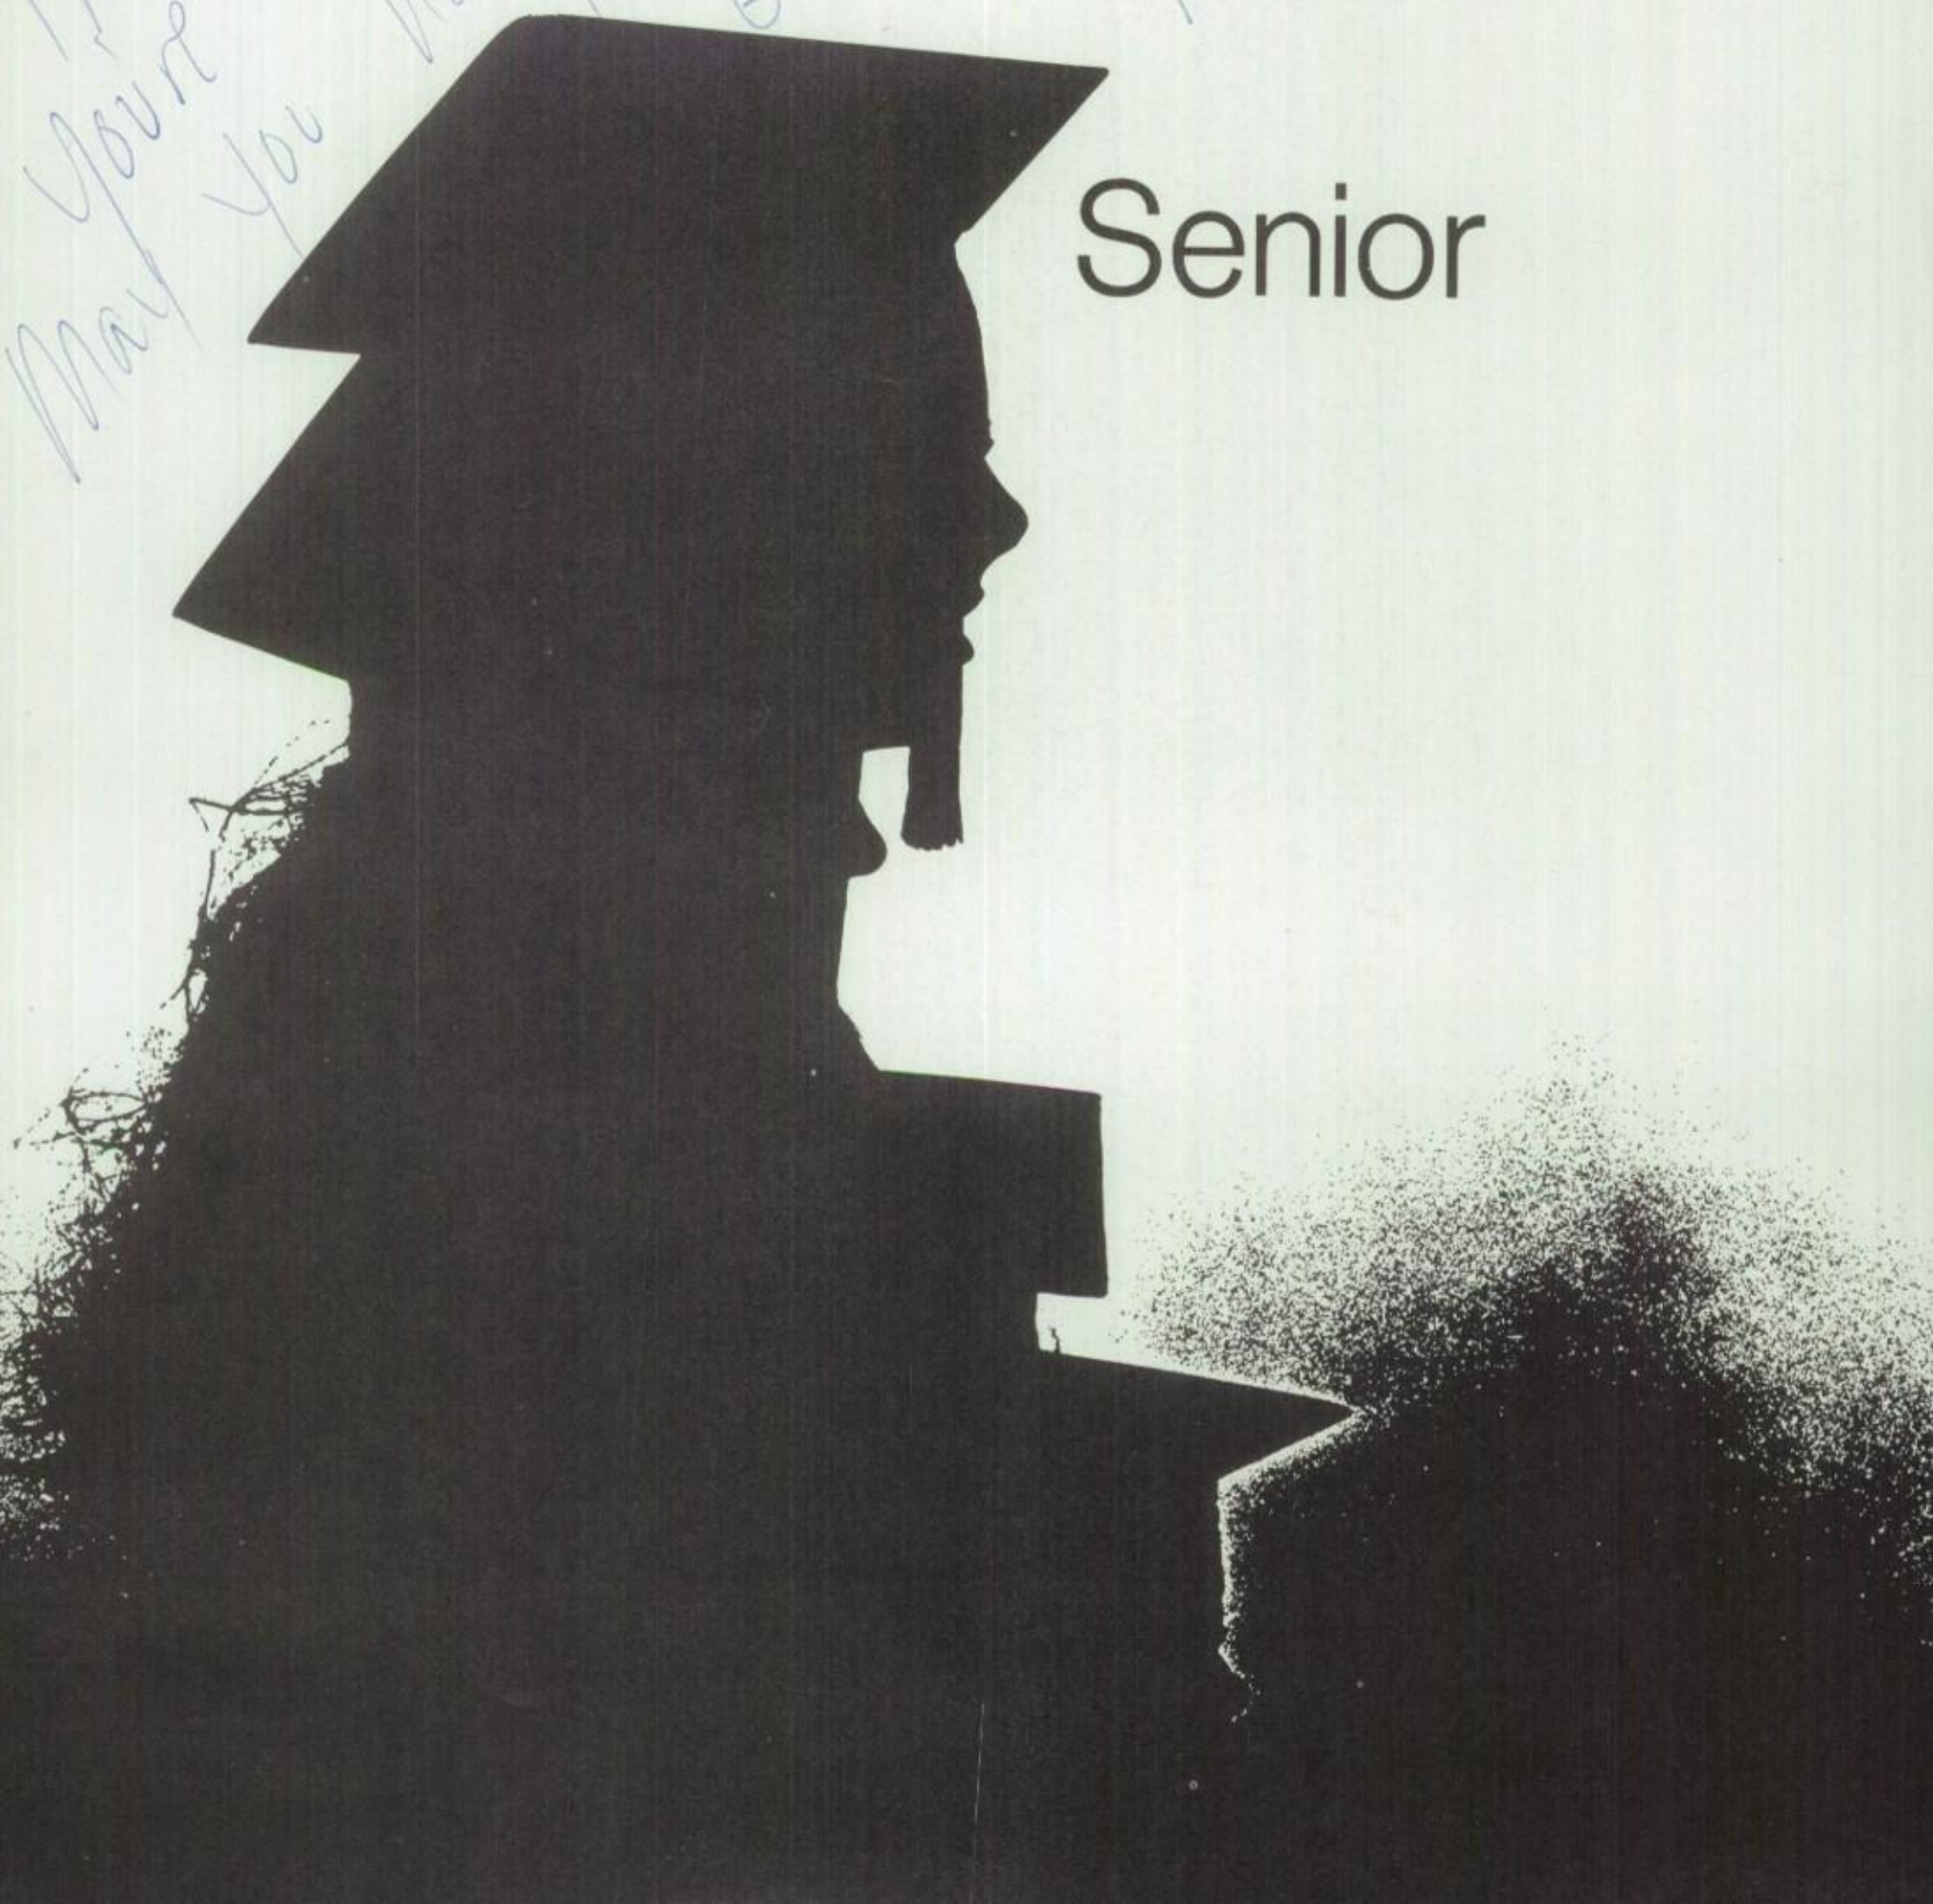

Ms. Johnson spreads her time among many different interests. First, she enjoys the company of her two dogs, Bo and der Muff, who are one and three years old respectively. She also enjoys playing golf, and has been doing so for 15 years. A third favorite interest of hers is her beach house on Shell Beach, Cambria (near San Luis Obispo) where she likes to spend two months every summer relaxing.

Mr. Albrezzi's favorite pastime lies in creative art. This sprang from encouragement from teachers and friends to get involved in art starting in his high school years. Through the years he has been involved in five oneman shows and sold much of his art. In addition, Mr. Albrezzi has been offered a place for paintings in several museums.

When Mr. Van Dyke is not busy planning assemblies, he is often involved with music. He has enjoyed directing a choir at Westminster Presbyterian Church for four years. He also plays the piano, and has done so since he was very young. He prefers playing classical music. His other interests include waterskiing, fishing and camping.

Ran!
I'm glad I met ya

May you have the best of

This year the Science department is headed by Mr. Smith, a well known and much liked Oceanography and Biology teacher at Agoura High. Mr. Smith has been teaching science classes at Agoura for many years and has been known to get very involved with his work, much to the delight and/or dismay of his students. Besides Mr. Smith, the other science teachers at Agoura include Mr. Lasnik, a veteran of the Science department who teaches Biology BSCS and Physiology, Mr. Ramirez, who is best known for his Ornamental Horticulture work, Mr. Patterson, a physics and chemistry teacher, and Mr. Harms, Earth and Life Sciences instructor. An average day in one of these teachers' science classes may prove to be very interesting with labs, informative and often very good films, and even the opportunity of hearing guest speakers or taking field trips, in addition to everyday lectures and assignments.

Art Producing Dreams

The Art department is a big department here at Agoura High, but amazingly enough, it is only run by three teachers. Mr. Patrick Kale is the department head this year and he has earned this position with his dedication to his classes and helpful instruction to art students. This year Mr. Kale is teaching Ceramics, Stained Glass and Slipcasting. The other two teachers in this department are Ms. Feldtkeller, who teaches Drawing Land, Stained Glass, Commercial Art and Silkscreening, and Mr. Neely, who teaches photography and is also the Yearbook advisor.

Home Economics

Cooking Up A Dream

Home Economics is one of the more popular departments on campus, not only for its curriculum, but for the teacher who heads it. Mrs. Wheeler has been teaching cooking and sewing classes at Agoura since the school's beginning and has continued to show an interest in all her students and enthusiasm in her work. This year Mrs. Wheeler is in charge of the department, as well as the teacher of Independent Living and Food and Clothing Technology.

Math

Adding To A New Tomorrow

The Math department is definitely one of the most complicated departments at Agoura High, with its endless array of "equations, postulates and theorems," all of which only serve to confuse math students. The teachers of this department have done much to improve the student's understanding of the work, however. These teachers are Mr. Berke, Mr. Belcher, Mr. Holden, who is also chairman of the department, Mr. Falkin, Mr. Harms, Mr. Isenburg, and Mr. J.D. Smith and Mr. Rezinias, who in addition to math classes also coach successful sports teams at Agoura. New to the department this year is Mr. Goldberg, who also teaches English. The math subjects that these teachers teach include Pre Algebra, Algebra, Geometry, General and Consumer Math, Math Analysis and Calculus.

The Wood class is supervised by Mr. Strawn, the Metal class by Mr. Goodes, Auto Mechanics by Mr. Andersen, Archetechtural Drawing by Mr. Williams, and Electronics by Mr. Hart, who is also the department chairman.

Foreign Language

Communication Is The Key

The use of foreign languages is a very essential part of our culture, and one of the objectives of the foreign language department at Agoura High School is to stress their importance. The department consists of two subjects, French and Spanish. The French department is headed by Mrs. Myer, who loves to teach French and tell humorous tales about her experiences abroad. The Spanish department is under the direction of teachers Mr. Christionson, Mr. Quint and Dr. Steffen. Mr. Christionson, who once lived in Mexico, came to Agoura to teach Spanish. This year he is teaching Spanish I and II in addition to his Leadership class. Mr. Quint, a renowned German teacher at Agoura, is teaching Spanish I and II, as well as English, since the Foreign Language department has dropped its German courses. Dr. Steffen, who has a Ph.D. in the language of Spanish, is teaching Spanish II and IV this year. Though some students have found foreign languages difficult to learn, the teachers of this department will always be remembered by those who were fortunate enough to have mastered these languages with their help.

BOTTOM LEFT: Mrs. Myer, who is in charge of the department, is definitely one of our more interesting teachers at Agoura. BOTTOM RIGHT: Mr. Christianson displays one of his infectious smiles.

Imaginative Prose

This year, the English department is under the direction of Mrs. Graham. Mrs. Graham has made a name for herself in the Agoura High English department by winning many awards of recognition for her contributions to the English language. Special Education

Agoura High School has several special education programs for students with special needs. The programs include speech therapy, adaptive physical education, the resource specialist program, the self-contained special education class, and the severe language disability/aphasia program.

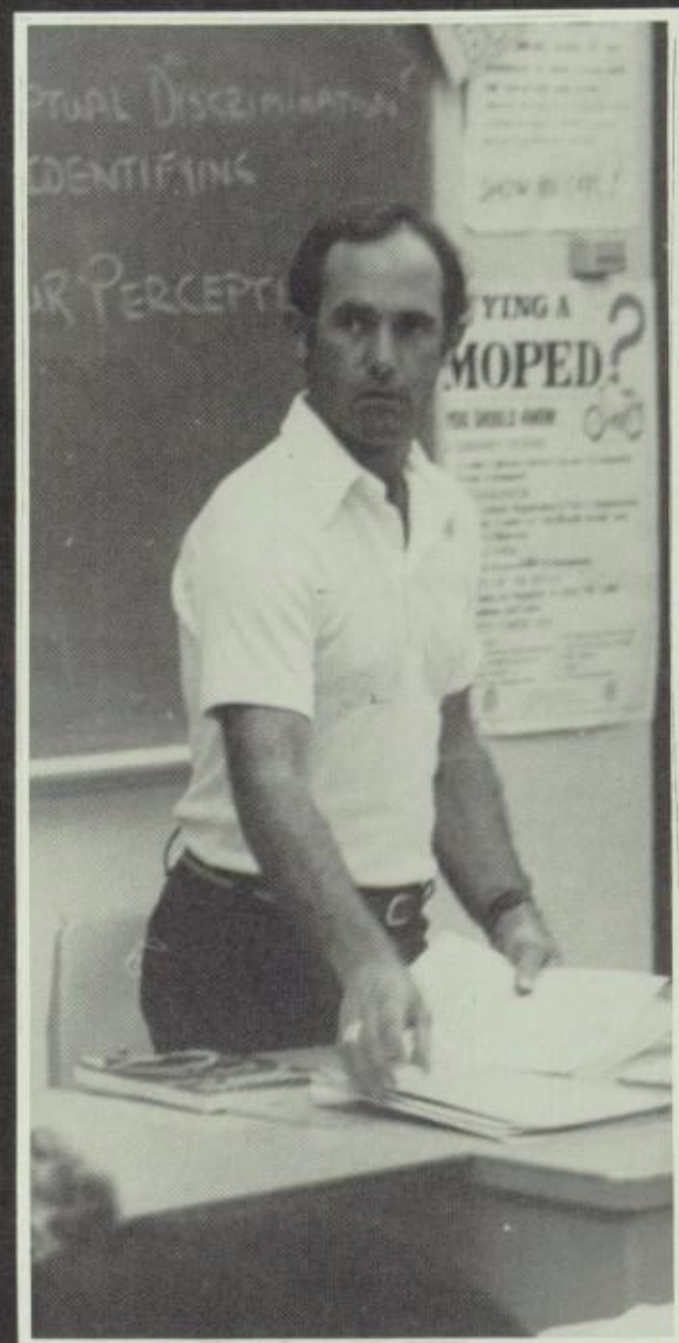

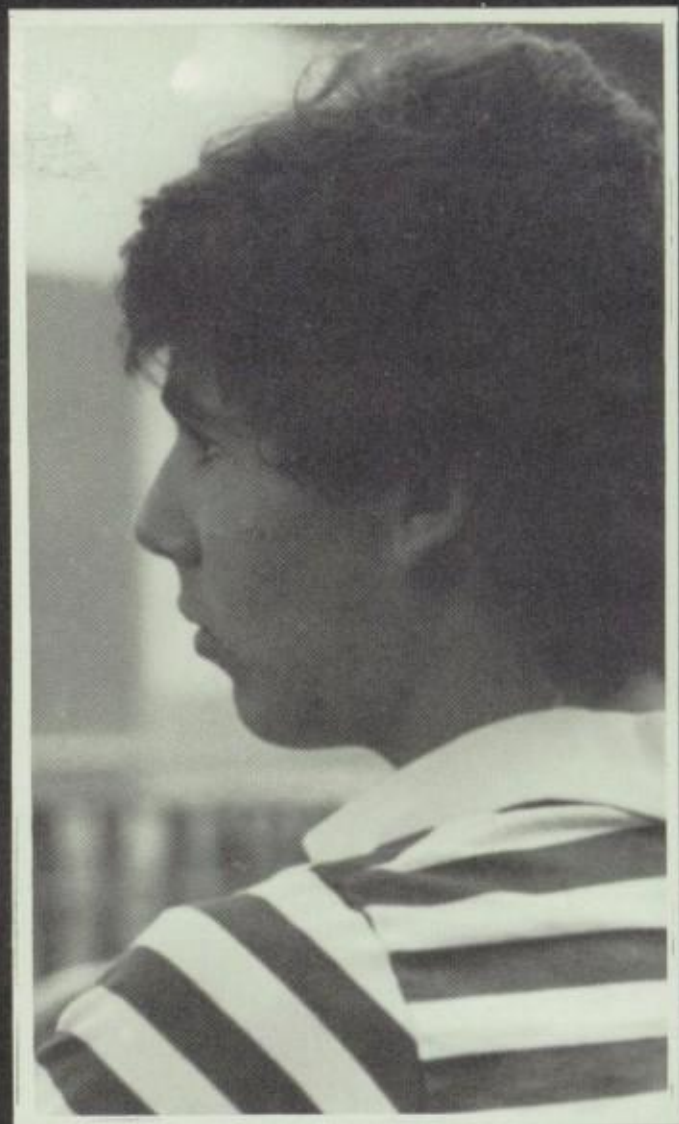

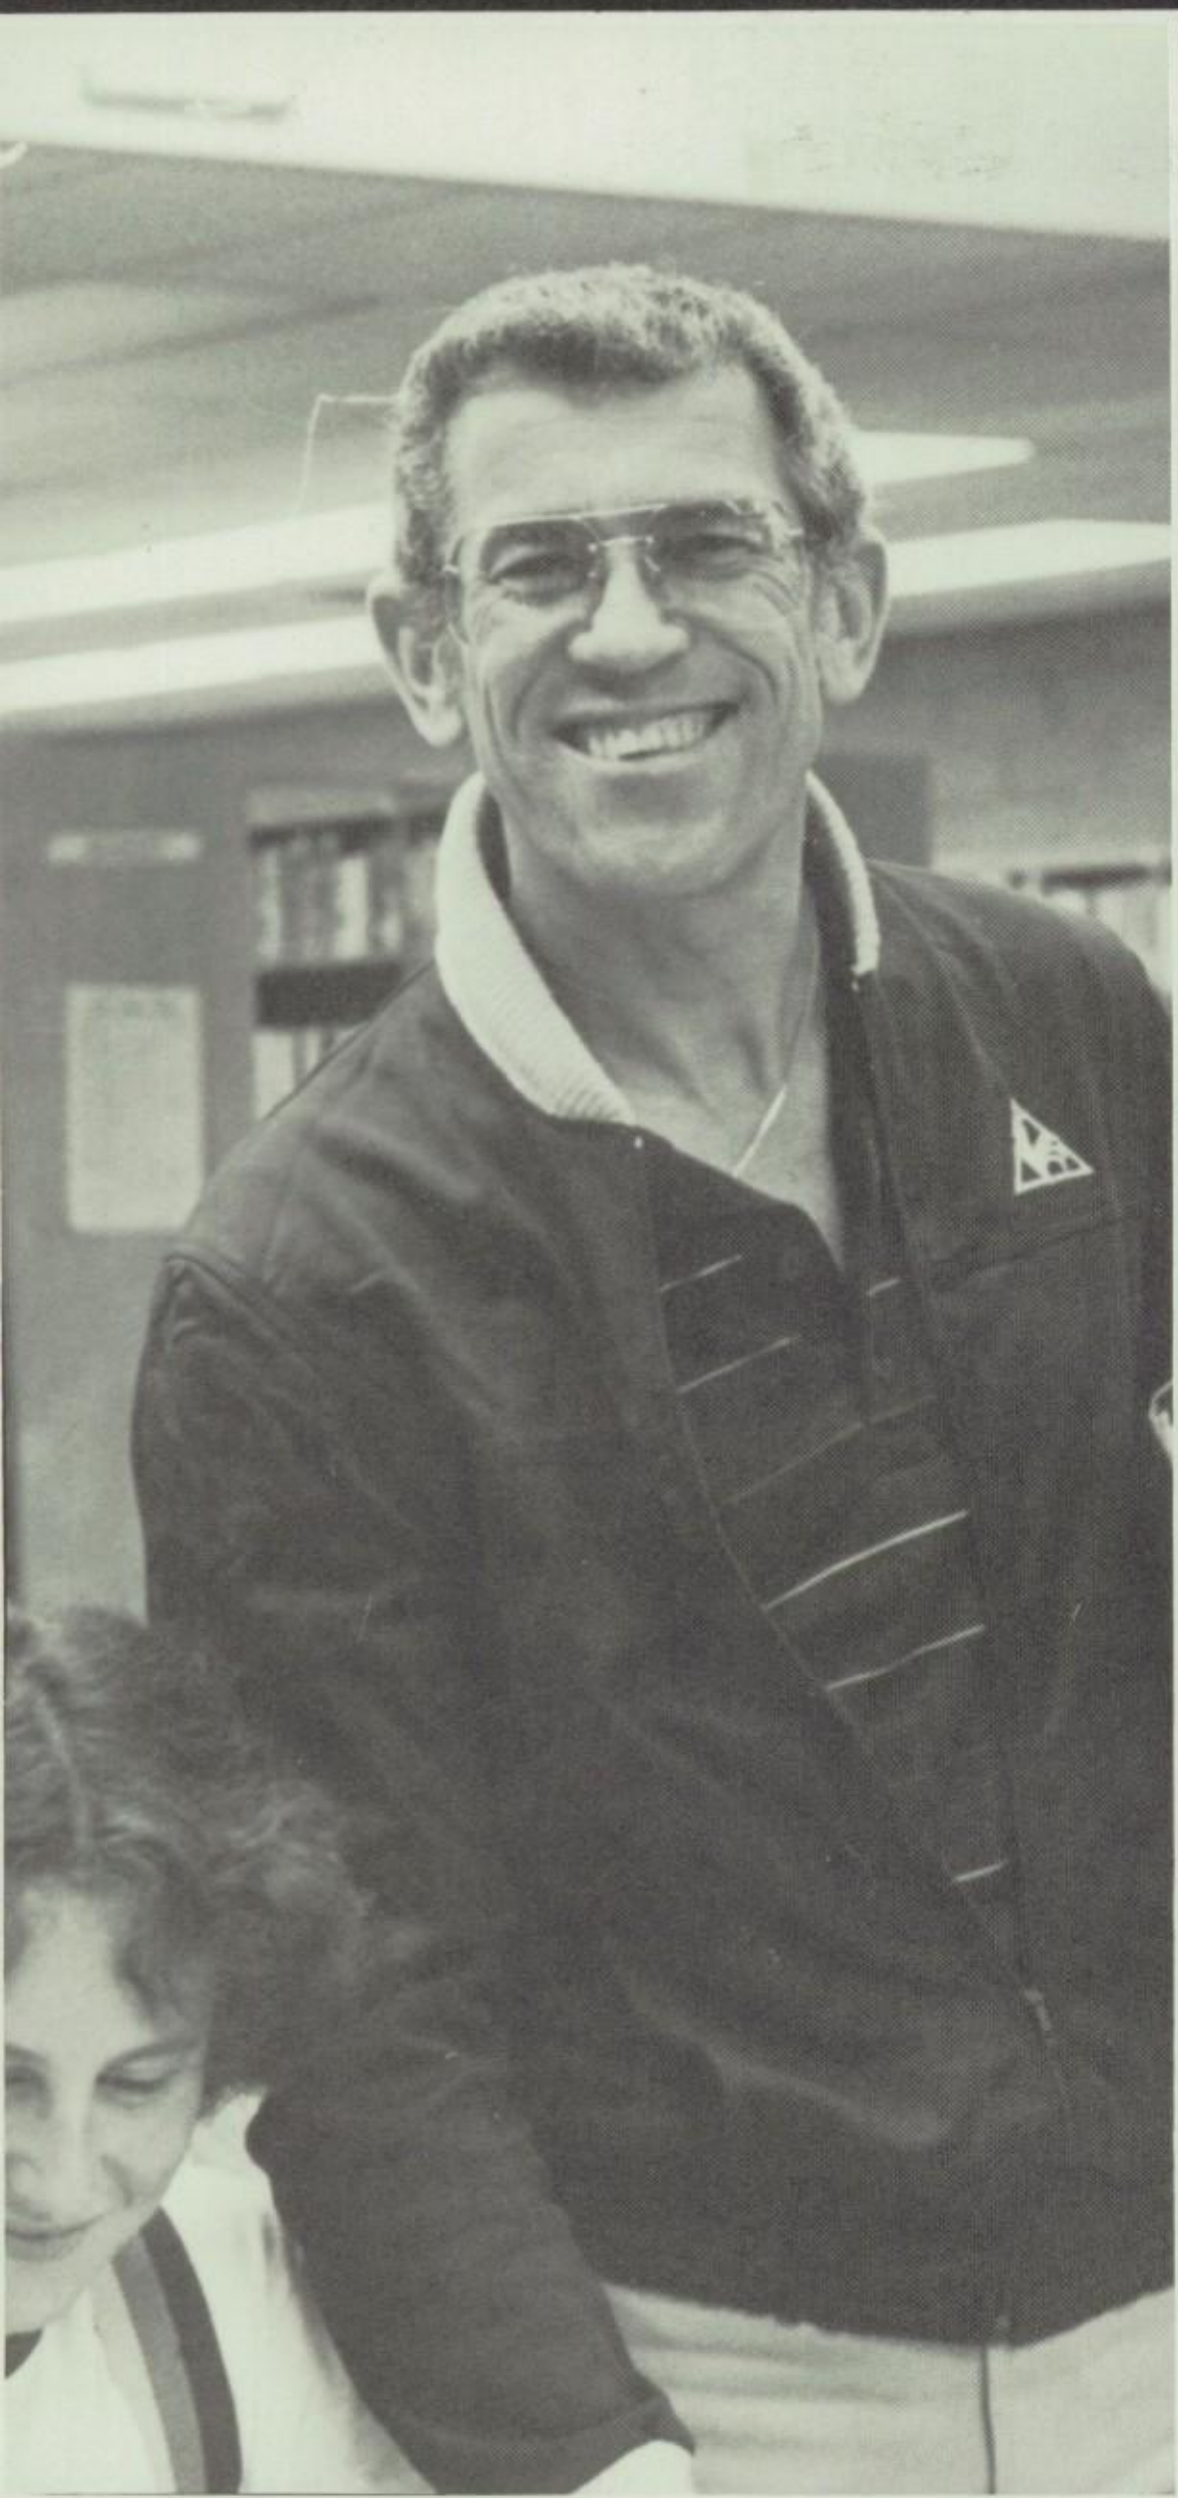

Students enrolled in a special education program receive instruction that is designed for their individual learning needs and abilities. Special Education students also take classes in the regular program of instruction. Some students have as little as one hour per week of instruction in a special education program. Other students may have from one to four classes per day in their special education program.

Violence, Emotion, — The Year That Was

As I sit here on the day of March 13, I look back on the year of 1980 and see that we grimaced, we smiled, we wept, we laughed. We hated we loved.

The year flickered across our faces, but it ended our hearts.

We saw injustice. We saw violence. We saw nature kill thousands of our neighbors. And mankind, too.

But still, we hope and we prayed.

We hoped through all 31,622,400 seconds that a bearded religious man would free 52 of us held hostage in a distant land. We enter the next year still hoping. We hoped we could jail a worldwide pocket-inflation. And we hoped we could kick the oil habit.

There were reasons for hope. We were learning more about our bodies and the heavens, finding new limitations and new potential. And we found out - finally - who was that TV oil baron named J.R.

The second hand had spun.

Nature wrote plenty of headlines . . .

The earth moved Italy. And belched in Washington state.

Ferocious winds fed timberland fires in Southern California and homes were consumed. Soaring temperatures in the United States parched crops and claimed lives. Floods and storms took land and lives from California to India.

And mankind wrote a few head-lines, too.

A grisly prison uprising in New Mexico, the FBI's Absecon inquiry, race riots in Miami, war between Iran and Iraq, Soviet 'shadow' in Poland.

Republican Ronald Reagan, former California governor and actor, became the oldest man elected president in the U.S. history-at the age 69- by defeating Jimmy Carter. Independent candidate John B. Anderson won few votes, but secured a footnote in history by making ballots in every state. Republicans took control of the U.S. Senate for the first time in two decades. Among Democratic losers were such longtime senators as George McGovern, Frank Church, Birch Bayh and Warren Magnuson.

Some 125,000 Cubans streamed to Florida on the "Freedom Flotilla" with Fidel Castro's blessing. A few were disappointed with the land of the free-six flights were later hijacked to Cuba in the worst case of air piracy in 11 years. At year's end, some 6,000 Cubans were in a resettlement camp, and thousands were in prison. The year had its disheartening moments . . .

Our standard of living eroded. Inflation was not to be roped. The U.S. economy sank into recession, and the recovery was shaky. Interest rates rode a roller coaster. Many stayed home. Mount St. Helens blew its top, turning a lush pine forest into a lumberyard. Mountain Man, Harry Truman wouldn't leave, and became a legend of sorts in death — a fate shared by some sixty others. Ash hurled 11 miles high and drifted and turned day into night in Idaho, Oregon, and Washington.

had trees sprouting yellow ribbons in the United States, and the nation and its leaders prayed, protested, and pursued solutions. Nothing helped.

A secret rescue mission was aborted when three helicopters broke down. As the U.S. servicemen left an Iranian desert, two aircraft collided, and eight men died.

Finally the ordeal ended, as the negotiations reached an agreement, and 52 happy Americans boarded a plane for Wiesbaden, West Germany to the cheers of the world.

An earthquake racked Algeria, leaving 400,000 homeless, and at least 10,000 people dead or missing. Another 200,00 lost their homes and 3,000 their lives when an earthquake devastated Southern Italy.

Two hotel fires in a week — one in Las Vegas, Nevada, one in White Plains, N.Y. — killed 110 people. We thought about fire safety.

A summer of 100-plus temperature in much of the nation claimed more than 1,200 lives. The heat and Drought turned tender stocks of grain into tinder in over a dozen states, doing some 12 billion in damage.

A thirty-six hour rampage at the New Mexico State Penitentiary at Santa Fe left 33 inmates dead and revived the old question—what are we going to do about overcrowding in our prisons?

National Urban League President Jesse Jackson was gravely wounded by a sniper, but survived. There were no deaths.

Major airplane crashes more than 1,000 included the 22-member Amateur Boxing Team. A floating oil rig collapsed in the North Sea, and a ship died.

Soviet troops entered Afghanistan and the United States responded by halting grain shipments to Russia. The President called for — and got — a U.S. boycott of the Summer Olympics in Moscow, and the events became a Soviet romp when 36 nations stayed away.

Rioting broke in Miami streets after an all-white jury acquitted four former police officers in the fatal beating of a black man. 18 people died, and the \$100 million in damage made it the most costly urban disorder in U.S. history.

Undercover FBI agents offered bribes on behalf bogus Arab sheiks, paying out almost \$500,000 to public officials, in the largest investigations of political corruption in FBI history.

A U.S. senator and six members of the U.S. House were indicted because of the Abscam inquiry, and trials successfully tested the FBI's newest type of evidence — videotapes. The senator was not up for re-election in November, and voters rejected five of the six congressmen.

The year 1980 also it's heartening moments

Although it seemed nothing could be done for most of the hostages, six Americans escaped Iran after nearly three months in hiding in the Canadian Embassy, United States citizens cheered their northern neighbor.

And the Iranians freed hostages Richard Queen because of an illness they couldn't explain. It was multiple Sclerosis, and he's OK.

In one of the most dramatic scenes in London since World War II, commandos stormed the Iranian Embassy and rescued nineteen people. Three of the terrorists, members of the Arab ethnic minority in southern Iran, were killed. The terrorists killed two of their hostages during the six-day siege.

The cruise ship Prinsendam caught fire in the cold, stormy waters of the Gulf of Alaska, and in the largest rescue at sea in recent history all 500 passengers and crew members survived. The luxury eventually sank.

Twenty black children were killed in Atlanta and two were missing. Blacks and whites joined a search for the killers.

The exiled Shah of Iran died in Egypt. Yugoslavian Josip Broz Tito died in the capital he led for 35 years. And Col. Harland Sanders, the fried chicken king, died at age 90.

Alfred Hitchcock, the director of films that made millions sweat, jump and shiver; Roberto Benigni, a comedian whose bulbous nose came a trademark; and Mae West, queen of the double entendre, all died at advanced ages.

But the careers of two other top actors were cut short. Steve McQueen died at fifty after a heart attack after surgery for the cancer that had ravaged his body; and Peter Sellers died at 54 after a third major heart attack in 16 years.

We suffered, We rejoiced.

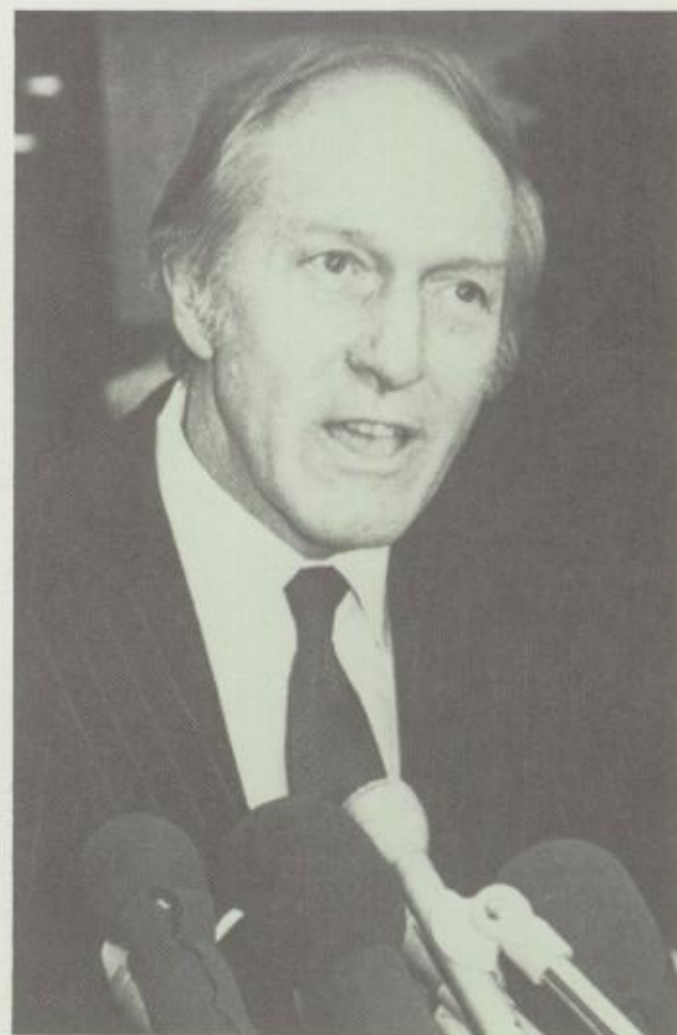

But we always hoped.

I'm sailing away on my course of dreams,
setting my destiny for the future; hoping the sea will guide me towards happiness.
As the waves tumble about me, life's hardships become a reality.
But I know that through perserverance and loyalty, the wind will fill my sails and carry me onward to my ultimate goal.

I Love you.

These words that make such a brief appearance on the line. Yet they sum up all the emotions raging inside me, all of them fighting to surface.

I Love you.

How simply it is written on the page. Why can loving you not be as simple as writing about it. However along with the tears and heartache, would the euphoria felt when you smile at me go also?

I Love you.

How few words, yet too many for either of us to say. How fantastically silly to think these three simple words would put to an end my dark feelings of doubt, anger, and loss ... But they would.

I Love you ...

For Joe

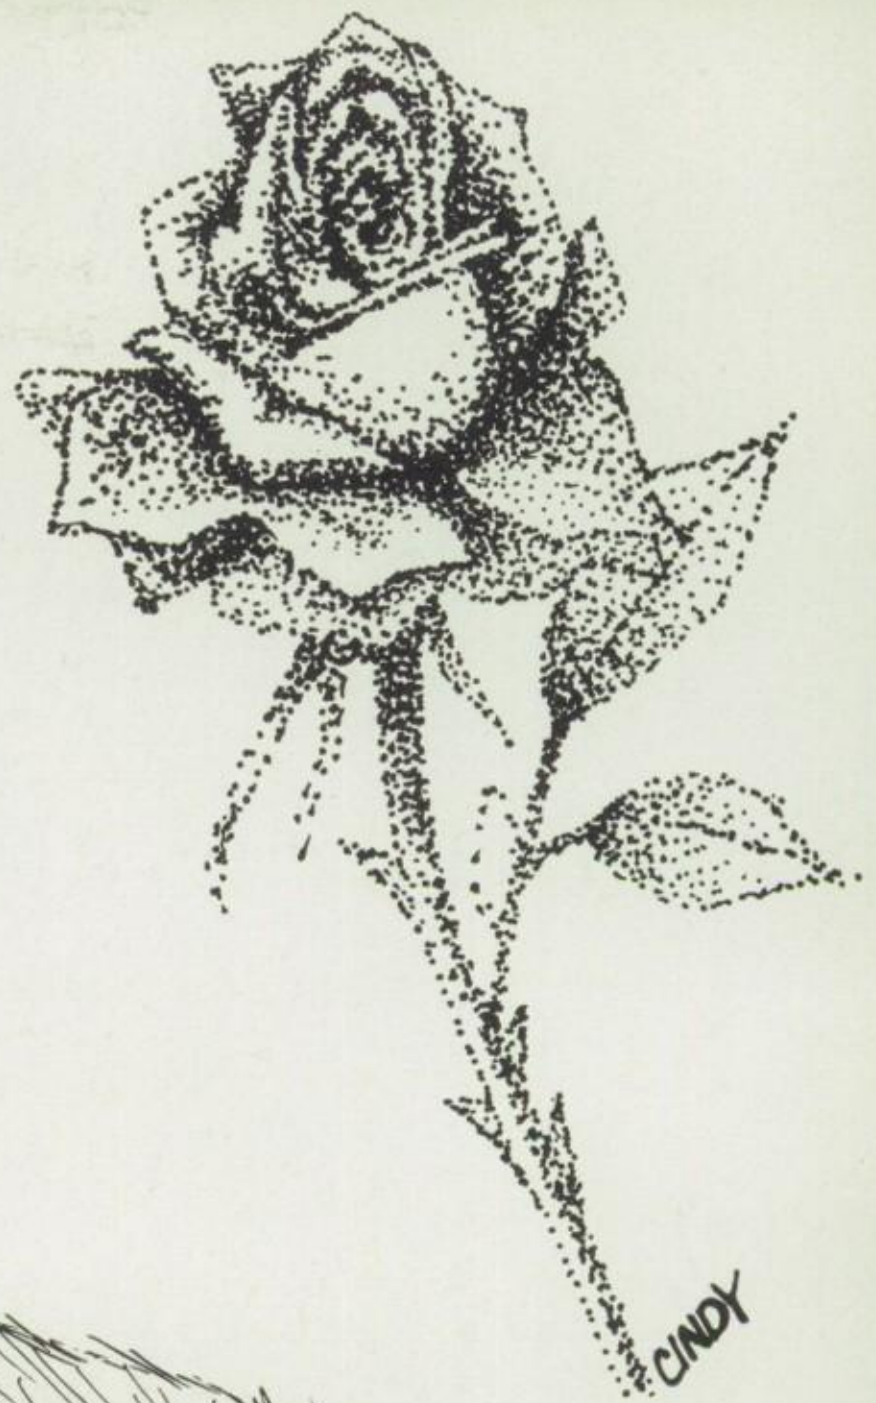

As black as the night
Yet gentle as the air
the purr chills
the tune cranks
the air mellows
and we go on
People pass, watch
Trying to understand
Although I do
I feel the sensations running through

My mind races from memories of past
and thoughts of future
and the song goes on
There is a meaning of life and love
It reveals in the friendships
We have lived
And of these friendships we have yet to
know
We seek out the truth in ourselves
learning from others
We are happy
and life goes on—

Love is such a beautiful
thing,
Especially the love I have
with you.

I can share my feelings
with you and discuss my
problems.

Although you do not always
understand me,

I know you do your best
to comfort me.

Not everyone has a special
someone like you,

One that is there when

you need them.

When I was in trouble,
you were there to help.

When I needed a shoulder
to cry on, you loaned me yours.

When I needed someone to
talk to,
you spent endless hours listening.

You have done so many things
for me and I shall do so many
for you.

Our love is eternal!

Friends are like Rainbows

Friends are like rainbows
and rainbows are like friends.

Friends bring happiness into our lives,
like colors of a rainbow brighten the skies.

Friends can help see the light
through our sometimes sad and despairing ways,
Just like a rainbow shines,

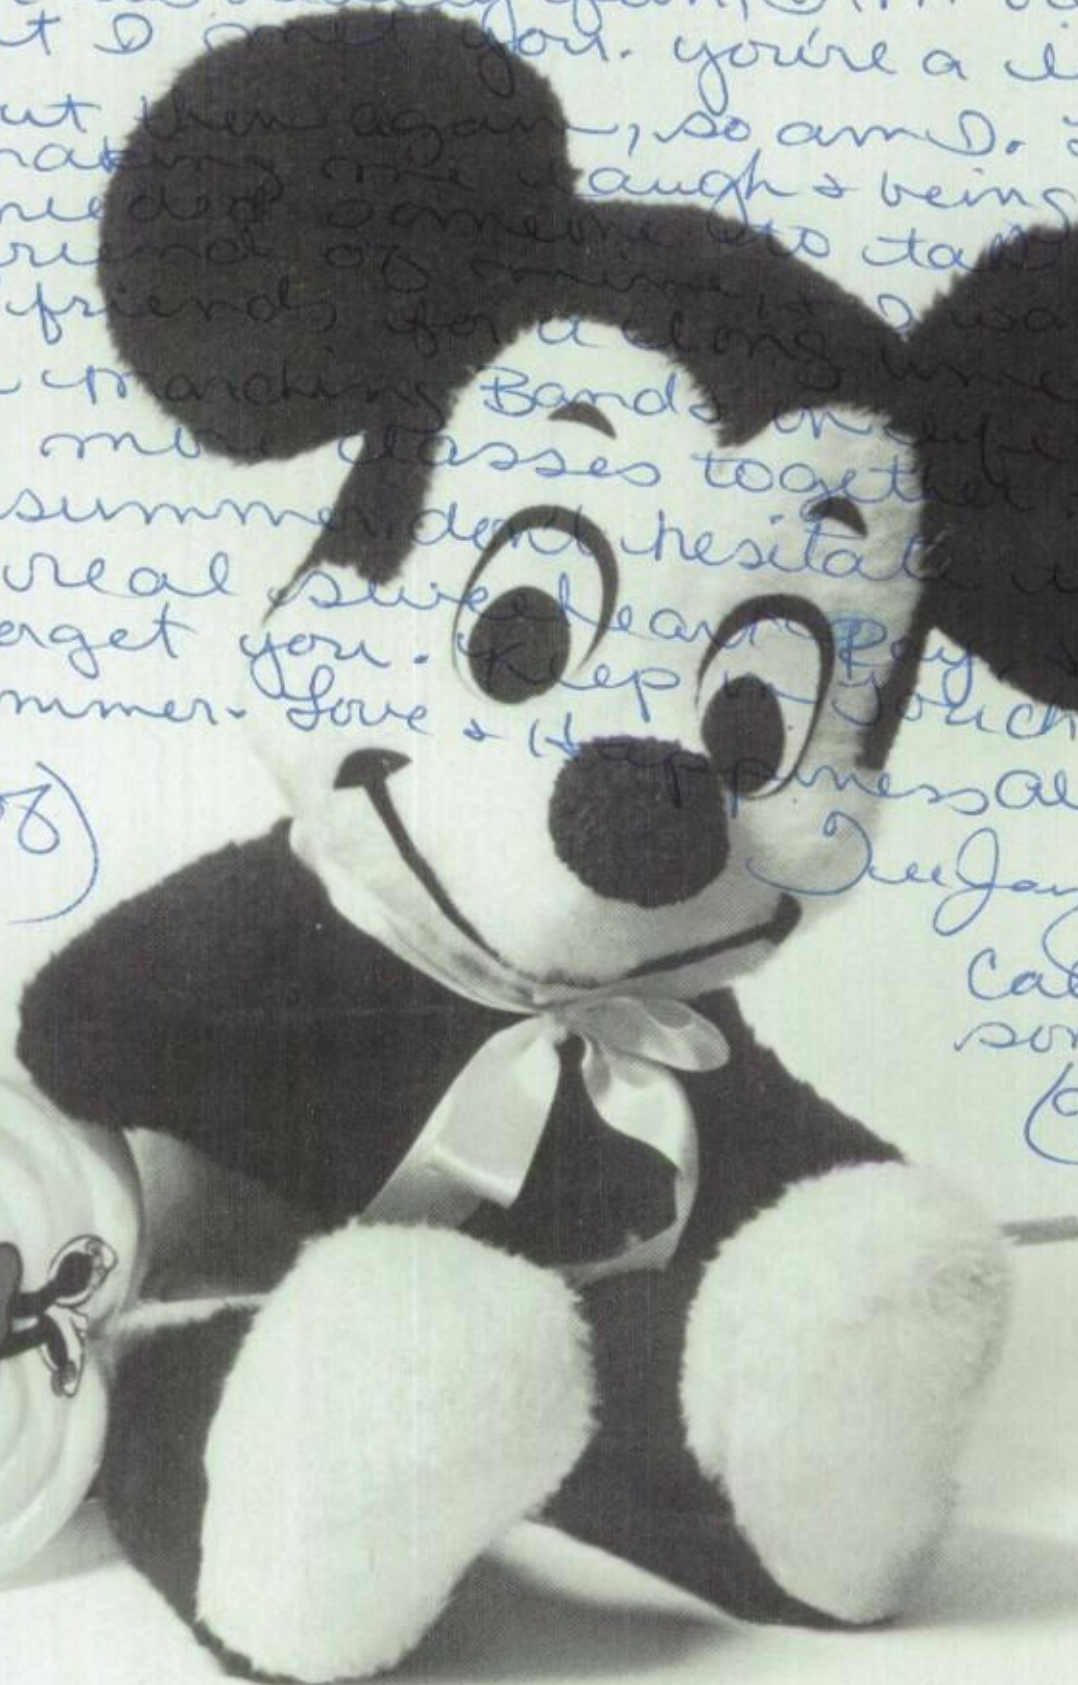

through those weary and rainy days

Though friends have their ups and downs
there is usually a brighter side
the treasures and secrets they share
are something to behold.

Like the end of the rainbow holds a
pot of gold!

...JUST EYES

A tiny box, a secluded square,
I view outward, into the air,
Then myself judged, as the cover lies,
In everyone I see, I see their eyes.

It's not that I hate you,
Or that you can't see mine,
And it's not that I love you,
But how you leave me behind.

Run with cosmic strength and speed,
Then stop to reassess the need,
We together breathe beneath the skies,

In everyone I see, I see their eyes.

It's not that I hate you,
Or that you won't see mine,
And it's not when I love you,
But what is left behind,

...Just eyes, the window of your soul,
...Just eyes, a mirror to console,
...Just eyes, seeds to be sown,
...Just eyes, so elusive to won.

The Far away Counselor

I've got to talk to somebody
Why not you?
You seem to know the right
things to do.
My mind wanders and
I lose control.
You are the only one who can
soothe my soul.
You are far
but easily reached.
My soul cries to you as a
whale that's beached
I see times through troubled
eyes.
Times that go by with no dreams
realized.
I feel sensations that rock my
soul
and still I fall into that gaping
hole.
I touch things both tame

and wild.
My senses tell me, "you are still
a child."
I smell the flowers, orchids
and daisies.
They say to me, "rest here child
and be lazy."
I hear the birds with their
beautiful songs.
My lord says, "just wait it won't
be long."
"you have no need to fear,
never need you shed a tear."
"your dreams will all come true,
my light shall always shine on you."
"the experience you yearn for is
coming soon,"
My life, it seems, is run
from beyond.
My lord whispers quietly
"It won't be long."

MADNESS

A FRIEND

A friend is a person that is honest.
That sometimes hurts with her truthfulness,
And saves you from more pain later on.

A friend is a person that is tactful.
That reassures you and builds your confidence,
And fills your emotional strength.

A friend is a person that is original
That does her own thing beautifully,
And lets you do yours.

A friend is a person that follows,
That learns from others what is wrong or right,
And teaches you.

A friend is a person that dreams.
That can push away reality for a while,
And accept impossibilities.

A friend is a person that thinks.
That understands what needs to be done,
And does it.

A friend is a person that cries.
That can feel hurt and make mistakes,
And is loved for it.

A friend is a person that laughs.

That can see the humorous side of situations,
And makes you see it too.

A friend is a person that is there.
That helps you up when you've fallen,
And sets you straight.

A friend is a person that cares.
That understands and sympathizes with you,
And gives you comfort.

A friend is a person that talks.
That gives advice and counsels you,
And always turns out right.

A friend is a person that listens.
That lends a sympathetic ear when needed,
And acts forever willing.

A friend is a person that is all this and more.
And blessed are those with a friend like
You.

V. Football Advances To CIF Playoffs

After five games of the season, it looked like Agoura's chances of making the playoffs for the first time since '76 were next to nothing. 4 of the Charger's 5 preseason games were against 4A schools. Narrow defeats to rivals Newbury Park (7-0) and Westlake (20-0) were discouraging, but they didn't quit. October 18 marked their first Frontier League game and Homecoming against Calabasas. Calabasas vandalized the school and cut down the team, but on the field it wasn't even close as Agoura won 42-29. The victory foretold the rest of the season as the Chargers rolled to a 4-1 record in league, good enough for a playoff berth in CIF and second only to powerhouse Rio Mesa. The Golden Chargers drew Lawndale for the first round. Despite combacks and spurts of perfection, the game was to be Lawndale's 41-33. The 1980 season was a very exciting one, and with a promising JV team coming up, next year is certain to be just as thrilling.

J.V.'s Are A Winner

This year's J.V. football team had an outstanding season. With a final record of 7-3, they surprised many teams this year including powerhouse Muir 34-0. They also beat Westlake in a close game 15-14. The Chargers started league with a bang, whipping Calabasas 44-0. The team's final league record was 3-2. Carrying the offense in the backfield were Dave Pitts and Jon Debrowski with Park Elmore anchoring the line. The Best Ever

For the Agoura Varsity Water Polo team, the 1980 season proved to be the most outstanding in the school's history. Taking second place in the Frontier league, the Charger tankers advanced into post-season C.I.F. competition; a first for Agoura Water Polo. Offensively, the speed of Eric Lundstrom and the muscle of John Brody combined to for the Charger attack. Guarding the goal for Agoura was first-year goalie Ed Ball, wh led the Charger defensive attack. V. Cross Country Places First In League.

Agoura has one of the best Boys Varsity Cross-Country teams in the state, third best to be specific. Our Varsity squad placed number three in California Interscholastic Federation's Finals this season. That is news to many people here at our beloved school. Jim Kelly, Dave Trussel, Chris Spitz, Robert Van Wessel, Tom Zallinski, Andy Armstrong, Lance Burkhart, and Dave Elder. These Few, proud soldiers of long distance know no fame, no glory. AGOURA HIGH SCHOOL
BOYS CROSS COUNTRY SCHEDULE
1980-81

J.V.'s Win League

Junior Varsity Cross-Country Harriers' put themselves at the top of the 2A Frontier League. At League Finals, this team placed in Five of the first six finishers. Paced by Richard Jabara, Chris Witwam, Rod Silver, and Bob Zimmerman, the team took first through third place, fifth and sixth in a field of five other high schools. Dave Elder's times were fast enough to put him in varsity throughout the league meets and CIF Finals. With most all of the varsity squad graduating, this leaves plenty of places for these promising J.V.'s to move up into.

1-Chris Dickerson keeps pace with James Dison. 2-Rich Jabara outlasts a Calabasas runner. 3-Brian Jennings with 1 mile to go. 4-Kevin Valance sprints to the finish.

TOP ROW: Will Giverns, Dave Elder, Jeff Cagnon, Doug Offerman, Mike Cassidy, Brian Jennings, Bob Zimmerman, James Dison. LOWER: Rod Silver, Chris Dickerson, Al Calce, Rich Jabara, Paul Brennan, Kevin Valance, Chris Witwam.

Cross-Country Girls Capture CIF Title

Girl's Cross Country has been carried by the Class of '81" for all three years of its existence. As the fourth season began, there were doubts that there would be a 1981 season because there were only two sophomores and a freshman out in the '79 season.

But, Agoura High was blessed by three very talented freshman and a junior 440 runner who was giving cross country a try. The LA Times ranked the team sixth in its preseason 2A poll. Coach Smith couldn't understand why. It didn't take him long to realize that maybe in the 2A division, Agoura did belong in the top 10. The girls had to adjust to being a winner after being pushed around in the Marmonte (4A) year.

The Chargers rushed through the Frontier League and finished in the top five in all Invationals against 3A and 4A competition. Alemany, ranked #1 in 2A, beat the team twice but by small

margins. The Varsity won the Frontier League finals with 10 points and moved up to #3 in the final regular season 2A poll.

In the CIF prelims, the girls had their worst showing of the season but were able to qualify for the finals by getting second in the first heat. Going into the finals, Alemany was the heavy favorite but it was for naught. The team goal was doing their individual best and running as a team. It worked; each of the top five improved her semifinal time by 40 seconds and Susanne Muchitz's time dropped 90 seconds. The combined efforts of the girls totaled 87 points, edging out Alemany's 98 points and giving the Agoura High their first CIF championship in a girl's cross country. Congratulations to the team's dedication and to Coach Smith for his help in bringing this about.

... Another C.I.F. Year

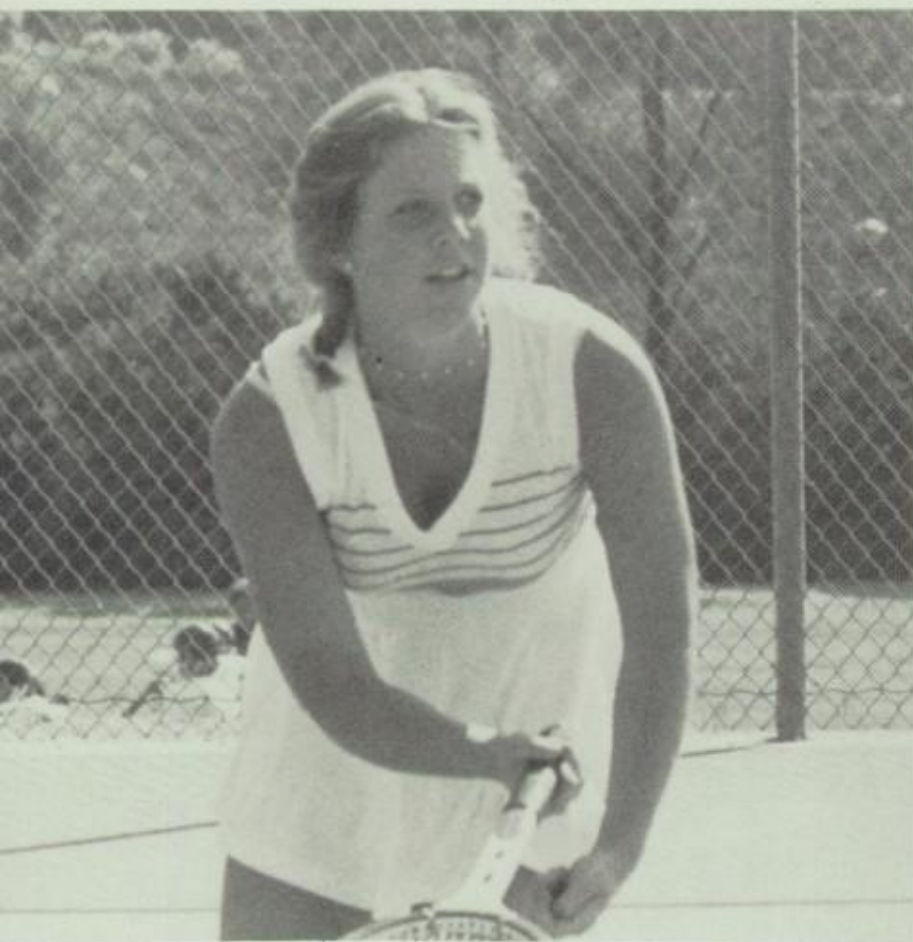

It was another C.I.F. year for the Agoura High School Varsity Girl's Tennis Team. This enthusiastic team lost only four matches the entire season and made it to the third round in C.I.F. competition before losing to San Luis Obispo in the quarter finals. Sharing MVP honors this year were Laura Lee and Erin McIntire, while Shelly Peters captured the Junior Varsity spot. The J.V. finished their season with an 0-9. All the girls did a great job, especially with the help of Coach Bill Harms.

Spikers

The Varsity volleyball team had an excellent season this year. Between returning starters Deanna Miller, Kim Walker, Jenny Hall and Berna Brust, plus many new additions, the Chargers had their most talented squad in years. Candy Mead and sophomore Beth Landy also contributed much to a very successful season for Coach Vicky Sveda's team.

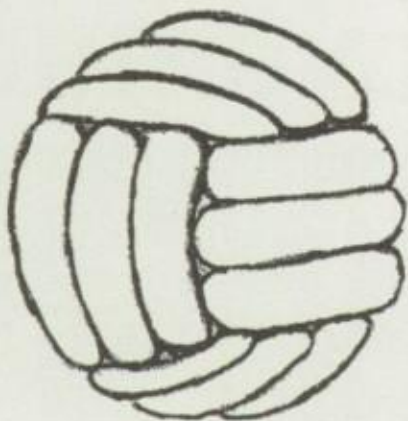

The J.V. team also had an exciting season. Coach Dick Leonard looked on as setters Chris Aines and Carrol Cinney led the team to a terrific record. Must credit must also be given to Jennifer Jones and Karen LaBruyere for contributing to the Agoura cause. Many of these girls may look forward to much Varsity action in the future.

Bottom Row-Tracy Spinner, Kate Nolan, Candy Mead.

Frosh Gains Experience

The trademark of freshman volleyball this year was great effort and enthusiasm on the part of both the team and the coach. The team was headed by a new face at Agoura, Miss Suzanne Packard, who's spirit and devotion led her team through a season full of excitement and experience. The spiking ability of Monique Sury, the serving of Andrea King, and the setting of Sharon Borawski and Elizabeth Faulkner were great assets to the team, which finished 1-9 in their league. The experience that the girls acquired this year will help them a great deal next year as potential J.V. and Varsity players.

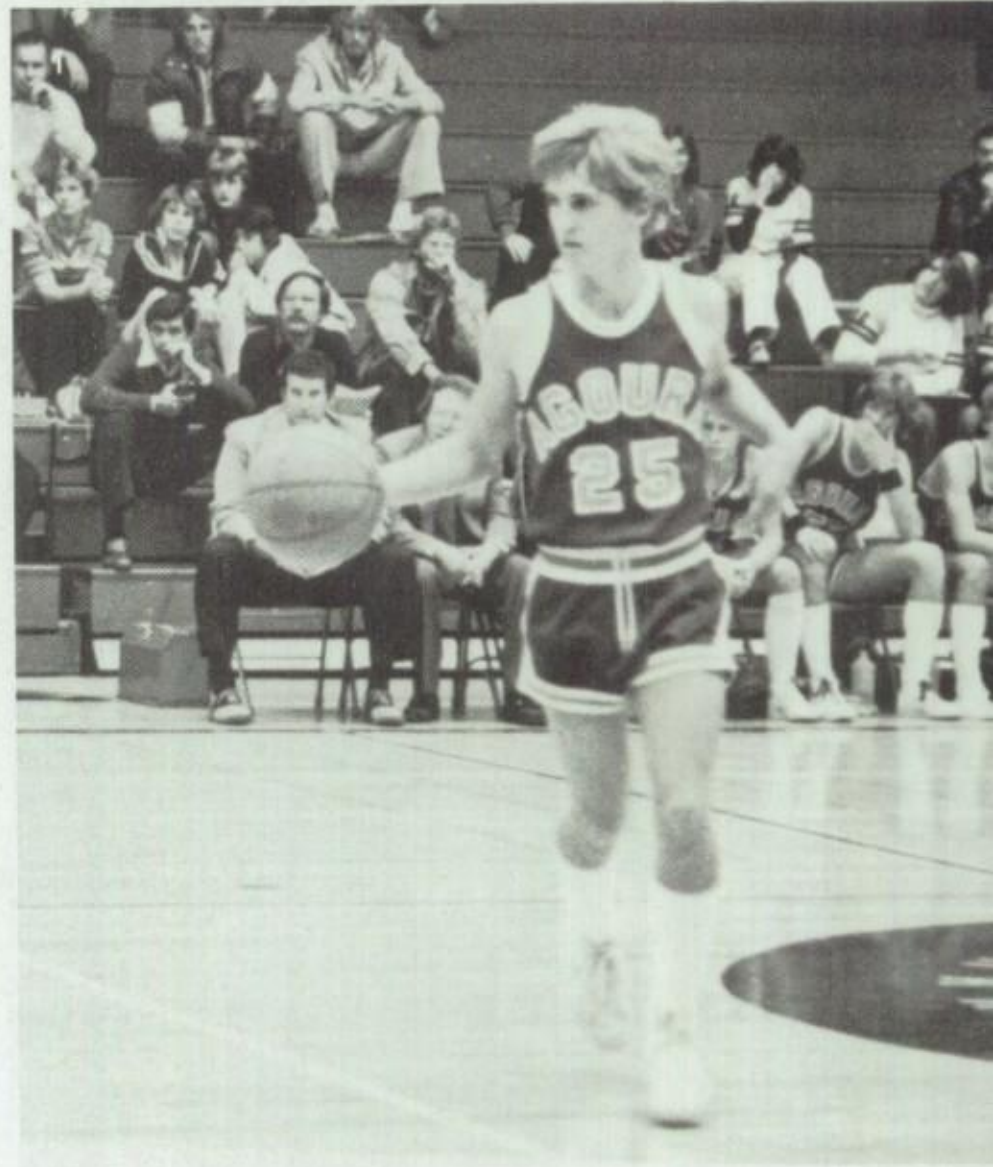

Left to right, top row: Manager Erica Harasyn, Kerry Martin, Lisa Litcha, Andrea King, Sharon Borawski, Amy Cunningham, Heidi Donahue, Elizabeth Faulkner. Bottom Row: Andrea Contarino, Karen Zimmerman, Charistina Brody, Colleen Nolan, Monique Sury.

Definitely An Improvement

Coach Bob LaBelle's Varsity Basketball team provided both improvement and disappointment for the Charger coach this year. The improvement was a 5-15 record after a 1-19 record last year. The disappointment was a fourth place finish in the Frontier League with a 4-6 season, just missing the play-offs. The Chargers made the mistake, when they moved to 1-A of moving to the powerful Frontier.

The Chargers were led offensively by the one-two scoring punch of seniors Derrick and Brian Sutton. Between them, these two averaged over 34 points a game. Beale also led the battle of the boards along with senior center Doug Wicks. Senior guard Steve Perrin ran the club and did the majority of the ballhandling, with help from Junior Dave Dobrowski. Sophomore forward Charlie Robbins began the year on J.V., but before long was promoted to a starting Varsity position. Junior Greg DeGennaro and Senior Mark Weston also saw considerable playing time, and Senior Danny Walters and Junior Doug Burkman contributed their respective shares to the team. With four players returning, and a strong J.V. team moving up, the Chargers can expect a successful season next year.

J.V.'s Place 3rd In League

The Agoura J.V. Basketball Team finished a respectable third in their Frontier League race this year. It seems even more respectable when you consider that the chargers were dominated by sophomores and started a freshman against other teams made up mostly of juniors. Starters Jim Hall, John Dobrowski, Jeff Buchignani, Jon Siegler and freshman Stewart Meyers were vital to the charger effort as were sophomore Jeff Richardson and juniors Rich Dimino and Jeff Frum. You may expect to see many of these people on next year's varsity squad.

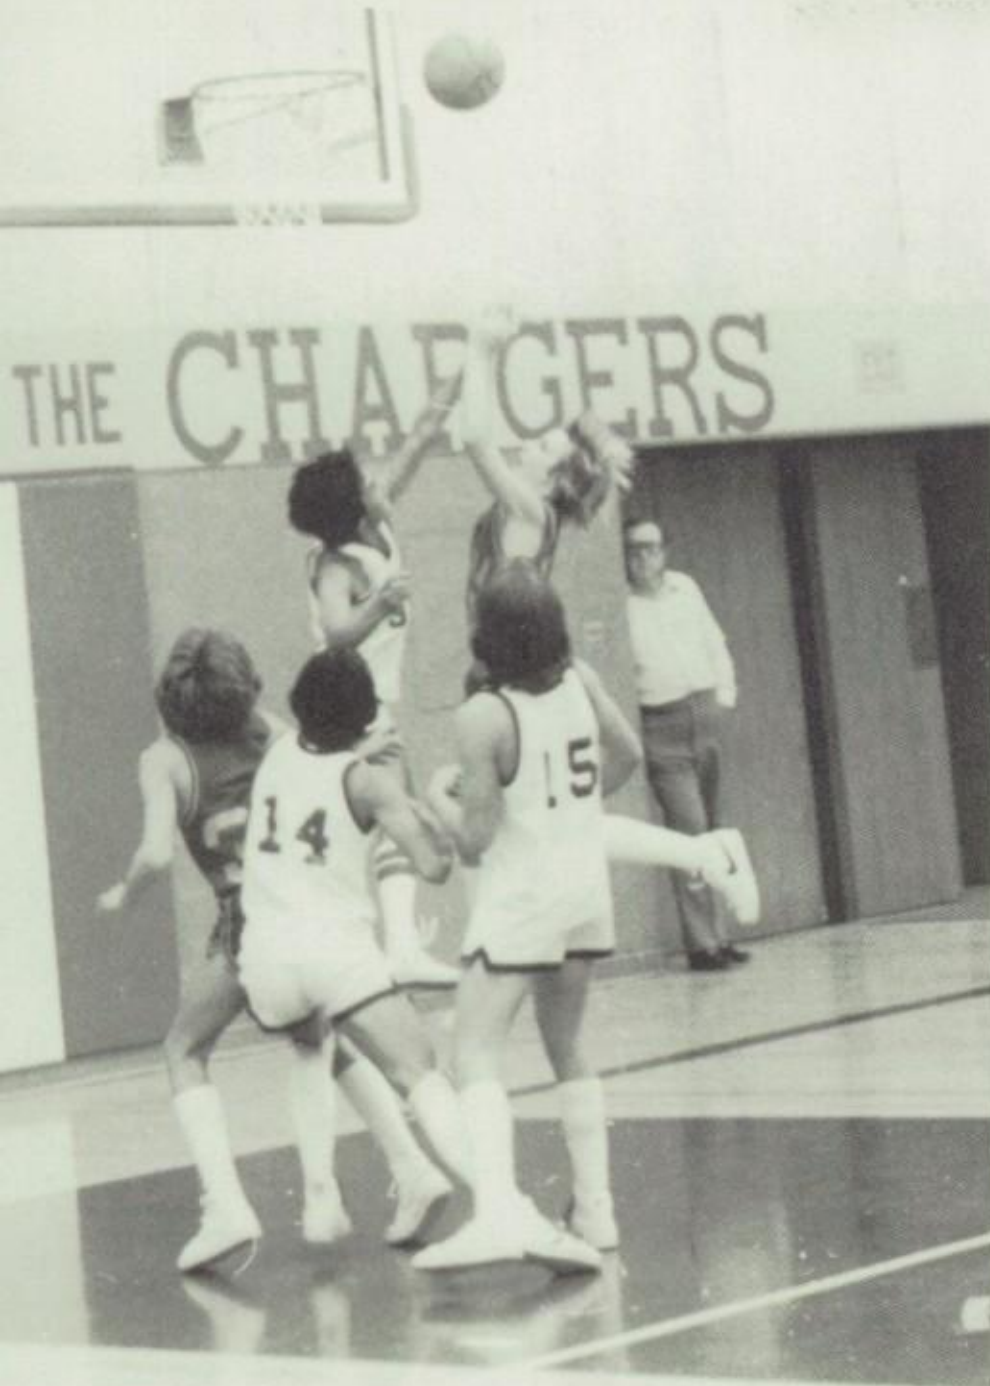

(1) Jeff Buchignani puts up a free throw against Santa Paula. (2) Freshman center Stewart Meyers goes high for the tip against Nordoff while Jeff Richardson (33) goes for the ball and (3) against the Santa Paula while John Dobrowski (35), Jon Siegler (32), and Jim Hall all watch the ball closely.

Frosh-Soph; Frontier Champions

The Agoura Frosh-Soph basketball team, a group of ten individuals who had never played high school basketball before, won the Frontier League Championship with a record of 8-2 this year. It was quite an impressive achievement considering that the team, consisting of 8 freshman and only two sophomores, often played against much larger sophomore-dominated teams. Russ Parcell, Russ Spitz, Greg Rous, Richard Jabara, Chris Brown, Brian Scott and Todd Dreddick all played consistently well throughout their championship season. Many of these young men could grow up to be excellent varsity players.

Russ Spitz goes up for two, while Richard Jabara battles for rebounding position. (1) Todd Reddick scores inside as Russ Parcell and Chris Brown look on. (2) Greg Rous intimidates an opposing player with some aggressive defense. (3)

Girl's Varsity Basketball

The girls varsity basketball team did great this year. Their skills and knowledge have been shown throughout the year against such rivals as, LaReina, Nordhoff, and the ever popular Calabasas. During the 3 months of training the girls have shown much dedication and friendship toward each other. When talking to their coach, Mr. Larry Pascetzski, he has nothing but supportive comments to make about his girls. With the strong team work of Laurie Sacks and Jean Marek how could the team go wrong. Don't miss out on watching these girls in the years to come, in college ball.

Varsity Soccer . . . # 1

The Agoura High Soccer team completed its' most successful season in 5 years. The team came in first place in the Fronteir league and beat Calabasas for the first time in Agoura history. The team was led by all league players: Craig Ekman, Steve Daley, Mike Wildermuth, league M.V.P. Mike Thomas, Kevin Majors and Kevin Kelly. Senior Marty Keegan and juniors Darren Strong, Bert Morefield, Cory Eckel and, Chris Berty. The team made it to the 2nd round of CIF playoffs before being eliminated by 3rd ranked Glendale. The team coach, Dick Leonard, who has completed his most successful season ever, was voted "Coach of the Year" by other fronteir league coaches.

V. Grapplers Stay On Top

This years wrestling team with varsity coach Steve Smith and J.V. coach Dennis Ritterbush had a very successful season. Returning varsity wrestlers Steve Singleton and Steve Clancey enjoyed an excellent year with some very exciting matches. Also having a fine year for the Chargers was Mike Sheets. The 80-81 team was a very young team with only three seniors on the varsity squad. The team had a very productive season, taking second place at the Agoura-Pierce Tournament, and placing well at other tournaments. Next years team will again be a young team but should have a successful season. Most outstanding went to Steve Clancey. Most improved went to Mike Sheets. Coaches Achievement Award went to Ed Norick. Four Chargers got to CIF preliminaries. Sr. Ryan Pete Peterson, Jr. Babak Sadraie, Sr. Steve Clancey & Sr. Steve Singleton.

J.V. Soccer

The J.V. soccer team proved to be an excellent experience for all of the players. Considering the fact that the team was made up mostly of Freshmen, we competed nicely. The J.V. record was 5-4-3 and all of the games were well played. One especially exciting game occurred at Rio Mesa, finally ending in 1-0 victory for the Chargers, with Steve Kubelun scoring the winning goal. All in all, the J.V. team had an enjoyable and worthwhile season.

SPRING SPORTS

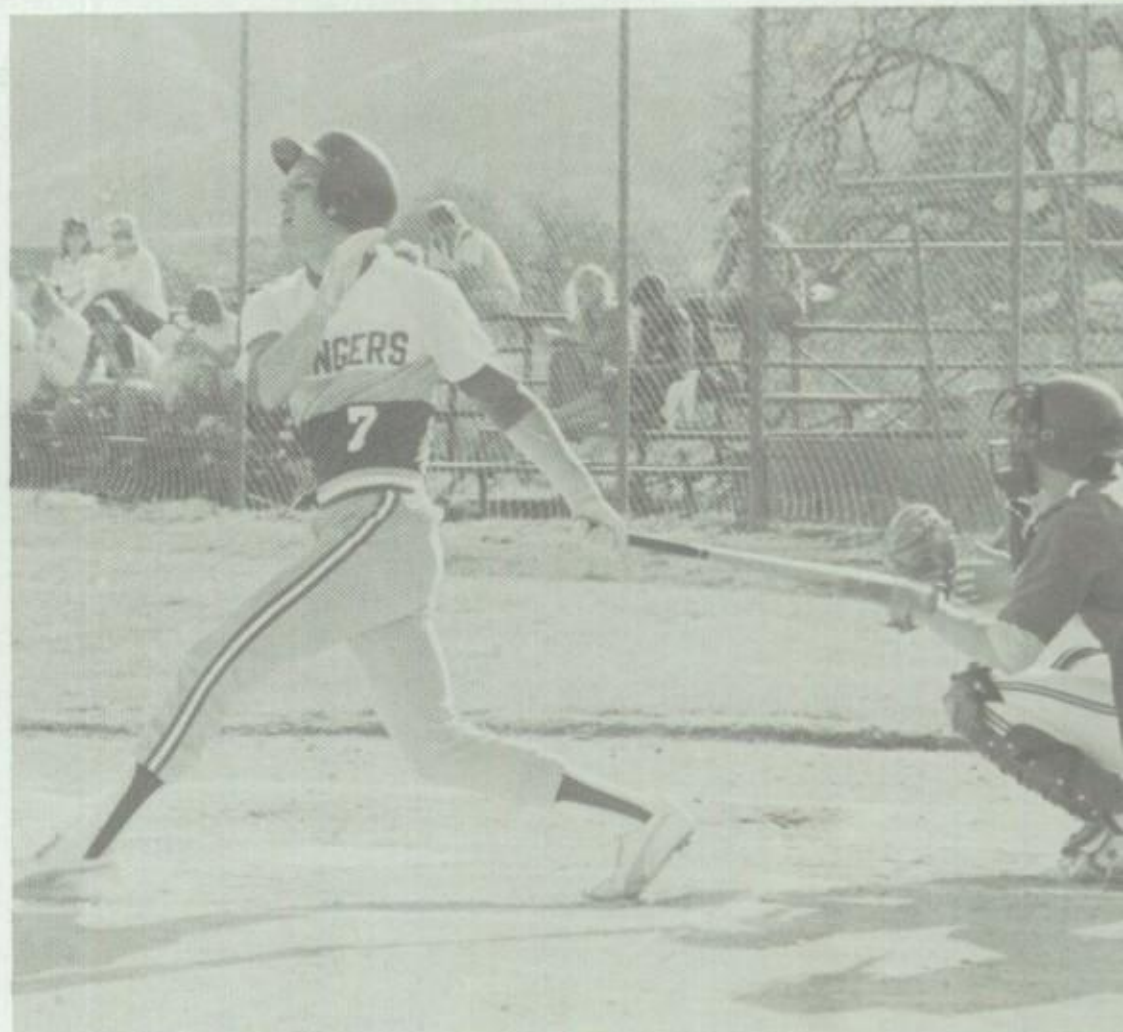

Varsity Baseball

Sparked by four experienced infielders and two returning pitchers the Chargers look forward to a fantastic year. With Agoura back in the Frontier League, Coach Fred Williams believes his ballplayers will have a winning season. With the help of junior pitchers Erick Mason and Bart Morefield, the Varsity pitching staff has depth, as does the hitting attack, powered by the bat of Steve DeGennaro. Transfer student Joe Pone and Mike Mulligan will put some speed in the outfield for the Chargers. With a lot of experience and new talent, the Varsity team awaits a great season.

The key this year for Coach John Crow's jayvee's is balance. The sophomores have quality infielders and outfielders, plus a talented bench. The combined power hitting of Andy Marcus and John Dobrowski will set the pace for the Charger's offensive attack, along with the overall speed on the basepaths. The Chargers also have great depth on the mound with four strong pitchers. With talent, balance, depth and a lot of ambition the jayvees will have a fantastic year.

Golf Team

Agoura's golf team played expertly last season . . . This year they plan to do the same. Agoura's PUTT-masters have placed consistently on top of their league. Jeff Richardson and Mike Russel

should place high in C.I.F. Finals when they roll around. Coach Jim Christian-son expects his underpar specialists to birdie their way to the top of the Frontier league once again.

Agoura has always fielded strong tennis teams, and despite some setbacks, this year's addition should be fine indeed. Besides losing many players to graduation, the Chargers suffered a severe blow when top player Bruce Walsh broke his arm and was lost for the year. Number one player Chris Guerin, #2 Don Neumeier, #3 John McKee, #4 Ron Lasley and the rest of the rest of the Agoura netters will have to brave the Frontier League without Walsh, under the guidance of Coach Bill Harms. Their prospects look quite good for success.

Track & Field at Agoura High holds promising prospects once again. Being in the reletively uncompetative Frontier League, out team plans to finish first in league competition. With the individ- ual performances of Will Givens and Mark Boos in the short dash events, Brett Meehan and Steve Knorr in the hurdles, Lance Burkhart, Andy Armstrong and Dave Trussel in middle distance runs, Bob Bowmann and Jim Kelly in the long distance runs, Brian Case at the pole vault, and Aaron King at the shot-put. Most if not all will compete at league finals and ultimately . . . C.I.F. finals. All of this, of course, wouldn't be made possible without the guidance, leadership and never-ending diligence of coaches Bill Belcher and J.D. Smith.

Our female tracksters here at Agoura have proven to be one of the most talented teams in years. With patience and inspiration of coaches Frank Greminger and J. D. Smith our team will finish first in the First in the Frontier League. With the likes of Kim Walker, Stacie Neuman, Michelle Simon, Carrie Rose, Beth Landy, Ceana Glincke, Lisa Ash, Allison Edwards, Wendy Hall, and the true master of distance running, Karen Caruso. Girl's Swimming

The word for the Girl's Swim team at Agoura is tradition. Agoura has always had a strong team, and this year should be no exception. The team is strong in all areas and will be very competitive in Frontier League competition. With several young swimmers in the group, the tradition should continue through the years to come.

Girls Softball

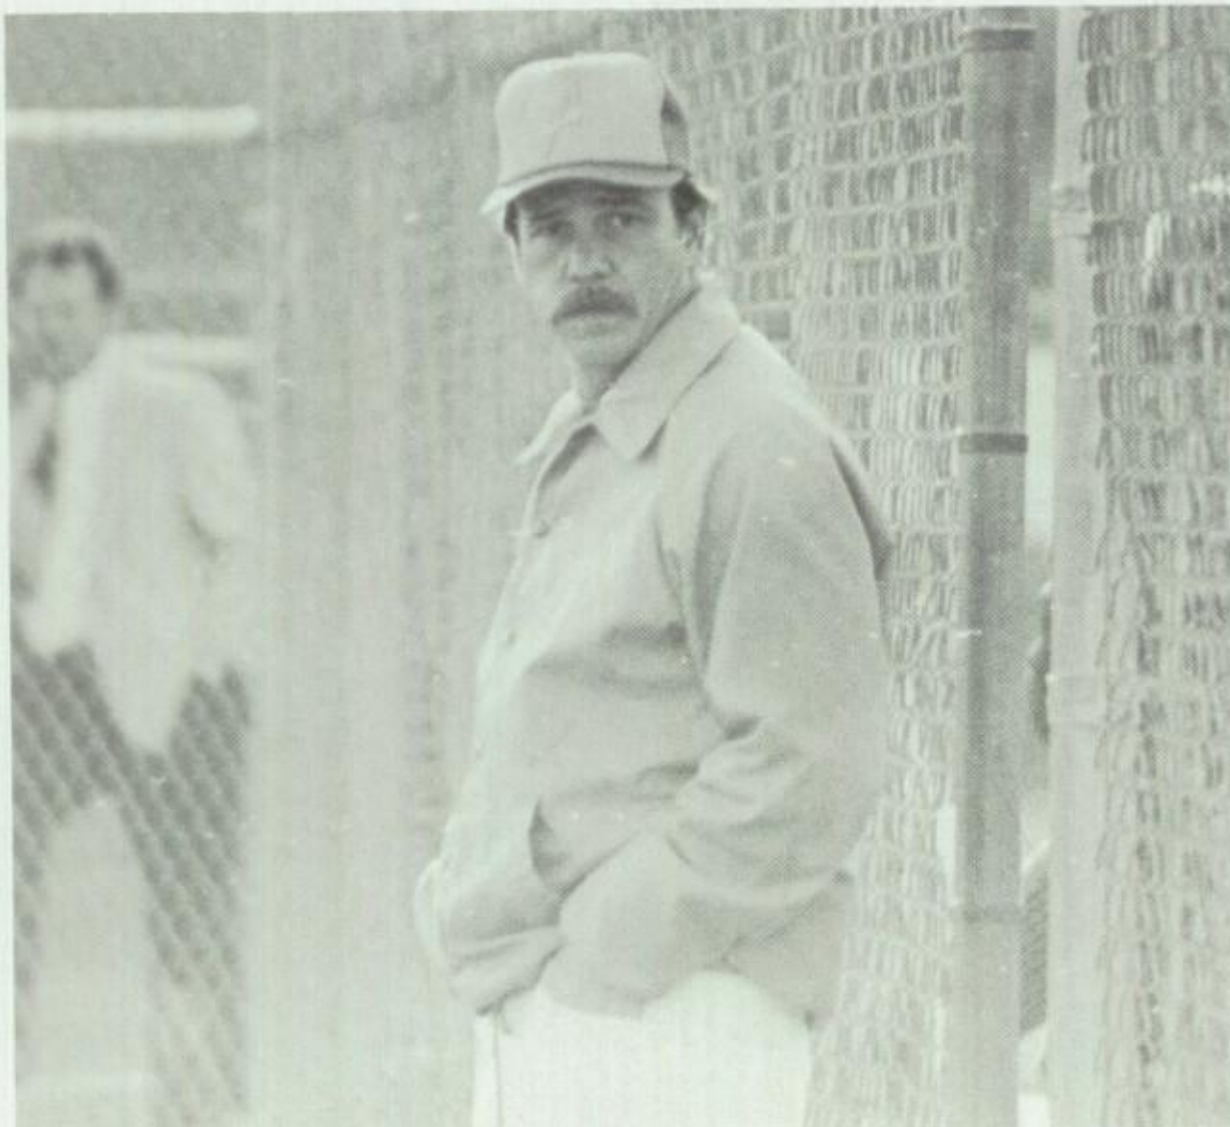

Another year has come and gone, along with another season of Varsity and J.V. softball. Both teams did especially well this year. They went in with much enthusiasm, which kept them on top in their league. Fine coaching ability was displayed by coach John Goodes, as well as coach Larry Pasetski. The Varsity went through the whole season scarce on players, But even with this handicapp, they have managed to show that they are not a team to take lightly.

On the J.V. level the team showed much potential through the whole season. We will be watching for these girls in the years to come. Special thanks was given to the managers on both teams.

Spirit Team 1980-81

The 1980-81 Spirit Team had a successful season. These 32 girls were responsible for Varsity, JV, and Frosh athletics during the Fall, Winter, and Spring sport seasons. They covered all home games for every sport and every away game for football and boys basketball. Other activities include Pep Assemblies, Fund Raisers, and attending a summer camp at UCSB. They returned with loads of enthusiasm which they carried throughout the year. To prove this, they brought home from camp several blue ribbons and received a spirit stick while attending the camp. They all felt it was a memorable experience and had a lot of fun.

class of '82 I feel has worked together to make this year a great success. Not through the ups and downs involved in our activities and fundraisers by taking each thing as it came and we worked them out together. Our school has grown since our freshman year and I know that it will be even greater stronger next year because we have spirit that will stay with us always. With the help of my class, Mr. Antonucci and Mrs. Croner our advisors, and my friends Cory, Monique and Andrea my job was made so much easier and more enjoyable. Next year as seniors with our togetherness and superior spirit, it will be the best year of our Agoura High School career and a year to remember throughout our lives. I am proud to say that I belong to the class of '82 and I wish them luck always.

Junior Athletes

Something about our "Dedicated" Junior Athletes, of which there are many. We have such talented individuals as Kate Nolan (volleyball), Will Givens (track), Susan Crouse (tennis), Kris Jester (tennis), Cory Eckel (football) and many others working hard to give our school a name to be

proud of. They put a lot of time and effort into their individual sports and we know that our great athletes from the Class of 1982 will never let our Agoura Athletic Department down. Keep up the good work!

New Driver Syndrome

One of the things that remind you of your Junior year is when you become sixteen and you finally get your license. You've gone through Driver's Education and Driver's Training as a sophomore and now that you're able to drive,

you realize that it wasn't all in vain. Most juniors don't get a car right away, but some of the lucky few are pictured here on these two pages.

Juniors At The Zoo

Our class of '82 has always been very spirited. They have newfound "zoo" in the Agoura Stadium. This section is proved this by winning the Spirit Can in both of their first two years at Agoura and by winning the overall Spirit Week competition their Sophomore year. This year they continued to show their spirit as the Juniors hit "The Zoo." We refer to the

The Cheerleaders of '64

Another Homecoming attraction this year was our Homecoming assembly, held Friday October 17th, which made a lot of people anxious for the homecoming activities to follow. This assembly consisted of the usual class competition yells, and routines performed by our 1980-81 J.V. and Varsity cheerleaders. We had our usual visit from our own Jane Curtin and our information- update, too. There was also the uncovered mystery of "Who shot J.D.?", but the highlite of the morning was the return of the breath-taking 1964 alumni cheerleaders, who performed a talented cheer from the good old days.

Some of the members of our band that does such an excellent job at all of our assemblies.

Homecoming 1980 was an all-around success. The day began with a double victory on the football field, J.V. winning 42-0 while the Varsity stunned archrival Calabasas with a 42-21 win. This year's half-time show was a memorable one. First of all, our Marching Band and Banners performed, followed by an exciting parachute show by the California Aerial Parachute Team. Then, this year's Homecoming Queen, Cindy Kerby, was crowned by 1979's Queen, Shannon Pond. After the half-time festivities the many students and alumni present watched as our varsity team returned to the field and sewed up their victory over the Coyotes.

Below-Steve DeGennaro leads the Chargers back onto the field with a 21-7 half-time advantage.

A Dream Came True

This years Homecoming dance was surely a dream come true. Agoura's G building was filled with many happy Agoura students, students from other schools, alumni's . . . and freshmen. The dance began at 8:00 after which the featured band, The Electric Warriors, played a variety of our students favorite types of music. The dance honored this years homecoming court, Donna Marion, Jenny Helland, Susie Jacobson, Holly Atkinson and Cindy Kerby, and they as well as everyone else who attended had a wonderful time. The dance ended at 11:00, but for most couples, the evening continued.

We've Got Spirit

Above & above right-Have you ever seen Peter Borawski with a messy face?

Right-Pick your friends out of the crowd at the assembly during the final day of very spirited week.

This year Spirit Week was, as usual, quite enjoyable. Monday the youngsters kicked off the week during Freshman Day. Freshman Day activities included the lap-sit, tag games, and pass-a-person-over-your-head. Students of all grades participated. On Sophomore Day the sophomores held a very successful carnation sale and a competition in singing the alma mater between classes. Junior Day consisted of competitions in jelly-flipping and gelatin-eating. The amoeba race topped Spirit Week off with a bang!

Above-Peter Borawski is rarely at a loss for words, but during the Spirit Week gelatin-eating contest he didn't talk much. He might have tried to talk, but no one understood him.

Below-Alicia Hawkins and Cory Eckel organizing one of the Spirit Week activities.

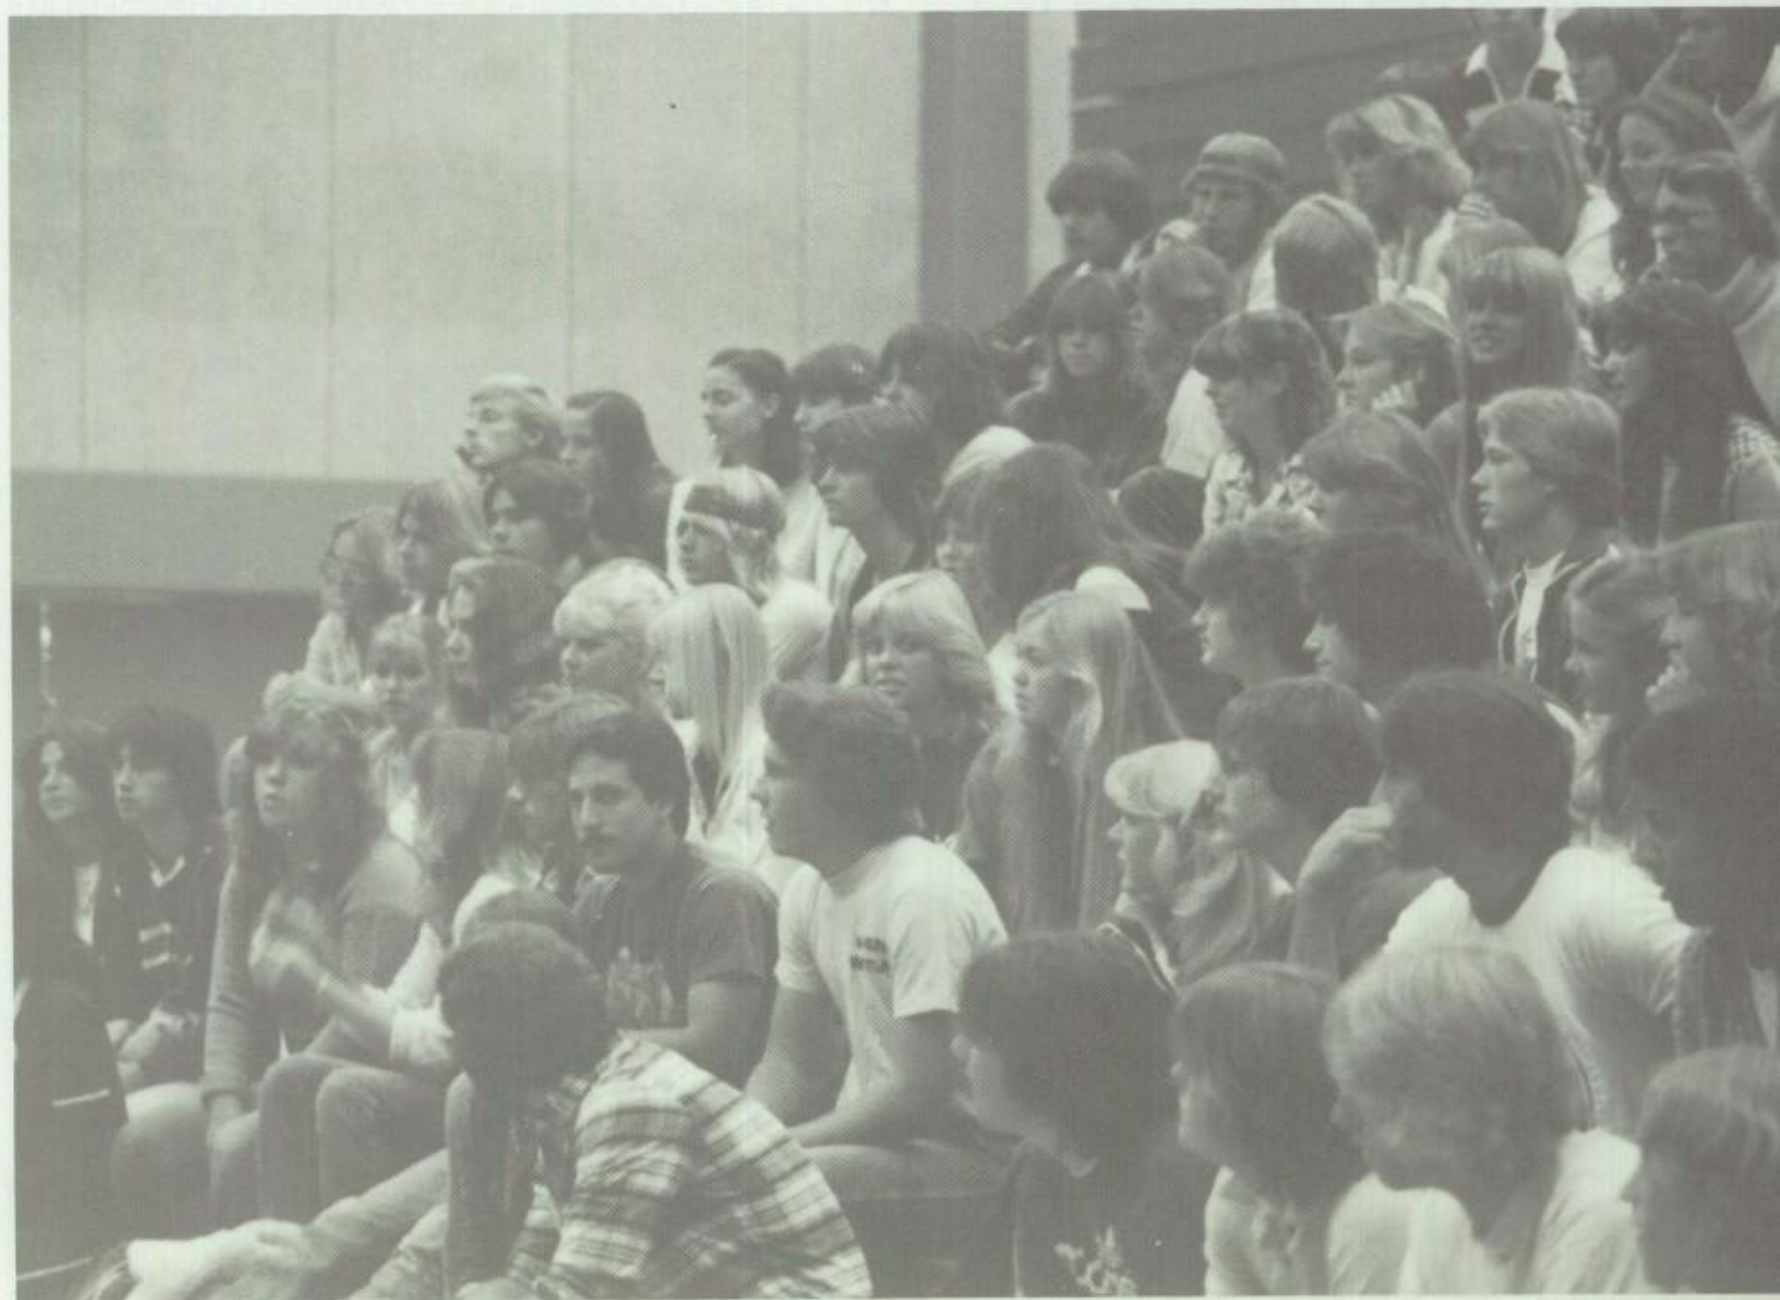

For the first time in Agoura High School's history, our Seniors Activity Day was a success. The day began with an assembly describing the 1981 prom. Then the buses full of our seniors class, headed to Malibu Lake Country Club. A picnic, softball, swimming, and other activities filled the day. All in all, the day was well worth all the planning that went into it. The seniors certainly proved their motto to be true: "We're rowdy, we're fun, we're the Class of '81!"

At Halloween, Agoura High transforms itself into a sort of Transylvania. Not your basic, everyday Transylvania, but like it for instance, there were a lot of mice running around campus, and not too many monsters - it was scary, nonetheless. Other attractions were the dress-up contest, the haunted house and a visit from the Great Pumpkin Halloween morning. On the whole, Halloween was a very enjoyable day.

Career Day

Career Day this year at Agoura was very successful, interesting and students had lots of fun while learning alot too. Career Day was on November 20, taking the place of second and third period that day. Career Day gives students a chance to learn about different careers, and meet professionals in a variety of fields. A week prior to career day, students choose two classes in careers to attend from a lengthy list consisting of Cosmetology, Real Estate, Photography and many, many more. Agoura feels this is a great way to help their students prepare for the future and most everyone enjoys it.

Square Dancing

Square Dancing has been a tradition here at Agoura for several years, and the students have kept it going because of how much they enjoy it. The week before school lets out for Christmas vacation, the P.E. classes and their teachers give up their regular P.E. schedule to learn some good old-fashioned square dances. The P.E. teachers and coaches teach the students some old favorites such as The Virginia Reel, King of the Road and everybody's favorite "Heel and a Toe". It's always one of the funnest school Activities of the year, so most everyone always gets out there grabs a partner and has a terrific time.

Battered & Bruised

Donkey Basketball is an interesting phenomenon. Each year, various students and teachers mount the mules and proceed to make utter fools of themselves before an audience, and yet each year there are plenty more volunteers to embarrass themselves in this way. They don't even get paid. The audience certainly enjoyed this year's edition of Donkey Basketball, judging by the large turnout and enthusiasm. Apparently, even the riders had a good time, despite bruised egos and assorted other bruises. As usual, the jackasses did a fine job, and so did the donkeys.

1-Alane Monasevitch and Mr. Goodes meet at half court for the opening tip-off, as Mr. Kilpatrick looks on. 2-Scoring a basket in Donkey Basketball is no easy task, as these players found out. 3-One student team consisted of (left to right, top row first): Pat Shelley, Ron Lasley, Valerie Auth, Todd McKee, Tim Sorenson, Natalie Fechner, Kathy Walters, Sue Brownfield, Walt Kubelun, and Kim Anderson. 4-Allison Weekly would rather wave to friends in the crowd than play Donkey Basketball. 5-Tim Sorenson discovers the true meaning of the phrase, "Stubborn as a mule," as Pam Molsick dismounts in the background. 6-As much fun as Donkey Basketball is, it does have certain drawbacks.

Burn Rubber

The auto show this year at Agoura High School was a fantastic display of all the totally "HOT" and wild machines on wheels that cruise the streets of Las Virgenes County. The auto students were proud to show their fast cars. Greg Weir was one of the winners on that Saturday afternoon in February.

The Original Love Bug

This year Agoura got a treat as the Performing Arts Department presented a musical for the fall production. Usually musicals are reserved for the spring, but we got an extra treat as the Agoura theater presented the delightful "Amourous Flea." Greg Dagnault starred as the lecherous Arnolphe, raising the beautiful Agnes (Lisa Randolph) in ignorance for his own pleasure. Unfortunately, the handsome young Horace (Mike Sobel) appears on the scene to try and steal Agnes away. The situation becomes extremely complicated, and the only sane ones around are the servants Alain and Georgette (Robert Ward and Karen Christiansen). "The Amorous Flea" all added up to a delightfully funny musical, well worth watching.

Encore Encore Encore . . .

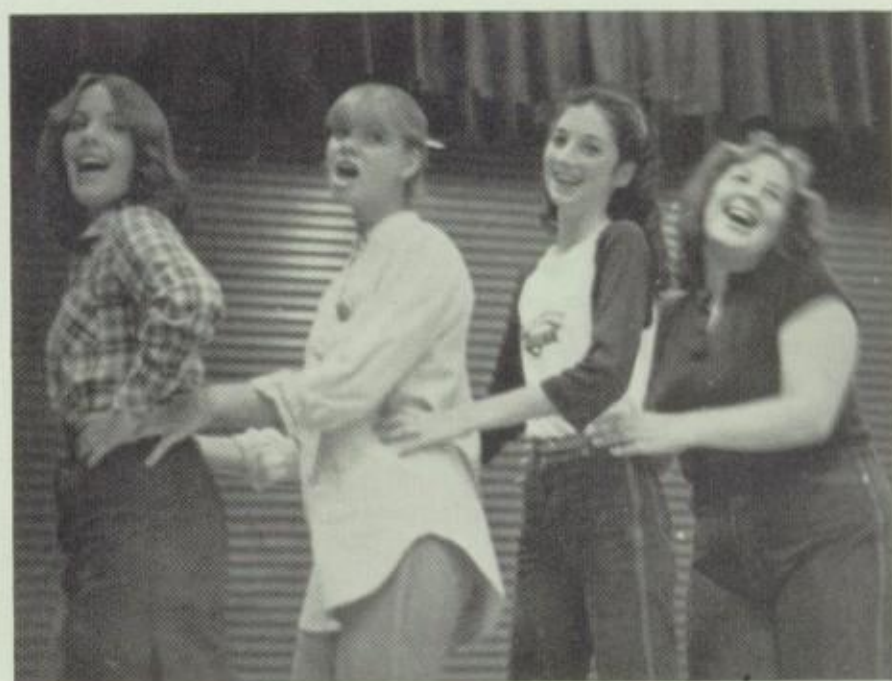

For 3 consecutive nights in February residents of Agoura could hear thunderous applause, loud cheers and shouts of general excitement coming from the Agoura High G-building. The reason- "Encore" - Encore" an evening of Thespian sponsored One- Acts, proved one of the most enjoyable theater experiences at Agoura. Theatre veterans, as well as a few newcomers, transformed the Agoura stage into a variety of settings; a tense court-room for the original one act "Testimony" written by Holly Atkinson, Dena Harmon, Alicia Hawkins and Jerry Stratton, an old country barn for the delightful satire "Rainy Afternoon" featuring Jon Amirkhan, Loriann Hemond, even a football field for Katie Saar's touching performance of "Last of the Pom Poms". Congratulations are in order for all who participated in "Encore"

The audiences so enjoyed this impressive production that they demanded (naturally) an Encore . . . the response; CABARET IN MAY!!!.

1) Jon Amirkhan, Lori Ann Hermond, Alicia Hawkins 2) Holly Atkinson, Jerry Stratton 3) Lisa Ransolph, Todd McKee 4) Jon Amrrkhan, Alicia Hawkins 5) Jennifer Nelson, Allison Weekly, Nancy Zorehkey, Laura Schwake 6) Holly Atkinson, Alicia Hawkins, Dena Harmen

Life Is A Cabaret

"Life is a Cabaret," and so is Agoura High this spring as the Agoura Performing Arts Department presents the hit musical, "Cabaret"! The show promises to be a great success, and the enthusiasm is rampant. The ever popular Holly Atkinson portrays the "strange and extraordinary" Sally Bowles, and Jerry Stratton is her lover, Clifford Bradshaw. Steve Perrin is the ever present Master of Ceremonies (emcee) at the Cabaret. Dave Kane and Dena Harmon play Heir Schultz and Fraulein Schneider, in love and in danger in pre-WWII Germany. Craig Harasyn is Ernst Ludwig, a political activist of his day and Cheri McCray is Fraulein Kost, a lady of questionable repute. The action centers around a Berlin Cabaret, and there is plenty of action; singing, dancing and romance. The "Cabaret" at Agoura figures to be "perfectly Marvelous."

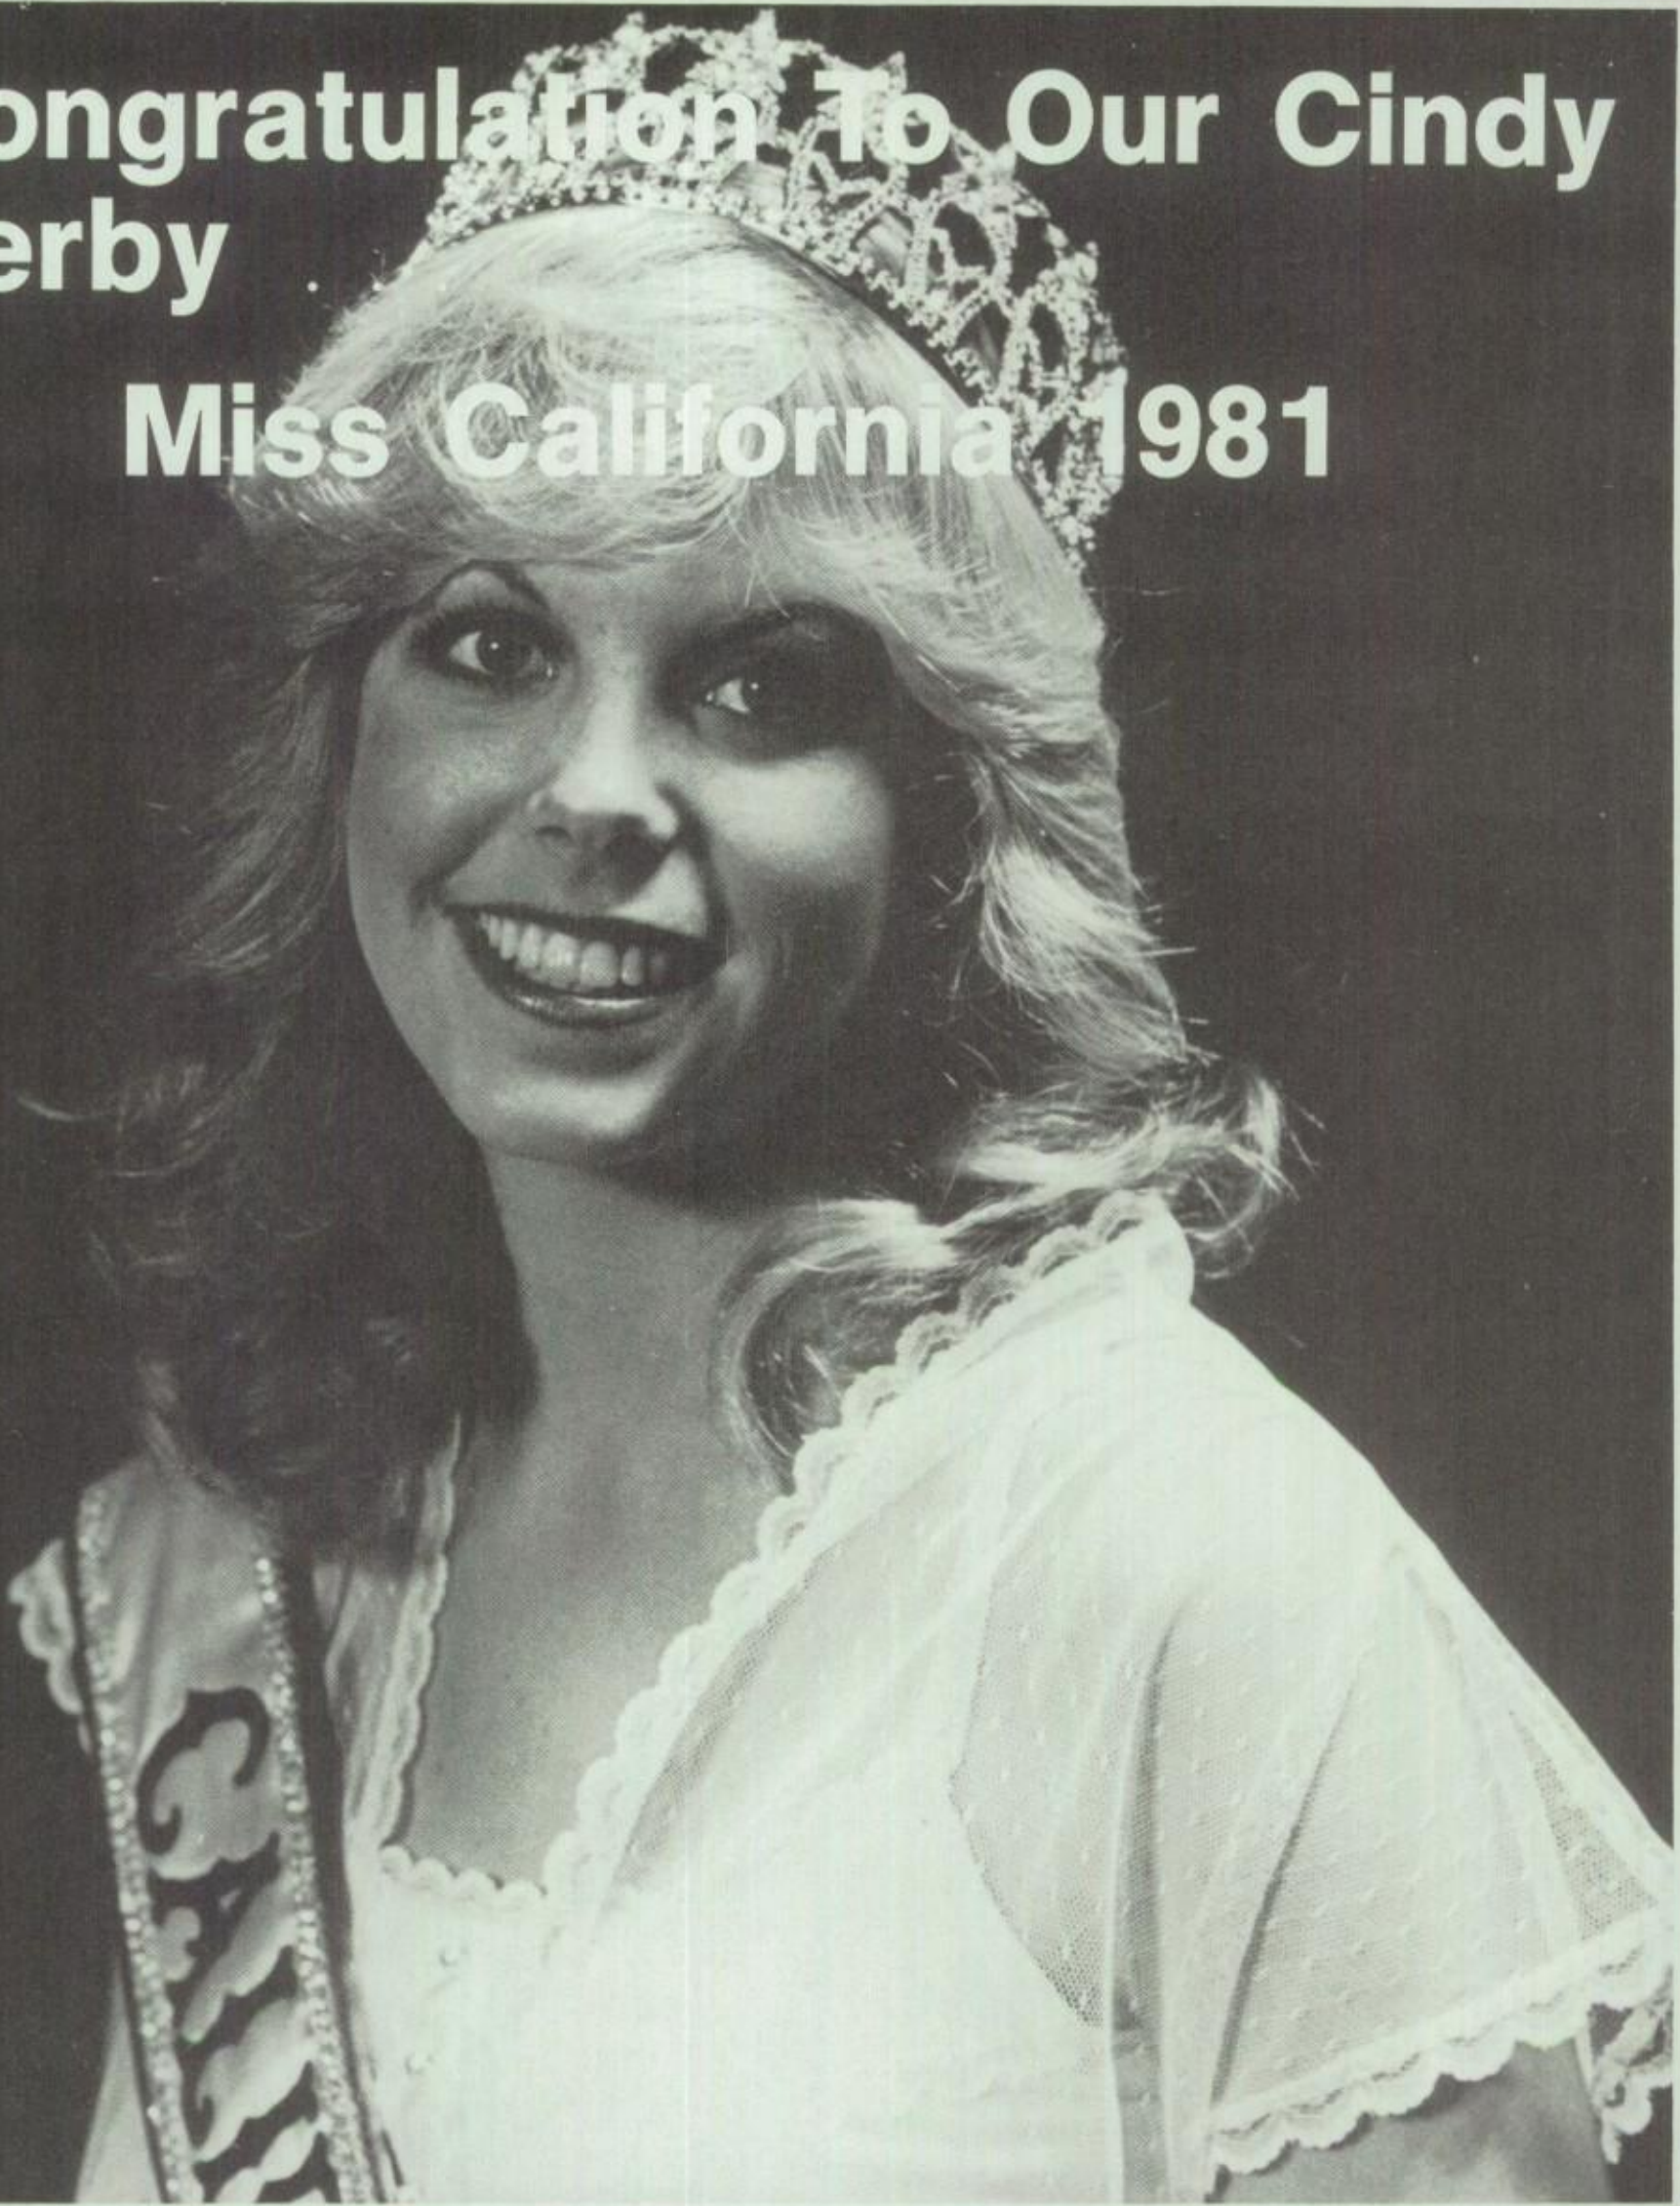

1-Cliff and Sally (Jerry Stratton and Holly Atkinson) meeting at the Cabaret. 2-Marney Whited, Steve Perrin, Lisa Randolph, Teri Anderson, Holly Atkinson, Suzanne Cole and Stewart O'Rourke performing at the Cabaret. 3-Kit Kat girls Amy Nunnally and Lisa Randolph flanking emcee Steve Perrin. 4-The cast of "Cabaret". 5-Kit Kat girls Amy Nunnally, Suzanne Cole, Lisa Randolph and Marney Whited present . . . 5- Kit Kat girls Alicia Hawkins, Teri Anderson, Karen Christiansen, Denise Bulac, and Pam Callie. 7-Todd McKee serving Heir Schultz (Dave Kane) and Fraulein Schneider (Dena Harmon).

The year is 1981 with the usual clubs having their picture in the yearbook; but this year we thought we would put an old group of people, that have been around high schools for a few years, as well as a new breed of individuals that could possibly be a trend in the future. These people are the surfers and the punk rockers.

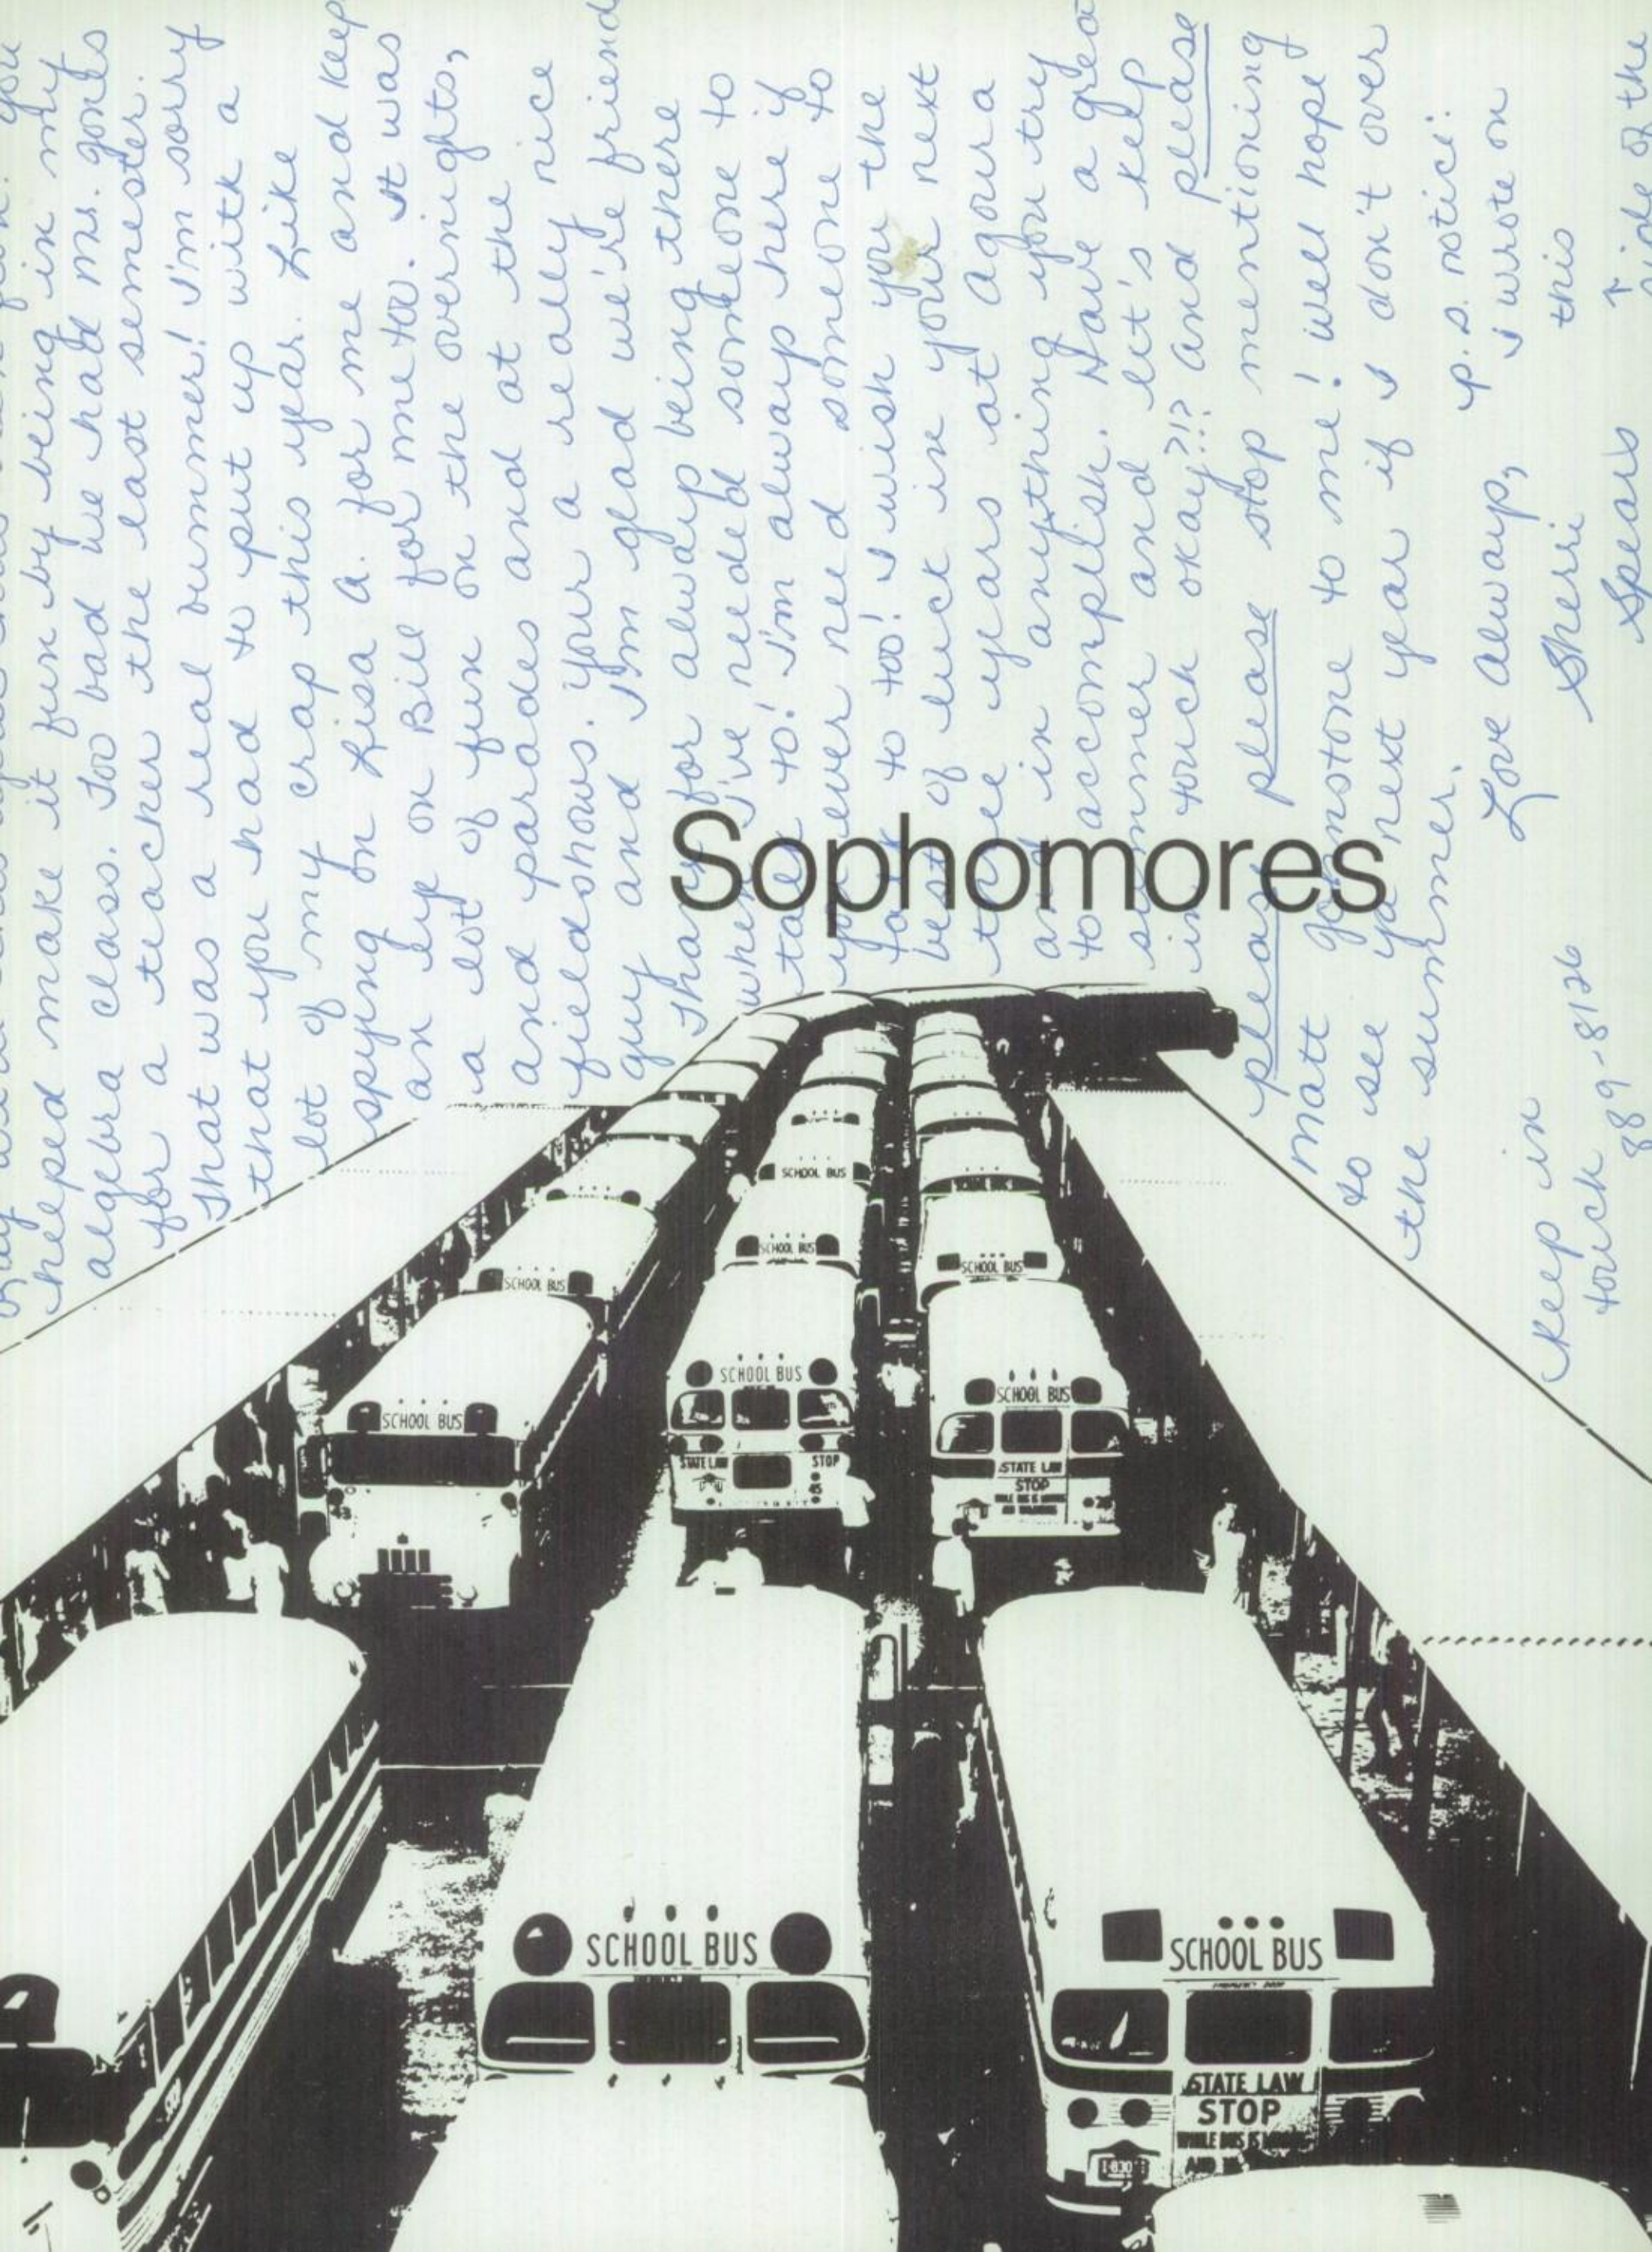

The surfers eat, sleep, and think surfing and when Saturday comes around chances are you will see one of Agoura's local surfers heading down Kanan Rd. early in the morning, to catch that perfect wave.

The punk rockers have a new and unusual way about themselves; their hair is usually short; maybe dyed. Their clothing is varied from bright colors to Viet Nam attire. The music they listen to is energetic, intense, and a completely new sound, I think one can say it would be the opposite of Perry Como goes to Hawaii. As future editions of the yearbook "Quixotian" are in the making, we plan to include more clans, cliques and clubs that take place during your time in high school; it is our job to document what takes place on our campus and what interest our readers.

may have made it fun by being in my algebra class. Too bad we had Mrs. Gonts for a teacher the last semester. That was a real bummer! I'm sorry that you had to put up with a lot of my crap this year. Like spying on Lisa A. for me and keep an eye on Bill for me too. It was a lot of fun on the overnights, and parades and at the fieldshows. You're a really nice guy and I'm glad we're friends. Thanks for always being there when I've needed someone to talk to! I'm always here if you ever need someone to talk to too! I wish you the best of luck in your next three years at Agoura and in anything you try to accomplish. Have a great summer and let's keep in touch okay?!? And please please stop mentioning Matt Johnson to me! Well hope to see you next year if I don't over the summer.

Class Officers

This marks the end of another memorable year at Agoura. I hope it was an enjoyable one for students and faculty alike.

Without the dedication of Les Van Dyke and Jim Christianson, many of my goals for this year's Sophomore Class would not have been realized. Thank you gentlemen!

I would like to thank my officers: Jon, Kerrie, and Jodye for their help and understanding.

It has been a great year.

Lots of luck future sophomores!

you are gone. But as much as I try it
very hard without you there. Well I
hope that you have an awesome time
with the Raiders and lots of good luck.

high school campuses across the country, there are students concerned with what is happening around them, students interested in politics, government, education, and change. The Junior State exists for these and all students in the country. The Junior State is a non-partisan, non-profit student run organization which has been in for 45 years. The Junior State brings together thousands of high school students, from diverse backgrounds, and serves to involve, educate, and represent them in political processes which govern their lives.

This year marks the first time the Junior State has been on the UCLA campus. With the help of the students involved we managed to organize a successful chapter. We have brought to campus; debated candidates, rights, political fairs and much in government days. Our main activity this year was our annual convention in Sacramento. We stayed at the Woodlake Hotel for the weekend and attended numerous seminars and debates. Some of the topics we participated in were very controversial such as; that the death penalty be abolished in California,

that homosexuals not be allowed to adopt children, that Marijuana be legalized, licensed and taxed for use by those over eighteen years of age and that the patenting and commercial (not experimental) genetically engineered microorganisms be banned for a period of not less than five years. We all had a great time and learned a lot.

For a new club on campus, I feel that we accomplished a lot and established a good reputation on campus. Without the help of my fellow officers I would have never survived. Thanks to my treasurer, Steve Hobbman, Secretary, Mark Share, Publicity officer, Barbara Heatherly, and my Finance editor, Darrell Cass, and his assistant Dave Woodruff, for their time, effort, and dedication to our Junior State Chapter, special thanks to Mr. (Pete) Peterson for his support as our teacher advisor.

President-Kristin Irwin.

Well everybody, we finally made it through our first year at Agoura High School. Although this is one year that is gone by of our school days, we still have three more years to establish our goals and find out who we really are. I know that we are a class with fantastic school spirit, we have determination and above all, we have pride in ourselves and in our school. Every single individual contributed to the success of our school year.

We had great things happen like Homecoming and all the football games and all the fund-raisers. Thank you for all the help and support you gave me. I can tell that the Class of 1984 is going to be excellent!

See you next year,

Kristin Irwin

Art Dept.

Creativity At It's Excellence

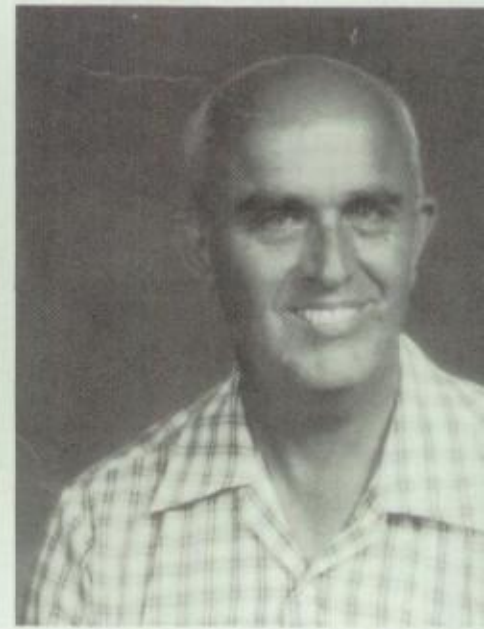

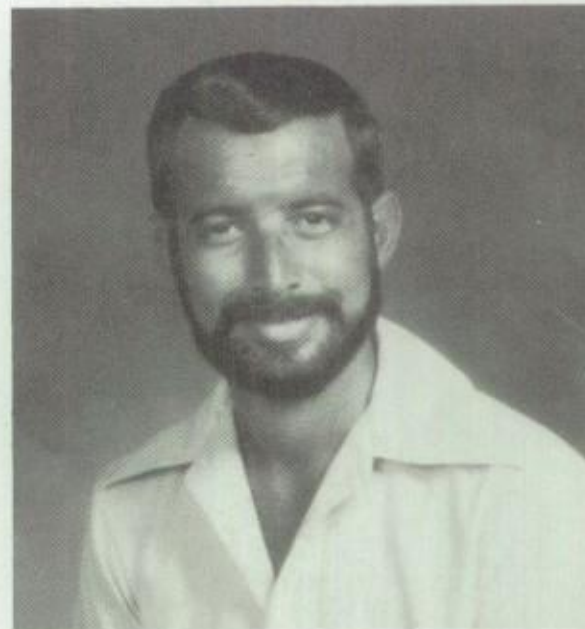

The Art department is a vital part in the development of a well rounded educational experience. As an Art school program, we are extremely fortunate to have a strong professional staff. 1-Ms. Feldtkeller conducts the Art program in creative design with an array of classes as in drawing and landscape, silkscreen, and Commercial Arts. Mr. Kale, a talented potter by trade, shares his knowledge and experiences with his students. His classes range from Ceramics to Stained glass. 2-Mr. Neely is the Photography teacher at Agoura who makes it a point to bring the outside work of photography into the classroom. Some of the projects are studio portraiture, color printing, photo journalism, studio illustration, special effects, and the list goes on. The Art program is ever changing with new ideas developing all the time.

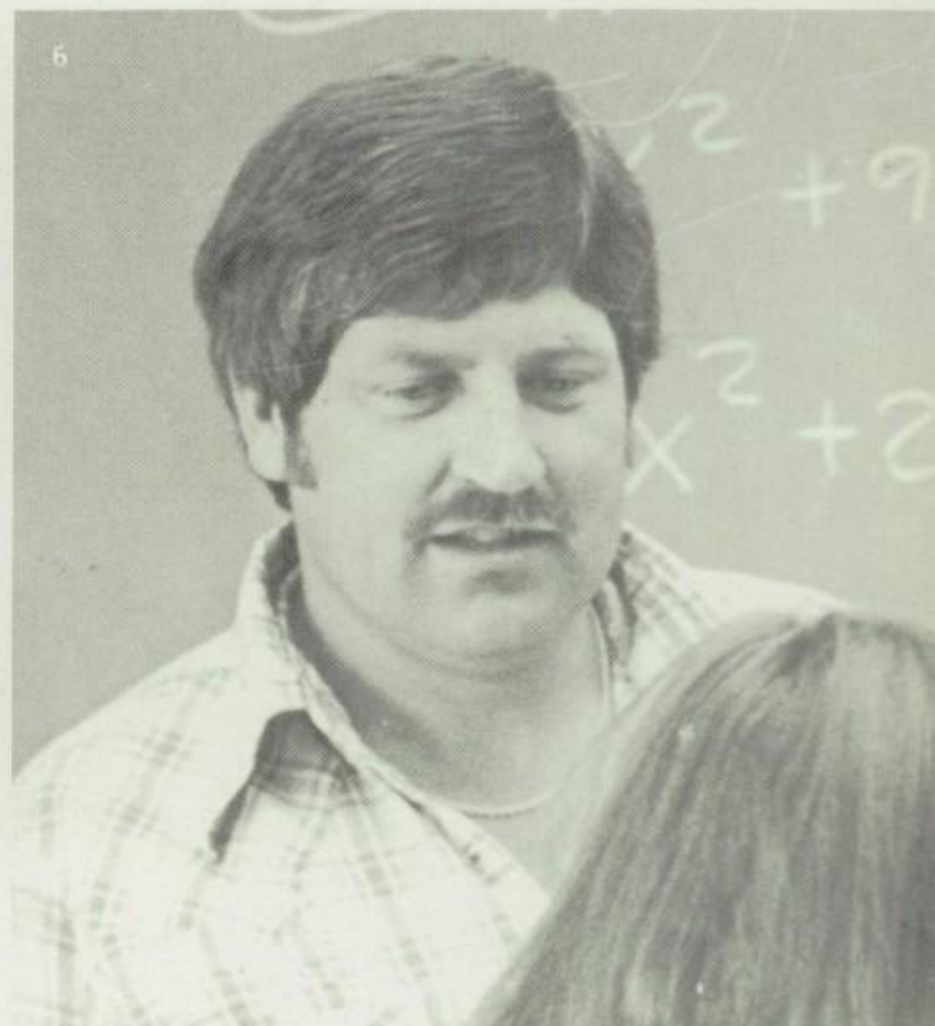

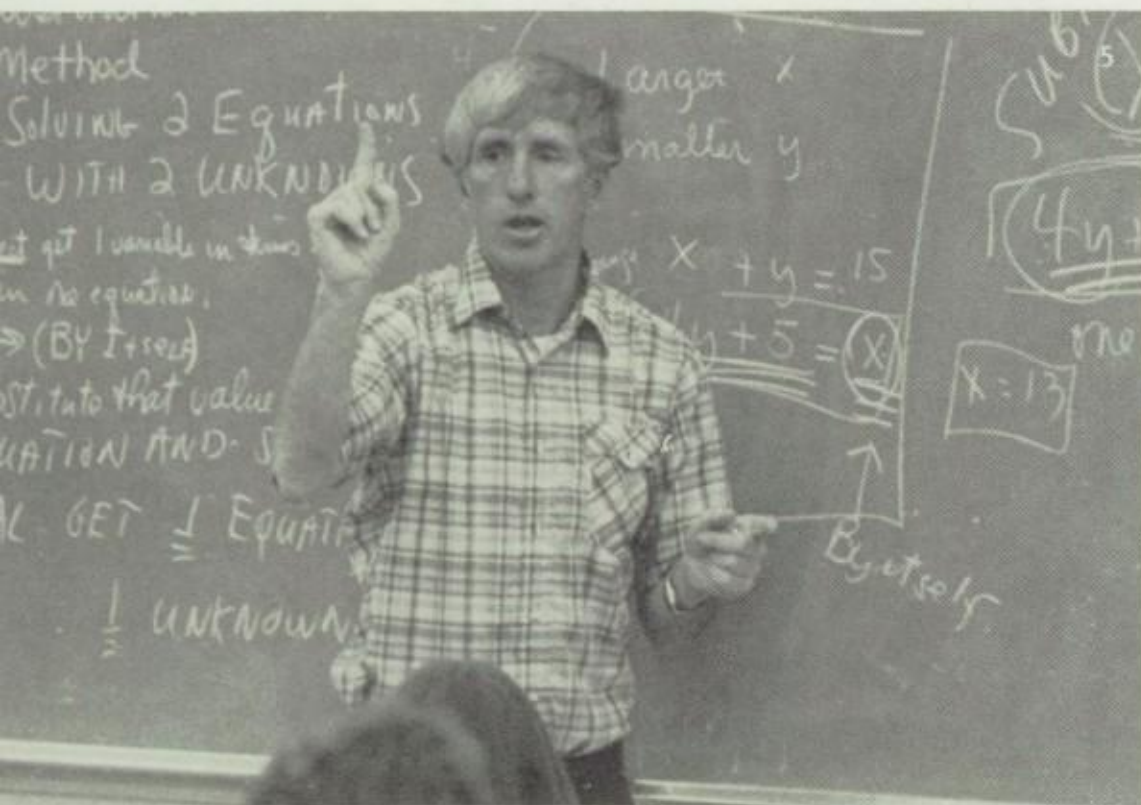

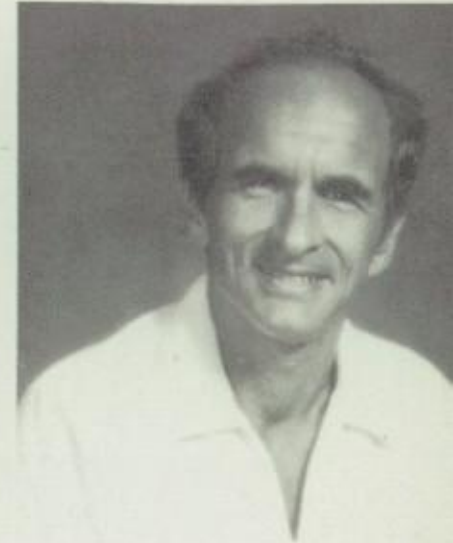

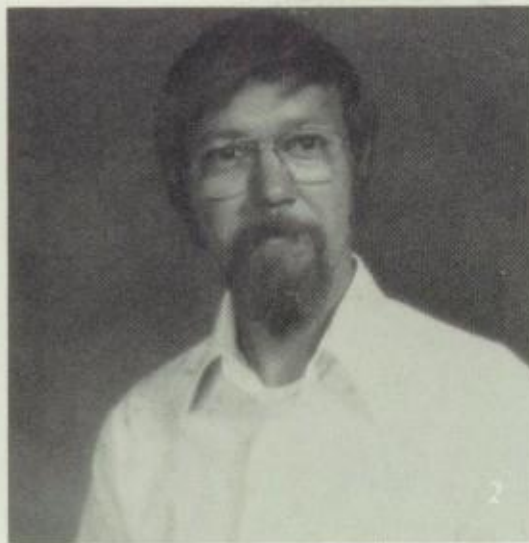

Language Department

Speaking Out To Communicate With Your Dreams

1-Mr. Quint teaches Spanish I and II in addition to two English classes during his school day. 2-Mr. Christianson, more commonly known as Mr. "C", teaches Spanish I and II while advising the Student Council in his Leadership class. 3-Dr. Steffan teaches the school's only Spanish IV class plus a couple of English classes on the side. Mrs. Myers (not pictured) is the Foreign Language department chairperson. She teaches every French class in the school not to mention a couple Spanish classes.

Arithmetic

1) Mr. Falkin is a Geometry, Algebra I, and an Algebra II teacher. 2) Mr. Golden is a Math Analysis, Algebra I, Algebra II, Calculus, & Pep Algebra teacher. 3) Mr. Goldberg is Agoura's own General Math teacher 4) Mr. Smith is our Geometry teacher 5) J.D. Smith is an Algebra I, Algebra II, Algebra & a cross country coach. 6) Mr. Rezinas is a Pre Algebra, Geometry, Algebra I, and Water Polo coach 7) Mr. Belcher, Algebra II, Math Analysis, Geometry, & Track and Freshman Football coach.

Business Dept.

Preparing For Practical Dreams

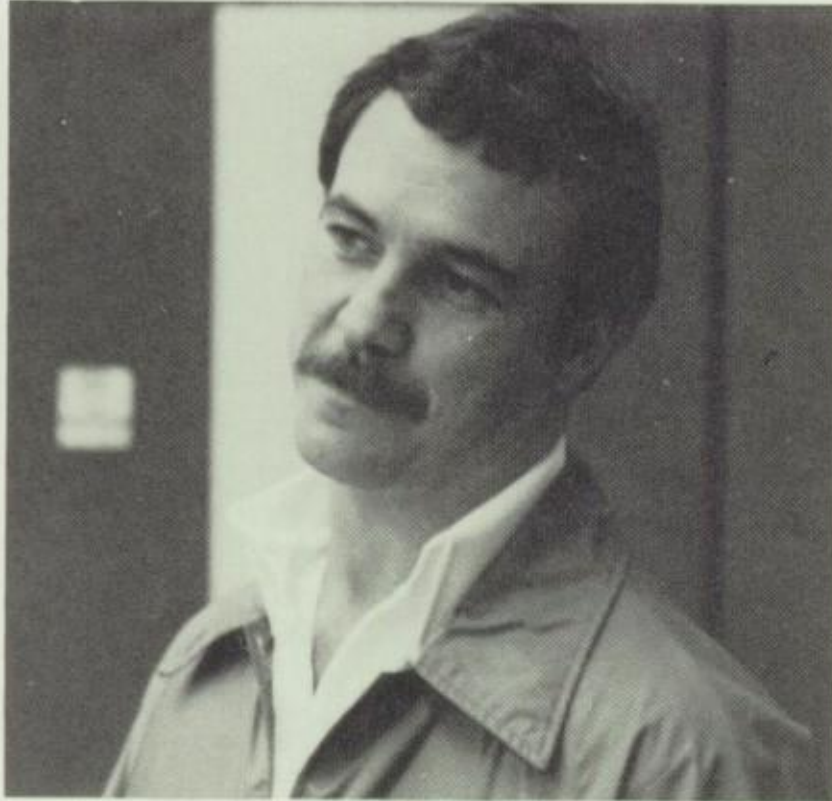

1-Mrs. Lundquist is new at Agoura High School this year. Some of you may remember her from Lindero Canyon Middle School days. She teaches beginning and personal Typing and Accounting in addition to producing the **El Escudero** school newspaper in her Introduction to Journalism class. 2-Ms. Wild is the chair person of the Business department. She teaches a couple of Typing classes, a class in Vocational Job Skills and a class in Shorthand on top of being the Spirit team advisor. Mrs. Fisher teaches classes in Vocational and Personal Typing, to round out the Business department

Industrial Arts

Building Strong Minds And Establishing New Foundations

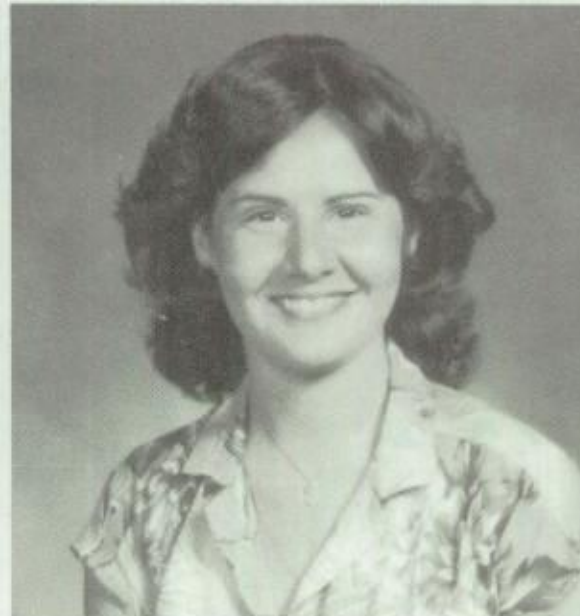

1-Mr. Anderson is Agoura's one and only Auto Shop teacher. He must be good at it. 2-Mr. Strawn teaches Wood Shop at our high school. He, too, teaches his one subject all day long, and he is improving. There are other industrial arts instructors whose pictures do not appear on this page. Mr. Hart is the electronics teacher and also helps the department. He also teaches wood shop one period a day. Mr. Williams teaches classes in Architectural drawing and mechanical drawing in addition to coaching the Varsity Baseball team. The ever popular Mr. Goodes teaches a class in metal shop, to round out Agoura's industrial arts offerings.

English Department

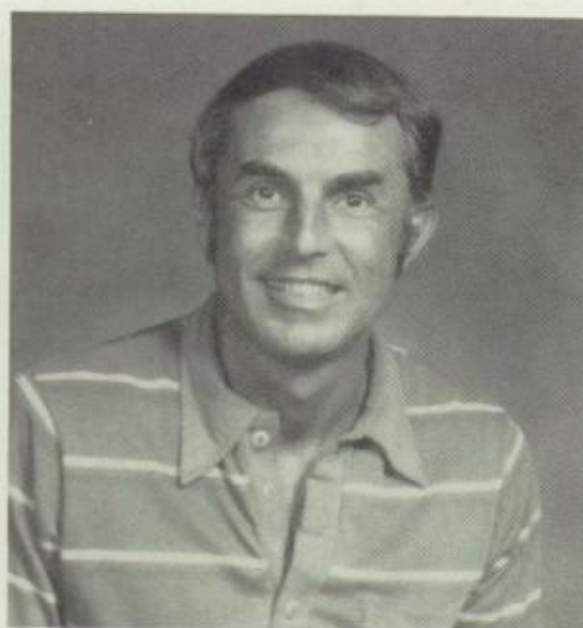

Helping People Spell Out
Their Dreams

1.Ms. Antonucci teaches English I (not to mention English I Honors), English III and Communication Skills in addition to being a really nice person. 2-Ms. Bishin teaches English II all day long with but one break in her World Literature class, but I'm sure she enjoys it. 3-Ms. Doi teaches 3 English III classes including English III Honors, Communication Skills, and English II. 4-Ms. Graham chairs the English department while teaching World Literature and English II Honors.

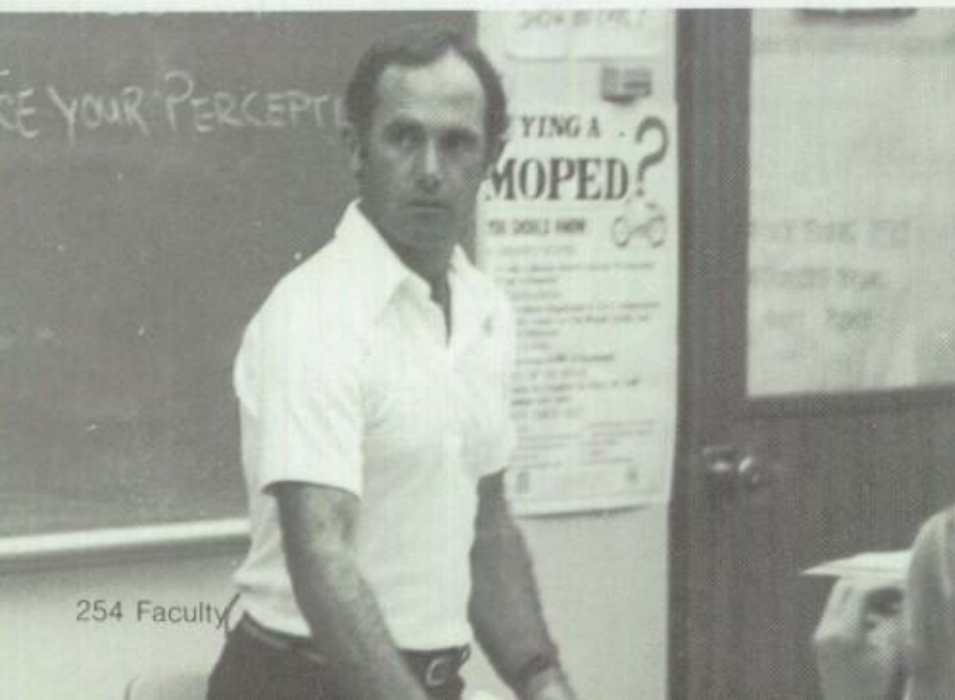

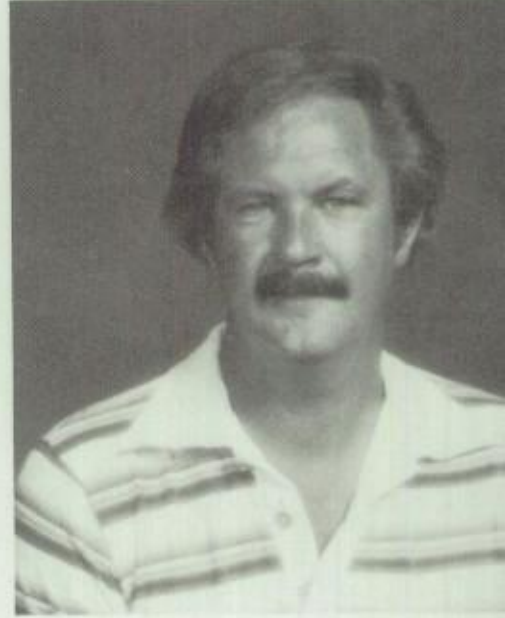

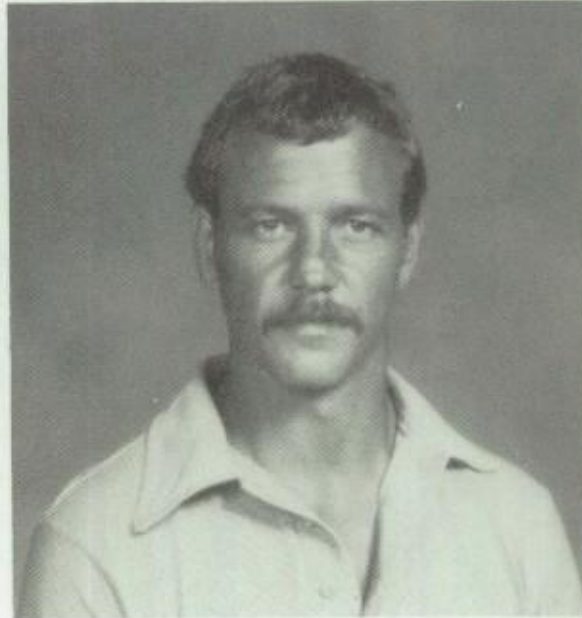

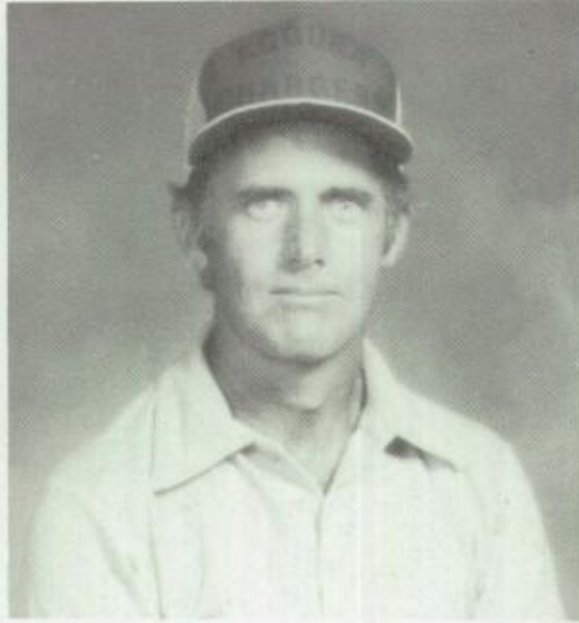

1-Mr. Litten teaches English III, Communication Skills, English IV Honors, and Classical Literature during his diversified English day. 2-Mr. Maitland teaches English I through III plus Communication Skills in his equally diversified day. 3-Ms. Packard only teaches English II and English 12 during her comparatively dull day (just kidding Ms. Packard). 4-Mrs. Petersons teaches English II and English I after her choir class. 5-Mrs. Stewart may win the prize for diversification in the English department. She teaches English II, British Literature, English Composition and Power Reading. There are other English teachers not pictured. Mrs. Fisher teaches 3 English I classes. Mr. Kilpatrick teaches 3 English 12 classes. Mr. Quint teaches a couple English II classes while Dr. Steffen teaches a couple English I classes and Mr. LaBelle teaches a class in English II to round out the schedule.

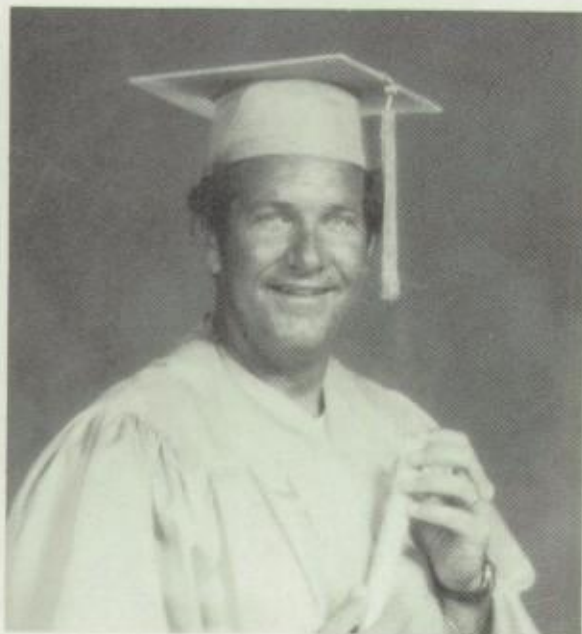

Physical Education

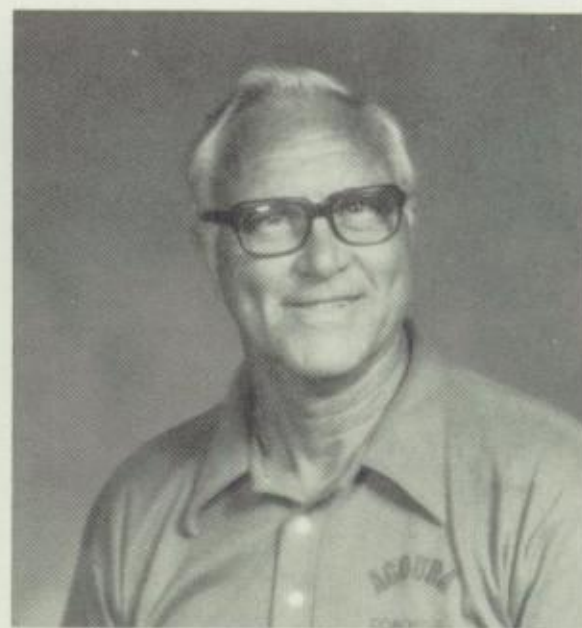

Building Minds And Bodies

1-Coach Crow teaches Health and a couple Driver Education classes in addition to his P.E. 9 class and his responsibilities as Junior Varsity Girls Basketball Coach and J.V. Baseball coach. 2-Coach Greminger teaches two general math classes, one class in P.E. 10-12 and one in Adaptive P.E. in addition to being the head coach of the Varsity Football team. 3-Coach Goodes teaches Consumer Math and Metal Shop plus P.E. 9-10-12 and coaches football and softball. 4-Which brings us to Mr. Harms. Mr. Harms is really a science teacher, but apparently somebody thought it would be cute to put him in the P.E. department. He does coach the girl's tennis team, but he should've been in the Science department, just the same.

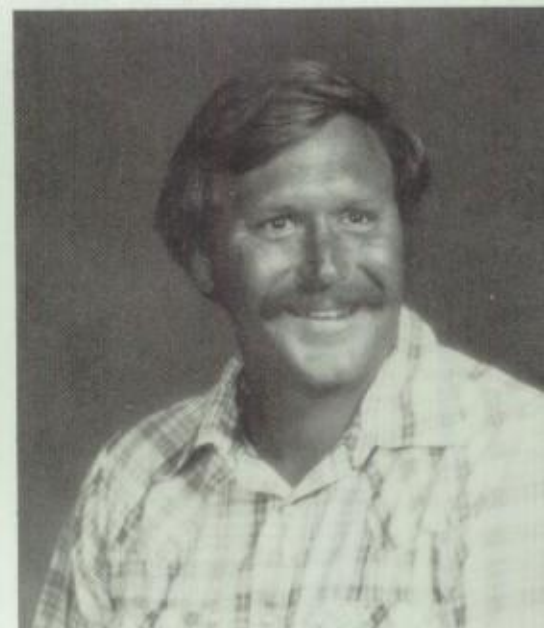

1-Ms. Karbo teaches dance and gymnastics at Agoura High School. She also has two Health classes in the afternoon. 2-Coach LaBelle teaches two Driver Education classes and two Physical Education 10-12 classes plus an English 11 class before his Varsity basketball team practices. 3-Coach Leonard teaches P.E. 10-12 twice a day and then some Consumer Math before coaching his soccer team. 4-Mr. Werkheiser teaches two P.E. 9-10 classes in the morning, but he also teaches Biology and Health on top of his duties as Athletic Director. 5-Mr. Williams teaches all of the Architectural and Mechanical Drawing offered here before teaching P.E. 10-12 and coaching the varsity baseball team.

Special Education

Special People With Special Dreams

Many people at Agoura High School may not be aware of the people in our Special Education Department, but they are a very important portion of our faculty. 1-Dr. Anderson is the Chairman of the Special Education Department. 2-Mrs. Craik is another vital member of the department, as are 3-Mr. Pesetski, 4-Ms. Murdoch and 5-Mr. Goldstein. You may not see or hear about these people around campus, but they are essential to our school. Each one dedicates his or her full day to their special purpose of Special Education.

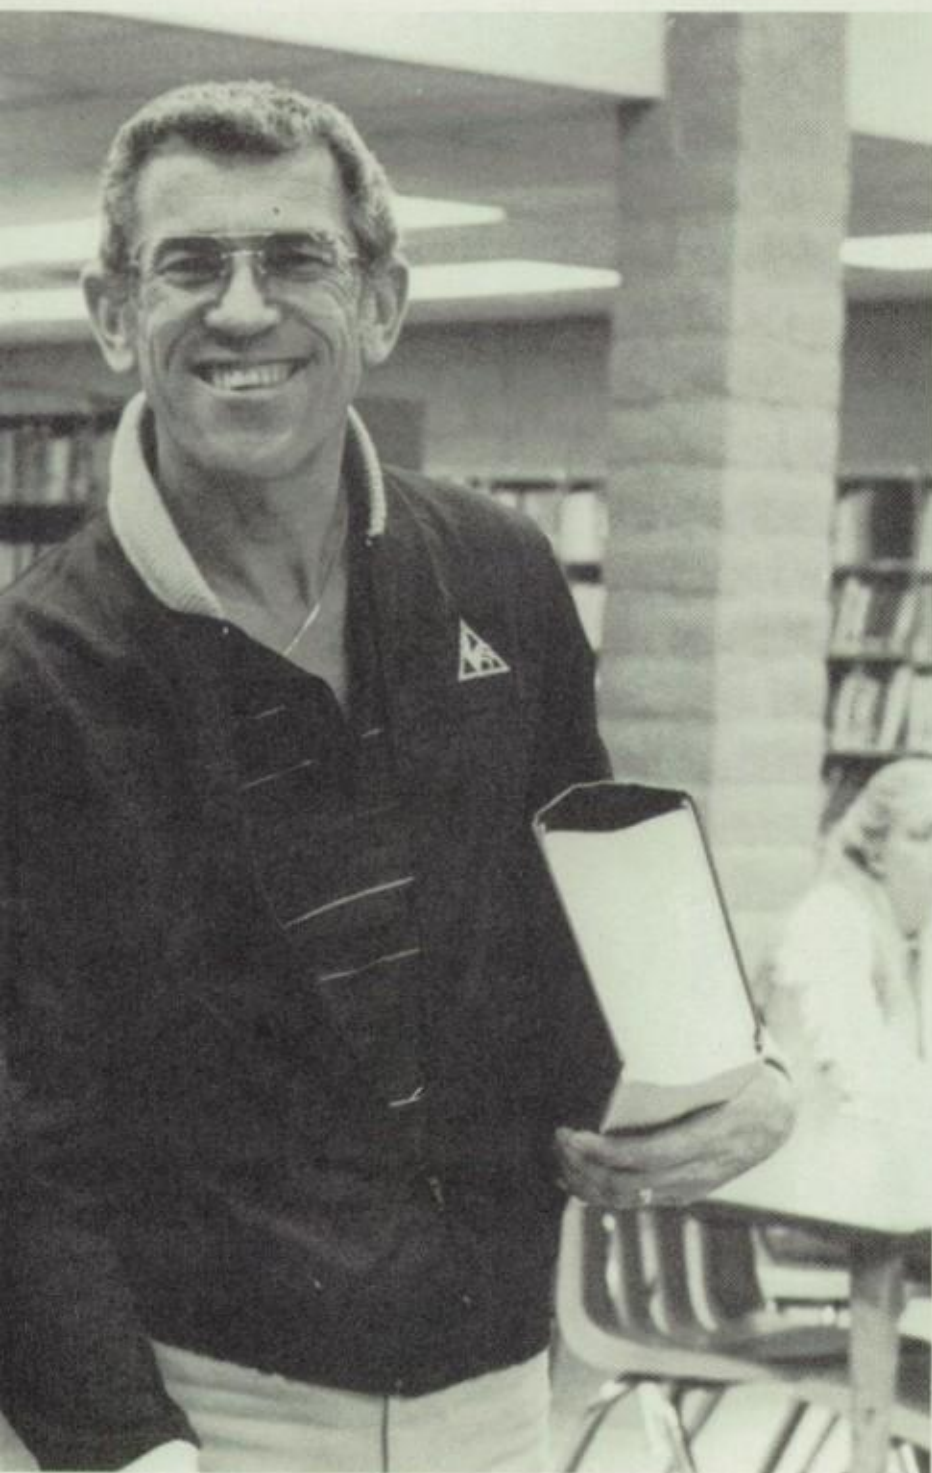

Home Economics

Designing New Ideas

Mrs. Wheeler is the sole member of the Home Economics Department at Agoura, but she does an excellent job by herself. She teaches classes in Individual Living, Cloth Tech and Food Tech in addition to being in charge of all costume construction for most all of Agoura's productions. She does an excellent job in all of her duties. Mr. Petersons is not in the Home Economics department, however we couldn't fit his picture in the Social Studies section, so we put him here. I'm sure Mr. Pete won't mind (I hope).

A Salute To Our Performing Arts Instructors

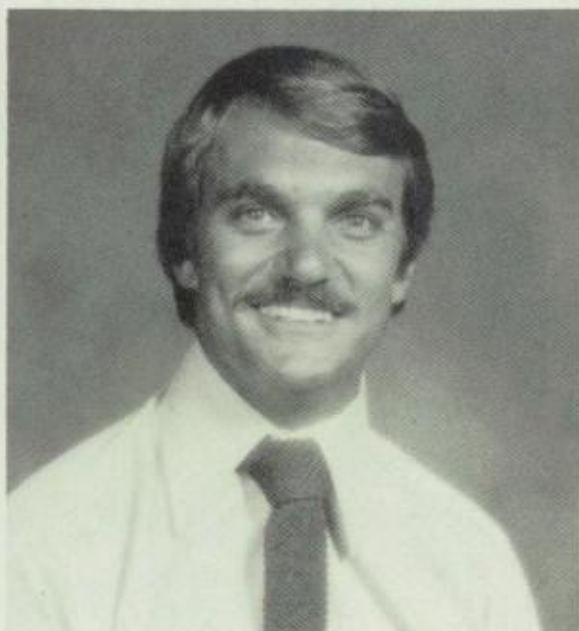

Tom Jackson . . . Marching Band, Symphonic Band, Symphonic Wind, and Banners

John Kilpatrick . . . Theatre

Performing Arts

People Acting Out Their Future

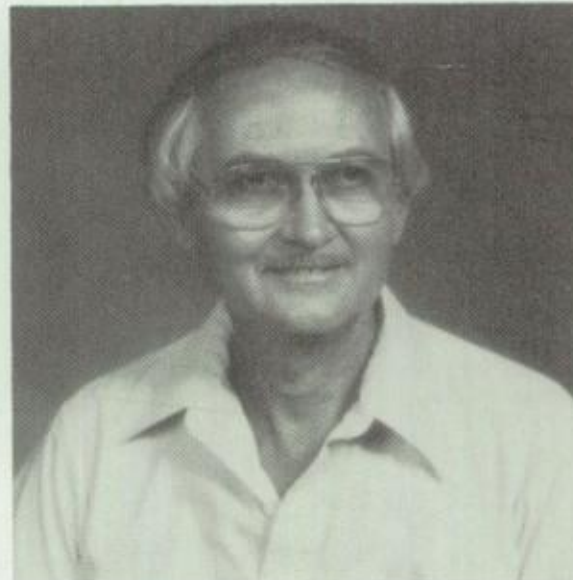

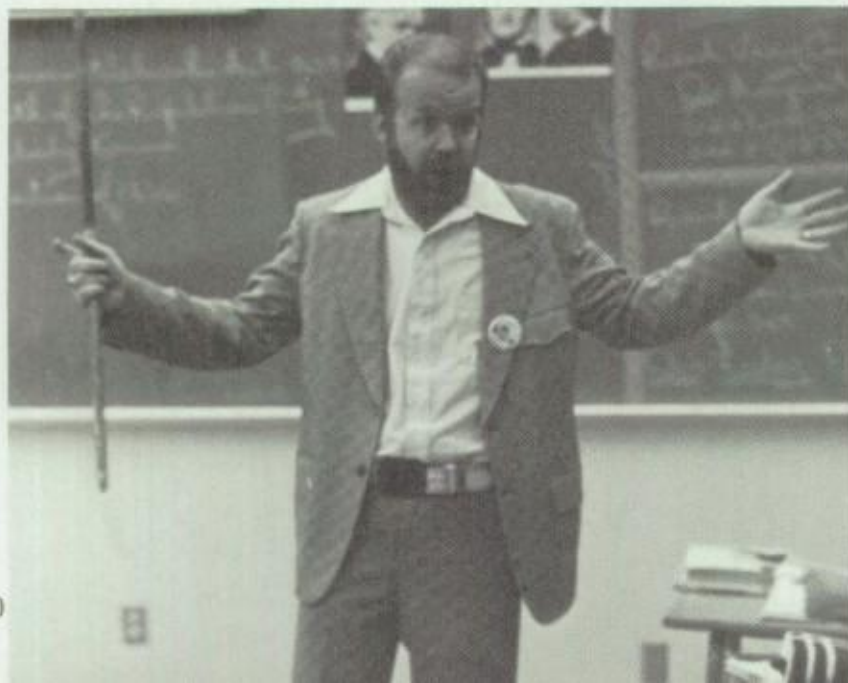

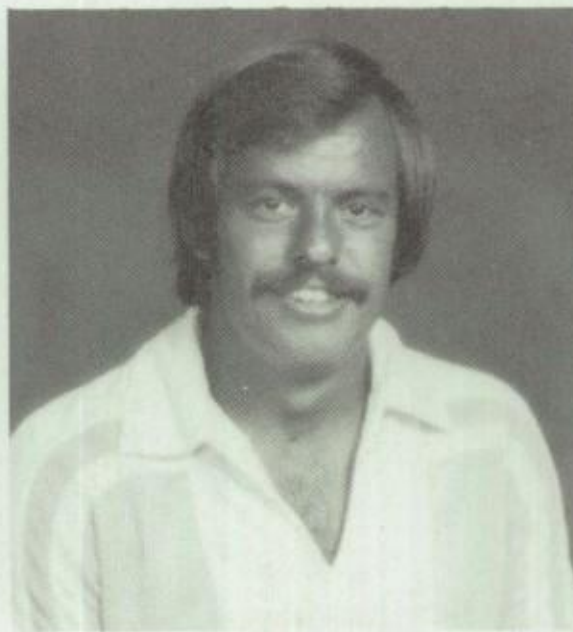

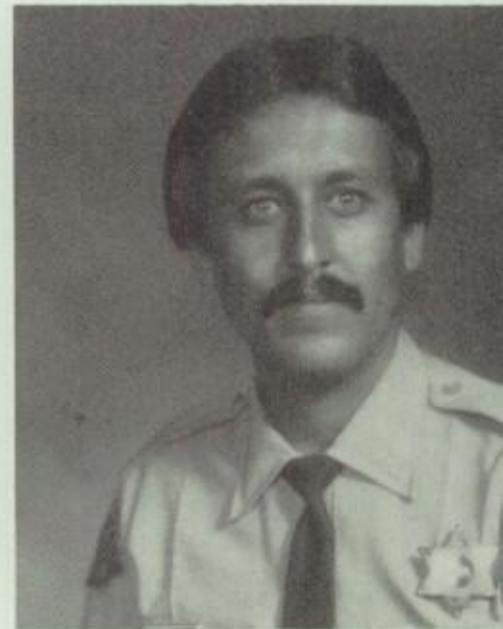

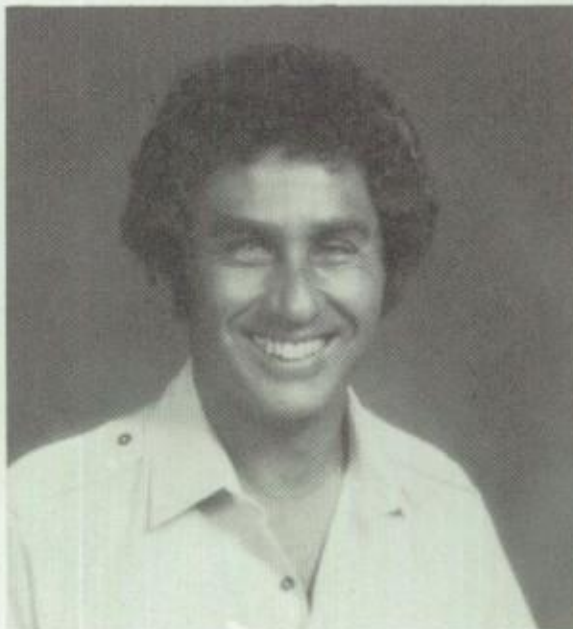

There is a newly formed Performing Arts department at Agoura High School and the man you see before is most responsible for its existence. Mr. Kilpatrick is Agoura's director and on top of his three English 12 classes and his Theatre and Technical Theatre classes, he is also the chairman of the Performing Arts department. Mr. Jackson teaches (or should I say conducts) all of the Band classes (Marching, Symphonic, Symphonic Wind in addition to being the banner consultant and teaching World Studies I. Mrs. Petersons is new at Agoura this year, and she controls the vocal portion of the Performing Arts department in her Choir class. Ms. Karbo Teaches Dance for the Performing Arts department.

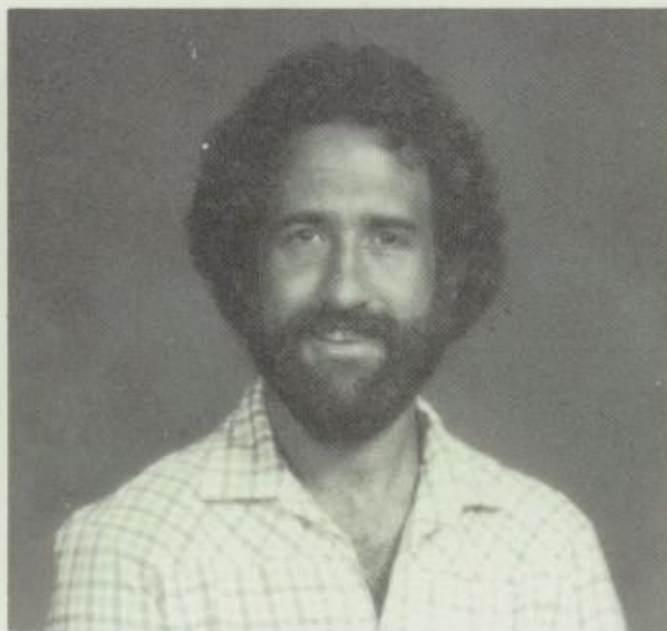

Social Studies

Discovering The Past To Understand The Future

1-Mr. Bushner gets to teach all of the fun classes at Agoura like Anthropology and Film Appreciation and Psychology, but he's got an extra World Studies III class thrown in just to keep him honest. 2-Deputy Irwin contributes his mornings to Agoura by teaching 2 periods of Student and the Law. 3-Mrs. Grossman gets some fun classes too, like History of the American West and Sociology and Psychology plus U.S. History. 4-Mr. Rebd co-chairs the department while teaching World Studies I and II and Government. 5-Mr. Rizzardi teaches 2 periods of World Studies II and 3 of U.S. History, including the U.S. History Honors class. 6-Mr. Tapie co-chairs with Mr. Rebd and teaches U.S. History and Driver Education. 7-Mrs. Watt is a Guidance Counselor, so naturally she teaches Guidance Classes, 5 periods a day. Mr. Miller and Mr. Petersons forgot to get their pictures taken (or we misplaced them), but we could never forget them. Mr. Miller teaches World Studies I and U.S. History while Mr. Pete spends his day with World Studies II and Government.

- 1) Mr. Lasnik is a Biology and Physiology teacher.
- 2) Mr. Ramirez is an organic horticulture and biology teacher.
- 3) Mr. Patterson is a Chemistry, Physics, and Health teacher.
- 4) Mr. J.P. Smith is an Oceanography, and Biology teacher.

Hi . . . Yearbook . . . Well, it's time for me to forget what that word means and all of the responsibilities that it entails. I think that a few thank yous are definitely appropriate at this point. First off, Jimmy Paffrath, our representative from the Josten's/American big plant in the sky. His wheeling and dealing helped us get through the year in one piece. At our end, Mr. Les Van Dyke, who kept us within budget and made this yearbook possible. Thanks to the folks, (and especially Kim Robinson), up at Visalia for producing our year end edition. A special thank you to Dan Hayes of O'Conner Bros. who printed some fine quality prints for us. A very special thanks to Kelly Amish who spent many, many, many, hours in the darkroom. An another thanks to all of the faculty who suffered through the tedious questions, reshot team pictures, and those who let kids get out of class to work on our annual. A big thanks to Jeff Ellis the most dedicated yearbooker I have ever met, and the best right-hand-man an editor could have. GOOD LUCK IN the future Jeff-A tip of the hat, to Mark Bohn who finally got his act together and took on some responsibility to get the book completed. Thanks to Joe for a good basketball game. Last and definitely least, Steven Perrin, the Jock of all trades, Copy Editor and good friend who made yearbook worthwhile. And of course the man who had most to do with the book, Ken Neely. Buddy, if it wasn't for you . . . well . . . memories wouldn't be remembered as they are in these few pages.

Have a Fun Life Folks —

Lance Burkhart
-Yearbook Editor-

Ray,

This year has gone by really fast. Do you remember when we first met each other? When we were going into 40 eighth grade. Well now we're going into tenth and I can't even believe it! Even though we have had our differences, I still think you're a really great guy. I hope that in the coming years that we will remain good friends. I hope that your summer will be great. By the way, how's Cindy? Anyway, maybe I will see you at the pool, beach, or somewhere else.

Friends Always

AC/DC
 CRANKS - sucks

Dear Ray,

Well, for a freshman you're not bad. Only kidding. You're a person you're great - I don't care if you're a freshman or not. Hell, we had a blast this year didn't we? I don't care if I got grounded for 2 months. Rocky Horror was great. Total trip. Esp. since I was watching it through blurred vision. Ha-ha. Well about those times you came over - we got SMASHED out of our minds - that was also great. You've introduced me to about half the population of Lake Tindero. Thanks (I guess - Tom is kind of an asshole).

Next year we have to get together & do more wild & crazy things - more band trips, more movies, more pot parties, (ha-ha) ^{more walk home,} more of everything. Let's keep makin' those memories, alright? This year is gonna be one of the best!

Love + kisses to a great guy,

Robin

PS. Well, you want more - here's more. It was fun being in the carpool & being picked up an hour before we had to be there that one day when I was still asleep.

It was also fun watching that walk home, whatever, all over w/ you under

t. I have never laughed so much in my
life. Oh-I'm sorry, I hope you didn't get
hurt, but it was ~~sooo~~ funny. What
about that night you forgot your keys;
I felt so sorry for you. And "How much
of her personal life has she told you".
Anyway, you are a very special person -
someone who I can really confide in;
someone who will listen to my troubles &
not say they're stupid. Not everyone can
listen, you know. That's what makes our
friendship so great. I hope we will re-
main as close as we are now. Good-
luck throughout H.S. & always. Friend!

Love Again,

Robin

Ray,
English was pretty boring,
but you wrote some pretty
good stories. I hope I have
more classes with you
next year. Keep practicing the
stunts. Never stop. Have a great
summer and I might see you
some where over the summer.
See ya later

Ryan Petersen
